L. F. Langhorst of Plattsmouth was down to Union last Saturday and while here purchased a new Chevrolet six from the Atteberry distributing center in Union.

Max Stroub and family from east of Avoca were in Union for a time on last Monday when they were on their way to Nebraska City, to look after some business.

A bad spot developed in the highway just north of the east corner of Union, which caused many cars and trucks to hang up and a number of much work to keep the road open.

J. H. Ruhmann has been feeling very poorly for the past week, and has been kept to his home and bed for a portion of the time, but was able to be out and down town on Monday of this week.

Guy Stokes of Louisville was a visitor in Union for a short time on last Monday, and was visiting with his mother, Mrs. H. M. Frans and also was looking after some business matters in Nebraska City.

L. R. Upton and wife as well as the family were over to Plattsmouth when they were attending the funeral of the late Joseph Fetzer on last Sunday, driving over to the county seat in their car.

Mrs. John Stine who has been visiting for the past month at the home of her folks at Hermosa, South Dakota, returned home this week and was very well pleased to be back to old town of Union again.

Eli Keckler and Pete Mann are hammering away in the overhauling of their big tractor, which is used in the heavy road work, and which will put them in position when they have completed the work to get after the road work.

Dr. W. W. Claybaugh has become the possessor of a very fine new Chevrolet coach, which will serve him well in his business, as it is the last word in economical transportation, they being sold by the accommodating dealer, Charles Atteberry.

Herbert Smart of Nebraska City who is looking after the federal highway for this district was called to Union last Monday where he was endeavoring to clear up the highway east of Union which has been giving the traveling public much trouble.

A traveling man who makes this territory, while about five miles from town lost the battery from his car, and as the car was running it kept on at it, until he got to the corner just east of Union, and as he was starting up the hill, stopping the car and it would not start again.

Carl Merritt and wife accompanied by F. L. Fitch and wife were over to the old familiar scenes of their childhood, Rock Bluffs, climbing Kink Hill, which gives such a wonderful view of that portion of the country, as well as visiting at the home of Joseph Campbell who lives in that neighborhood.

Stirling Harris Receives Injury. Last Saturday Stirling Harris, while he was dragging the roads, came to a tree, which had fallen over the roadway, and in an effort to pull it out of the way with his tractor, the chain broke and Stirling was thrown from the tractor and the wheel he was thrown into the revolving wheel, with the result that his leg was crumpled up and both ankle and knee dislocated and had not Donald Harris, who was also along, ran and turned off the gas, there was no way to have prevented the leg being torn from the body.

Help was secured and the unfortunate man was taken home where Dr. J. F. Brendel of Murray dressed the ankle, but thought an X-ray was necessary, and basted with the young man to Nebraska City where he was taken to the hospital, and a number of pictures were taken which showed the way the injury was and the position of the bones.

The young man was made comfortable as possible and will be kept at the hospital until the swelling

shall in a way subside when an incision will be made and the bones will be attempted to be placed in their proper position. Dr. Brendel after having rendered the aid which the facilities afforded at the home, hastened the patient to the hospital in order to have the x-ray picture taken that the exact condition and position of the disengaged members of the leg might be known before any action was taken. It will be some time before the wound will be well and coming as it does at this time of year besides the suffering which it is causing will interfere in the farming which Mr. Harris is engaged in.

What to Serve at Luncheons

One of the problems in preparing a luncheon is what kind of a tasty yet dainty salad can be served? The question has been solved for members of the Union Extension club. Their leader, Mrs. Rihn, aided by Mrs. Atteberry, gave a splendid demonstration of the art of salad making. The three salads made were Golden Glow, Cheese and Chocolate Sponge. The basis of the salad is Jell-O. Many different kinds may be made by adding combinations of either fruits or vegetables to the Jell-O.

Salads made daintily are very pleasing and because of the fruits and vegetables are very healthful. For refreshments, the three salads were served with sandwiches and coffee.

The club met at the home of Mrs. Lou Comer on Tuesday afternoon, March. Mrs. Win Crawford was assistant hostess. This lesson closed the course in "Food and Nutrition."

For Sale.

Rural Service Sunday.

The churches over the country have inaugurated a move for the observance of what is known as Rural Sunday, and have selected May 5th as the date, the object being to encourage Bible school attendance and the object of the move is to reach every body as near as possible to attend Bible school on that day. The Baptist church of Union is behind the move here and Rev. W. A. Taylor is doing all he can to make this a success in Union.

BOOKED TRACY BROWNS' OKLAHOMANS FOR APRIL 4

Tracy-Browns' Oklahomans are coming back to Plattsmouth to play for another big mid-week dance given by the American Legion, according to announcement just made by the committee in charge of booking arrangements.

Their next appearance here will be on Thursday, April 4th. This being in the week following Lent, it is expected they will draw an unusually large crowd from over the wide territory that is wont to furnish patrons at the Legion's mid-week dances. Last Wednesday night, a number of couples were here from down below Syracuse, who had heard an erroneous announcement in Nebraska City that the Tracy-Browns' orchestra would be here then, and they were keenly disappointed on arriving here to find the hall dark and no dance planned.

The Oklahomans are one of the best dance bands in the middle west and proved highly pleasing to the dancers on their prior visit here a few weeks ago. Nearly half of their eleven musicians were here a year and a half ago for the grand opening ball in the new Legion building, as members of the Tracy-Browns' band, which was later built up to a recording band and is now playing an extensive engagement in the east. Among them is "Little Wayne Varganson" the popular entertainer.

ATTEMPT TO SAVE BARBER SHOPS FOR MEN DEFEATED

St. Paul, Minn., March 25.—A valiant attempt to save barber shops for men was made today in the Minnesota senate.

Senator L. P. Johnson told the senate that a man hasn't a chance in a barber shop any more, now that women have invaded its once sacred precinct in such numbers, and he asked for legislation which would cause the women to get their hair cut in hairdressers' establishments.

But he went to ignominious defeat. The senators passed a bill which would prohibit "the slight trimming of hair" which hairdressers now can do.

If the house accepts the bill the women must get their locks trimmed at barber shops.

The Plattsmouth Commercial club, have given twenty-five dollars to defray the expenses of one boy and one girl in the 4-H club work, the selection to be made from Plattsmouth precinct. The selection of the young man has been made and is George Lepert, son of Mr. and Mrs. Phil Lepert, while the papers of the girls have not all been received as yet but will be announced as soon as they are.

Change the Pictures.

The bill board which contain pictures for the advertising of a commercial nature and to which some which appeared some weeks since, were objected to as they contained girls assisting in the handling of cigarettes, have been changed and will in the future be supplied by pictures in which the girls do not appear. The cigarettes were "Lucky Striker" before and this time they are "Campbells."

Better Regulation Needed at the City Dump

Nature of Stuff Deposited There Along the Road to Ferry and Pump House Bad

The city dump which for several years has been maintained east of the baseball grounds near the first channel of the river, has been the subject of considerable complaint from the residents near that locality and seems to be growing worse instead of better and the nature of the stuff unloaded there is such as to be a menace to the health as well as the comfort of those who reside anywhere near the dump.

The intention of the city was to have persons having waste, debris and old junk, drive as far east on the dump road as possible to leave their refuse, but instead of doing that the parties depositing their rubbish, decayed vegetables, and far worse, dead animals, have stopped along the road that is used to reach the farms and the pump house located farther north and also near the ferry road. Here can be found a choice assortment of odor producing refuse and yesterday there was placed there a dead hog to add to the disagreeable and sickening conditions.

The dead hog was left along the roadside without any apparent regard for the comfort of those who might have necessity to use the road and the odor was such that the whole locality was made aware of the fact that the dead animal was in their midst.

The residents along the bottom land east of the railroad tracks have been much aroused over the incident and are taking the matter up with the county as well as the city authorities to secure if possible some relief and the elimination of the habit of dumping anything that might be brought along the roadway that it is necessary for the residents to travel. It would seem that the incineration or burying of the dead animals would be a necessity from a health measure and they not be unloaded just where anyone happened to stop along the road.

There is a state law regarding this offense and the county attorney is investigating the matter to secure if possible the conviction of the parties that have made the dumping ground a place to deposit the dead animals. The place is far from a place of beauty at the best but with the animals left exposed there is a real menace to those who have homes near there or have occasion to pass along the roadway.

HANDS OFF POLICY KEPT

Havana, March 25.—The Cuban government is understood to have no intention of adopting measures affecting the present year's sugar crop as to production or sales. Reports at the presidential palace on Monday indicated that if any action were taken it would be in the form of a retaliatory tariff.

Persistent rumors that the Cuban government might after its course in restrictive measures and revenue to at least curtailed sales, were met by leading sugar shippers with an expression of opinion that no imminent changes are being considered. They do say, however, that the government is seeking a solution of the present economic depression brought on by low sugar prices and threats of increased United States tariffs.

DAWES STARTS FOR DOMINICAN PROBLEM

Chicago, March 25.—Charles G. Dawes, former Vice President, left for New York Monday en route to Santo Domingo, where he will start in reorganization of the Dominican government's budget system. In New York the party will be joined by a group including Gen. James G. Harbord, president of the Radio Corp., and other leading financiers.
