EXDALE HOSIERY

is "silk-sealed" against RUNS!

No one can entirely prevent runs in hosiery. But, by "sealing" and strengthening each silk thread of a stocking, as only Dexdale does, runs find it harder to start.

Dexdale "Silk-Sealed" Hosiery resists wear. Perspiration acids cannot harm the fabric. Water drops will not easily spot it. Then, best of all, the high, yet delicate lustre and clear, even color, remain undimmed through repeated washings.

With no sacrifice of delicate, fragile beauty, you can now get longer wear out of your hosiery-if you wear Dexdales.

In the smartest of harmonizing shades.
