Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

## Stock Hauling!

We are prepared with two Trucks to care for all your wants. We will continue the Dray Service in Nehawka also. Prompt attention to all calls—Phone your wants.

CHRISWEISSER-SHUMAKER

Transfer Co. Nehawka

Charles Chappell is feeling rather poorly at this time, and has been kept to his home on account of his poor condition.

Mr. and Mrs. W. O. Troop were visiting and looking after some business matters at Plattsmouth for the day on last Saturday.

Phillip Sauter, of Plattsmouth, was a visitor in Nehawka for a short time on last Tuesday and was visiting with his many friends.

Chester Stone was a visitor in Plattsmouth on last Saturday, where he was looking after some business matters as well as visiting with his friends.

Miss Bossie Waller, who is the efficient saleswoman at the Sheldon department store, was a visitor for the past week end with her parents at Auburn.

Mrs. V. P. Sheldon and son, Vilas, are spending some time in Omaha, where Vilas is having an operation in one of his ears treated, and which has been giving this young man some trouble of late.

John Opp, who some time since injured his back and was laid up for some time and finally was able to return to his work, is still troubled with the back and is not able to do any work at this time.

David C. West of the Nehawka bank, was a visitor in Omaha for the day on last Tuesday when he was called to look after some business matters. He made the trip in his auto, finding the driving not the best but was able to get through.

Albert Anderson and family, and J. H. Steffens and family were over last Sunday to Lorton where they all were guests at the home of Mr. and Mrs. C. Steffens of that place. Parents of J. H. Steffens and Mrs. Anderson and where they all enjoyed the visit very much.

Louis Ingkerson and wife, of Hooper, Colorado, arrived in Nehawka last week, called here by the death of Mrs. Mary Hoback, who died at her late home in Weeping Water, at which place they attended the funeral on last Sunday. They also visited with friends here.

Herman Smith has been assisting in the blacksmith shop of T. E. Fulton, as Mr. Fulton has been feeling quite poorly for some time past and was kept at home with a severe attack of the flu he is however, some improved and is hoping soon to be able to be out again.

Sam Walsh, who has been working for some time with Frank Cox, was a visitor at Lincoln for the past few days of this week, where he was having some dental work done, and he selected a very good time, as things were so that but little could be done on the farm. He was picking corn for Mr. Cox, of which he has quite a bit more to do.

In the accident, which happened to Miss Lena Bowen, in which she was so severely burned last week, she is suffering very much, but doing as well as the severity of the injuries could allow. She is, however, so badly injured that her place on the Junior class play, which occurs this week, had to be taken by Miss Van Horn, who will carry it through.

R. D. Taylor and Wm. August were over to the "Forty" on last Tuesday morning, looking after some fence and when they arrived, they found ice covering the ground and piled around like the ruins of Pompeii, and after surveying the pile, concluded that it would not melt until the first of June. Lots of things can happen before that time, Bob.

Mrs. Adaline Taylor who has been very sick for the past winter at the home of her sister, Mrs. Z. W. Shrader, had during the recent weeks been showing much improvement and has been able to be up and around, notwithstanding it was thought that she would not be able to do so. The many friends of Mrs. Taylor are rejoicing over the fact of the material improvement of the patient and are wishing she may be able to be out again soon.

### Departs for the West.

Last Sunday Harold Kimlon and the family departed for their new home in the west they going to Way-side, Nebraska, which is in the extreme northwest corner of Nebraska. They purchased a new Chevrolet coach from the Dowler Brothers Sales agency of Weeping Water and are driving through in the new wagon. They sure made a good selection when they took this car for it will serve them well. They had written back the second day out, saying they were getting along nicely notwithstanding the not to good roads which they had to travel.

### Enjoyed Meeting With League.

On last Tuesday evening, Senator A. F. Sturm and Mrs. Sturm were in Lincoln where they were in attendance at the meeting of the Legislative League, which is composed of the present legislature that is representatives and senators of the state and those who have served in the past and which is a big affair such as an alumna of the big schools, only on a broader scale, and is held once a year at the Cornhusker Hotel at Lincoln, where all the lawmakers and their wives get together for a preview of the times and the laws as well as the reviewing of their acquaintances, and for the having of a good time and it is useless to say, they have it.

### Now at the Hospital.

A. F. Hanson, who has not been in the best of health for some time past and a sufferer from poor health for a number of months has been taken to the Clarkson hospital at Omaha where he will be given a treatment for his health and if found necessary will also undergo an operation.

### Will Give Class Play.

The Junior class of the Nehawka high school will give their play "College Cut Up" on this Friday evening, March 15th, at the Auditorium, for which most of the seats have already been sold. The class made an excellent selection when they chose the "College Cut Up" as it is filled with sparkling mirth and carries a most amusing set of characters you will be greatly pleased with this play.

### SAFE INVESTMENTS

It is often as hard to keep money safely as it is to get it in the first place. The best rule for an investor is to consult those responsible people who make a business of studying the matter. Go to your bank or to some long established reputable investment house and follow their advice. Don't listen to interested friends. Beware of people that have a sure thing.

The old rule is a good one, and that is that the larger the returns the more irksy the investment. Don't imperil the safety of your capital just for the sake of one or two per cent interest.

In the words of a recent magazine, "Americans who pride themselves on being the most thoroughly money-wise people on earth, are annually putting a round billion dollars into dubious financial schemes, practically all of which is lost eventually." You wouldn't go to your minister for medicine if you were sick. You wouldn't go to your doctor to talk about your soul. And when you want to talk about your money go to an expert.—From the Barnsdall, Oklahoma, Times.

### FOR RENT OR SALE

Small improved acreage for rent, sale or exchange above overflow. GENE DALBEY, Hamburg, Iowa.

## State Cage Crown Goes to St. Paul

Rally in Overtime Stanza Enables Last Year's Champs to Retain State Honors

From Monday's Daily—  
The box score:  
St. Paul (25)

	FG	FT	PF	TP
K. Davis, f	2	2	2	6
Martin, f	4	1	2	9
Lynch, c	5	0	1	10
Swallow, g	0	0	0	0
E. Davis, g	0	0	0	0
Totals	11	3	5	25

Hastings (22)

	FG	FT	PF	TP
Krocklow, f	3	2	3	8
Shea, f	3	0	1	6
Krebsbach, c	1	1	0	3
Hoepfner, g	0	0	3	0
Hoerner, g	2	1	1	5
Ad Bivens, f	0	0	0	0
Totals	9	4	8	22

Lincoln, March 9.—St. Paul high school retained the Class A Nebraska state basketball championship by nosing out the Hastings High Tigers,

25 to 22, in an extra 3-minute period here Saturday night, after the score had been tied 19-all at the end of the regular playing period.

It was by a mighty rally with one minute to play that the undefeated St. Paul crew came from behind to tie up the count. Hastings was leading, 19 to 15, when the champs opened the "throttle" wide. Two baskets by Lynch, center, and Swallow, evened the score just before the final gun.

The under-goal tip-in by Lynch started St. Paul off on the road to victory in the extra period of play. Krocklow, Tiger forward, dropped in a gift toss to make the score 21 to 20. He missed another free shot.

Martin, St. Paul forward, then brought the howling fans to their feet by dribbling three-fourths the length of the floor to give the winners a 3-point lead on a set-up goal. Not to be outdone, Tiger forward, duplicated the performance of his rival.

With only seconds to go, Martin became the idol of the St. Paul fans when he arched in a long shot from the center of the floor to clinch the victory for the Apostles.

The first half was all St. Paul. The Tigers went ahead for the first time in the third quarter which ended, 12 to 11, in their favor. From then on the lead see-sawed back and forth until the last four minutes of the regular time.

By copping the Class A crown for the second time, St. Paul closed a

season of all victories. The champs came from behind in three out of their four tournament games to win in the last four minutes of play.—Omaha Bee-News.

### GETS \$5,000 VERDICT

A verdict for \$5,000 was awarded by a jury in Judge Charles Foster's court in district court at Omaha last week as damages for personal injuries sustained by James J. Blaha, 4315 South 19th street, former railroad employee. He had sued for \$50,000 for a skull fracture incurred while working for the C. N. W. railroad company at the South Omaha round house. The accident occurred on March 14, 1927.

Following the accident Mr. Blaha was confined to his home for four weeks without showing any improvement, when an X-ray was taken which disclosed the fact that his skull had been fractured. He was taken to a local hospital and remained there for two months following an operation.

It is not known whether or not the company will appeal from the decision.

Mr. Blaha was a resident of Plattsmouth for a number of years and while here was an employe of the Burlington in the local shops and left here in 1923 to make his home in Omaha and entered railroad work there for the Northwestern railroad and in which work he received the

## Beautify Your Lawn This Year

A Note from the Civic Committee of Plattsmouth Woman's Club—Petunia Official Flower

A walk to the highest point of the "Seven Hills of Plattsmouth" on the 15th of February. Your effort would have been well compensated thru the viewing of one of the most beautiful scenes nature has to offer. Every bush and hemlock, every vestage of landscape stretching forth as far as the eye could see was covered with a heavy coat of ermine too rich for an Earl. At one time there was not a cloud in the sky. The scene resembled an inverted blue bowl, and as the eye was beginning to tire of the sameness, out of the eastern rim of the bowl came rays of a golden glow, which rapidly grew larger and brighter until in the center a round golden ball appeared—the rising of the sun. With such a background, this scene only occurs once or twice a season.

The muffled sound of a bell is heard, as though it, too, had to shake off a coat of ermine before it could peel forth with ringing sound, and then the honk of an auto jars upon the sensibilities of one's ears—and you realize that another day's traffic has begun.

If the man from Mars had appeared upon this scene, he would have doubtless said, "Those earth beings can't stand too much beauty. See them there stirring and shoveling—making paths hither and yon; see the tall chimneys and long trains belching smoke and scattering black cinders over all."

Then the sun, because it is the greatest friend of earth, told the man from Mars he simply did not understand the great march of life these earth beings are working out, and as evidence of its loyalty the sun shone brightly all day and melted the coat of ermine, sending it down thru the ground. This will continue for many days, until the landscape is gray and brown—bleak from winter's ravages—getting ready for the transformation.

What will we do to help the "Seven Hills of Plattsmouth" regain beauty a tenth part as wonderful as the picture we helped to destroy?

Last fall millions of seeds fell from the countless thousands of flowers—some falling where we want them to be, and others falling or being blown into out of the way places. They must be replanted, nurtured, protected if they are not to be crowded out by more hardy forms of plant life. They will first raise two tiny green arms as though imploring for help. They will hold their own with the weeds until they are about three inches high. Let us search out the places the hard winter has made brown, then transform them into colorful spots of beauty with these plants.

The Woman's club voted to make the Petunia the official flower of the city. Let us study this beautiful flower; we know it is of many colors from almost black to variegated and even white; that it blooms early and until heavy frost. Let every yard and garden give room to the city's flower.

This does not mean to exclude the other beautiful flowers from your lawn beautification. There was, in fact, but a small margin of votes for this over other flowers, so study your yard and know the height of your plants so as to place them where their beauty will be seen to greatest advantage.

"To save a plant is akin to giving a human being a chance in life."
