Murray, and had as their guests for the occasion, T. J. Jamison, of Lincoln, who is father of Mrs. J. E. Brendel; Mr. and Mrs. T. J. Brendel and Dr. and Mrs. J. F. Brendel and their son, Richard. A most enjoyable time was had.

Peculiar Holes Develop
Very peculiar holes in an apparently good road suddenly develop when used by heavily laden trucks. For a period last week there was one near the home of Paul Swan, which was, however, after a time gotten so bad that it could be traveled on Sunday a place developed between George S. Ray's and S. Y. Smith's places, which suddenly got very bad and at one time there were two hundred cars waiting for passage, many of them having to be pulled through by the late tractor on Union. On Monday it had gotten so bad that a detour was made via the Lewis and Clark church and a number of miles south to again come on the road, thereby avoiding the bad place.

Boys Visit Mother
George Jenkins, of Lyons; John Jenkins, of Sioux City and Walter Jenkins, who has just returned from South America, and who recently suffered a broken leg, made the day happy for his mother, Mrs. Jennie Jenkins, by their company at her home on last Sunday.

Attended Past Masters' Meet
A number of Masons from Murray and vicinity went to Plattsmouth on last Friday evening, where they enjoyed a gathering which is known as Past Masters' night, and which was attended by some one hundred and fifty Masons from over Cass county and from Omaha. Among those from Murray and vicinity who were there were Anderson Lloyd, George E. Nickles, J. A. Seetter, A. D. Crunk and Ivan Deles Dember. The first degree, which is known as Entered Apprentice, was put on by the past masters of the Plattsmouth lodge, and a most delightful time was had. A sumptuous banquet was served, to which all did full justice and which was a feast that touched the spot. The present officers of the lodge served as waiters.

Doing Very Nicely
On last Tuesday, Mrs. Gussie Brubacher was taken to the hospital in Omaha, and on Friday underwent an operation for the removal of a mastoid which has been troubling this excellent woman for some time past. The operation, which was a very delicate one, required the utmost skill of the expert surgeon, but since the conclusion of the ordeal, Mrs. Brubacher has been getting along nicely. Mr. Brubacher was over to Omaha and the hospital to see the wife on last Sunday and found her progressing very nicely. However, it is expected to be some time before she will be able to return home.

Were Visiting in Lincoln
Charles Hula and E. P. Lutz, who were on their way to Lincoln from Plattsmouth last Monday, were compelled to stop in Murray on account of their car getting out of running order, but like the hustlers they are, they got busy and secured another car in Murray and leaving theirs to be repaired, hastened on to Lincoln, where Mr. Hula was to meet with the different insurance agents of the district for the Metropolitan Insurance company, and Mr. Lutz was going to see about what legislation was

liable to be enacted regarding the regulation of Building and Loan associations. On the way home that night they ran out of gas west of town and had to telephone an SOS call to Bakke to come to their relief.

Builds Fine Machine
Vaclav Mickelusky, the blacksmith, with the assistance of his son, who is also working with him in the shop, have just completed a very fine stalk cutter, covering three rows, for Harry G. Todd, and one which will stand the test of usage which a machine of this kind must undergo. The machine is either for a tractor, or can be used with horse power, making it a very valuable implement for farming and especially when the farming is done on a large scale.

DEBATORS MEET LINCOLN
From Tuesday's Daily—Plattsmouth debaters engaged in their thirteenth argument of the season against Lincoln high school on the local platform last night. Due to the fact that arrangements for the debate were not made until late Monday afternoon there was no opportunity to advertise. However a small audience of students heard the Platt team, Dorothy Brink, Robert Livingston and Capt. Clelland Kretschmair, match arguments in a closely argued contest with a trio of boys representing the capital city. Plattsmouth advanced the English government as being preferable to the American. While there was no decision, Coach Hansen of Lincoln was enthusiastic in his compliments and said that the local high school had one of the best teams he had heard this year. Plattsmouth hopes to close the season with a victory over Valley, Nebraska, tomorrow night at Valley.

Basketball Team of P. H. S. is Entertained

Fine Dinner Parry Held at the Hartford Home for Members of the Local Squad

From Wednesday's Daily—Coach Rothert and his letter men in basketball enjoyed a real treat last night when they were entertained at a most delicious dinner served by Mrs. C. E. Hartford and Mrs. Ted Wiles at the home of Mrs. Hartford. Since Joe is the retiring Captain and Robert a letter winner this year, Mrs. Hartford was especially interested in the team. Likewise was Mrs. Wiles, who son, Chet, played regular guard most of the season. To add to the pleasure of the occasion, Mr. Wentworth of the local Cream of the West Bakery, presented to the lettermen a huge cake, appropriately decorated and it was heartily received by the boys. Aside from the lettermen, other guests were Herbert Patterson and Fred Wehrlein who have served so ably as cheer leaders, and Principal Simon and Vice-Principal Patterson.

Every guest present was grateful to Mrs. Hartford and Mrs. Wiles for the splendid dinner and hospitality and will consider it a most memorable event in the hard season which has just closed.

The lettermen this year are: Capt. Hartford, Hadraba, Fitch, McClanahan, Robt. Hartford, Wiles Galloway, McCrary and Turner. Of these, the first four will be lost by graduation.

Captains have not been selected in either basketball or football. It is generally believed that the system of appointing pilots for each game is superior to the traditional method of electing Captains.

FIGHTING THE FIRE MENACE
The stock fire insurance companies of the United States, through the National Board of Fire Underwriters, are conducting a practical, educational program to teach the public fire prevention.

As a result of consistent effort fire hazards have been reduced, better buildings have been erected and the public has been saved \$349,956,314 through lower insurance rates than would otherwise have been necessary. Lower insurance rates inevitably follow a better fire loss record; lower insurance rates inevitably follow a fire prevention program properly conducted; lower insurance rates inevitably follow consistent public service work of stock fire insurance companies.

No business has had a fine spirit of public service than fire insurance, which has given a consistently high standard of public service at a constantly decreasing price.

Switzer, late of this place, crossed the Missouri river in a steam ferry at Plattsmouth and a short time later sailed for the grain harvest where they made their home and for the past half hundred years Mr. Marshall has continued to reside in Cass county. They both served as county commissioners.

Mr. Switzer having died a number of years ago, Mr. Marshall tried other lines only to return to the grain harvest in the mercantile business. He also built an elevator at South Bend and was interested in the grain business. During the years since he came to Cass county he had elevators at South Bend, Wabash, Weeping Water, Aven and Walton. Later he came to Weeping Water to enter the mercantile business and continued until Feb. 8th, 1927, when he was succeeded by his son Seward P.
