OBITUARY

Susan J. Rounsavell, daughter of Wm. H. and Julian Howard, was born November 21, 1859, and passed to her reward on the morning of March 2nd, 1929.

Influenza and complications were the immediate cause of her death which occurred in Park Avenue hospital, Denver, Colorado.

Mrs. Rounsavell was married to Harvey M. Rounsavell December 11, 1881. He preceded her in death on October 16, 1906.

The deceased lady completed her education at Peru Normal and taught school for some time. She was a member of the Methodist church and until ill health prevented was active in Sunday school and church work. She was a fine woman of rare ability, whom to know was to love.

She leaves to mourn her passing, one sister, Mrs. Elizabeth Davis, of Los Angeles, Calif., a brother, Arthur Howard, Ravenna, Nebr.; two half brothers, Martin and Albert Howard and a half sister, Mrs. Bertha Valentine, all of York county, Nebraska; nieces, nephews and a host of friends.

DOING GOOD BUSINESS

From Monday's Daily—
Yesterday Paul Robeson, of Tabor, Iowa, was in the city for a short time, motoring over to enjoy the fine spring weather and to visit with the old friends. Mr. Robeson, since quitting his work at the shops here, has been engaged in conducting a lunch room at Tabor and has been very successful in this enterprise and built up a very fine trade and which with the summer should grow to even larger scope with the increasing auto travel.

Tabor is located on one of the Iowa paving projects and already has a paved highway running south to Sidney, county seat of Fremont county and on to the Missouri state line below Hanburg, but there remains nine miles of highway to the north to be surfaced to connect this road with the Harding highway east of Glenwood, and which will give the residents of the college town an outlet to the east and west, over the same road that will lead to the new highway bridge over the Missouri at this place.

BROOMS BRING DEMAND

The Plattsmouth made brooms which James Rebal manufactures in this city, seems to be meeting a brisk demand not only here but in other places. Recently Mr. Rebal shipped a consignment of brooms to one of the Omaha retail stores and so well pleased was the purchaser that another order has been received for fifty dozen of the Plattsmouth brooms to assist in keeping the Omaha households cleaned up. This is a pleasing showing for the Plattsmouth goods and shows that the Rebal brooms are effective in helping clean up Omaha.

This city has a number of small industries that all help to bring in revenue and whose support by home people will help build them up and these include broom factory, cigar factory, bakeries, flouring mills, the Valley fire adjuster plant as well as the rag rug weaving works and all of these given good support can be developed into larger possibilities.

PLEASING MUSICAL TREAT

The Juvenile band of this city which has for the past year been under the direction of W. R. Holly and L. D. Hiatt, have worked diligently for the winter season and are preparing to give the parents and friends an opportunity of enjoying a very fine recital.

The recital will be held on Friday evening at 8 o'clock and for the event the parents of the members of the band, members of the Ad. club, organization of the band, and the American Legion Auxiliary will be invited guests and be given the opportunity of enjoying the band selections and the other features of the program that Mr. Holly has arranged.

The band has built up a number of wind and reed soloists, quartets and sextets and which will be featured as a part of the concert.

BEAUTIFY THE LAWN

To further increase the efficiency of the Civic committee of the Chamber of Commerce, a sub-committee is being organized to function this year exclusively in the interest of more beautiful lawns and home surroundings, including street appearances, etc. This sub-committee is headed by Demmie Hiatt and in its personnel will be representatives from each of the five wards. These representatives will be expected to check up on the condition of the yards in their respective wards, voicing complaint of those in neglected condition and issuing meritorious citations to the home-owners whose premises show painstaking care. These citations when approved by the general chairman will entitle the owner to have their name appear in the "Honor" department, which the Journal will publish when the season is duly advanced.

SUFFERS FROM FIRE

From Monday's Daily—
This noon the members of the fire department were called to the residence of J. H. Graves on Pearl street, a small fire being discovered by passersby on the roof of the house. The blaze had just started and was extinguished by the firemen with the use of chemicals without a great deal of damage to the building and none to the contents, burning a hole about two feet square in the roof. The home is one of the largest and most attractive in that section of the city and was built by Dr. E. D. Cummins, now located at Lincoln.

HALL IS DENIED TO HEFLIN

Bangor, Me.—A second Maine city has denied the use of its city hall for an address by United States Senator J. Thomas Hefflin. Application of Bangor klansmen for the use of the building for a proposed lecture by the Alabama was refused Tuesday by City Treasurer Donovan in accordance with a ten year policy prohibiting the use of city property for a purpose likely to arouse sectarian or race feeling. The Portland city council denied a similar request on the grounds that Senator Hefflin's appearance provoked disturbances.

EXPECT PAPAL RITES REVIVAL

Rome, March 18.—With Easter only two weeks away, and with the lateran treaty between the Holy See and Italy signed well over a month ago, speculation was rife in all Roman circles as to whether the Pope would revive any of the old-time customs observed by his predecessors prior to the fall of the temporal power in 1870.

Most picturesque among these was the washing of the beggar's feet—symbolical of the act performed by Christ for his 12 apostles at the last supper.

This custom is observed to this day by "His Most Catholic Majesty," Alfonso XIII of Spain.

Next Tuesday, March 19, is St. Joseph day, and for the first time in many years it will be celebrated as an Italian national holiday as well. The coming week will be marked by a number of important religious manifestations, notably on Friday, when the feast of "Our Lady of the Seven Sorrows" will be observed in all Roman churches dedicated to the Blessed Virgin.
