

Sargon Brought Health After 20 Years Suffering

I suffered 20 years and Sargon did me more good than all the other medicines I tried. For years I was on a strict diet but even then nothing seemed to digest right, and I was continually

having trouble with what I was told was my gall bladder. I was told that my inactive liver had a lot to do with my trouble. I tried all kinds of medicines, but as none of them did me any good, I decided to have an operation. I had my gall bladder drained, but this didn't give permanent benefit. My digestion didn't improve, my liver continued sluggish and the pain in my side wasn't a bit better. I started the Sargon treatment, but to tell the truth, I didn't have much faith in it. In a very short time I could eat anything I wanted without distress. Now, my liver is active again. I have a splendid appetite and the pain in my side is entirely gone. I'm not constipated, and if there is anything the matter with my gall bladder, I don't know it. Sargon is wonderful. I am in better health and feel stronger than I have in years. I wouldn't have believed any medicine could have done as much for me. The above statement was recently made by Francis H. Morgan, construction foreman, of 1226 P street, Lincoln.

Sargon may be obtained in Plattsmouth from Weyrich & Hadraba.

Speaking more from the very neat appearance of the parking in front of the property of Olaf Lundberg who occupies a portion of the property and the remainder being occupied by J. J. Pollard as an implement store, this property in its appearance says make Nehawka beautiful. The nicely kept lawn in front says itself Nehawka can be kept beautiful and be one of the finest looking cities in the west.

Heaviest Rain in Years.

On last Friday night Nehawka and vicinity had one of the heaviest rains that has come to this vicinity for years. The rain in some instances was accompanied by winds, twisters and hail, which made it more of a destructive nature. By measurements it showed that there was nearly five inches as it was above four and three-quarters. The Weeping Water was high enough that it inundated the stable of R. C. Pollard, and which has never happened before. Much corn was flooded and washed under with dirt. Melvin Sturm had thirty acres which cannot be done anything with, and by the time the water is off of it, the season will be very late. The storm was especially severe near the home of Henry Theile.

Will Have Ball Game.

Nehawka has booked up with the ball team at Greenwood and will come to Nehawka to try out issues on the coming Sunday, and as the teams are both very good a very tight game is expected.

Meets With Accident.

While Verner Lundberg was putting battery acid in a bottle, the pressure from the fumes or something in the bottle caused an explosion, breaking the bottle and throwing the acid over the face, head and neck of Mr. Lundberg and burning him very severely. His eyes did not escape and he has been wearing colored glasses since.

Lose Many Hogs.

James Chappell lost 22 very fine hogs about all some thief with a truck could haul away at one load. They were taken at night and while everything possible has been done no clue of the missing porkers has been unearthed. There should be some way to catch these hog thieves and stop this pilfering. No one can afford to sustain this kind of loss and time after time.

USED CAR DEPOT

The building on lower Main street next to the L. B. Egenberger grocery, is being arranged for a used car sales depot, which will be opened by the Plattsmouth Motor company, and which will make a fine place for handling this line of the car business. The large garage at Sixth and Pearl streets of the Plattsmouth Motor company is kept busy handling the new lines of the Fords that are being brought in each day and the new place of business will make it much more convenient for the sales staff in handling the lines of used cars that may be on hand for sale.

The fourteen year old son of Mr. and Mrs. Earl Wiles who was so severely kicked by a horse a short time since is getting along nicely at this time and is able to be around with the aid of crutches, was in town one day this week with his father. He is making satisfactory recovery.

At the home of Oscar E. Domingo the storm played a very peculiar prank in that it picked up a load of hay and running it against the corner of the barn tore away a portion of the structure and also ripped much of the roof from the building and caused a new roof to have to be placed thereon, as well as many other repairs.

A special meeting of the city council was called for last Tuesday evening for the purpose of caring for the matter of the question of Sunday opening of other places which was thought to be necessary to be looked after. The sentiment is nearly equally divided on the Sunday question for the movies, and is to be threshed out by the council or the citizens at a vote.

The members of the club talked business and also elected officers for the coming year.

The list of officers being J. J. Meyer, president, and as he was not present it was a guess and they guessed wrongly, for he declares he will not serve. W. L. Hobson was elected vice president and if Mr. Meyer were elected and did not serve then the presidency would fall to Mr. Hobson, and this he did not want, as he only took the place of vice president if Mr. Meyer would serve and as he is not going to serve neither will Mr. Hobson. The secretary will be Dr. Sprecht, and for treasurer Frank Domingo. With the refusal of Mr. Meyer to serve places the club in a position without a presiding officer.

Married in Weeping Water.

A very pretty wedding occurred on last Thursday afternoon at the home of Cora Badgeley, when Miss Ruth Morse who has been making her home with Cora Badgeley, for some time past was united in the holy bonds of matrimony with Eu-

gene Moore Jr., son of Mr. and Mrs. E. E. Moore, both esteemed people and honored and respected by a host of friends in Weeping Water.

The bride is an accomplished young woman with many rare attributes and has made her home here for many years. Her parents both have passed away some time since. The groom is the son of Mr. and Mrs. E. E. Moore, and an excellent auto mechanic and is employed with the Cole Motor company of Weeping Water. As desirable houses to live in are not so plentiful they are making their home for the present in apartments, but will secure a house as soon as possible.

The Journal as well as many friends are extending best wishes for their happiness and prosperity. The wedding, which was a quiet one was witnessed only by Miss Badgeley and the parents of the groom, Mr. and Mrs. E. E. Moore and sister Evelyn Moore, and Miss Irene Davis and Rev. and Mrs. Geo. E. Morey, who performed the ceremony.

Many People Purchase Cars. Among those who purchased cars from the Cole Motor company during the past week, and are well satisfied with their purchases are John Hays, who secured a business coupe and a most dependable and handy wagon for two or three passengers. Estliet Feft bought her a two door sedan, an enclosed car, and one which makes an excellent one for a family car, with its capacity and easy riding will give this young woman excellent service. Ralph Twiss of Louisville purchased a pick up roadster, a very neat little job, and most handy for one or two people. Hans Jensen secured a two door sedan or coach, one of the very popular models. Louis Mayfield secured a sedan which will amply accommodate the family and as a business car. Earnest Norris got a four-door, and one of the very largest of the models which are made by the company.

Will Install Next Week. The I. O. O. F. and the Rebeckah lodges will install their officers for the coming term the coming week. They have been elected some time since. A. J. Patterson, the District Grand Master will have the matter in hand as he also will install the officers of the lodges at Avoca, Nehawka and Elmwood. The officers to be installed in the Rebeckah are Freda Baker as Noble Grand, Mrs. Myrtle Gibson Vice Grand, Mrs. Emma Johnson, secretary and Mrs. Elmer Michelson treasurer. Pool, Worthy Patron, Mrs. Bert Jam. Jam. conductress, Mrs. Eva Johnson, secretary and Mrs. Fry treasurer. At the installation of the officers of the Masons, Mesdames F. E. Wood and Bert Jamison served strawberry short cake with whipped cream and ice tea, which added much to the pleasant evening which the ceremonies provided.

TO VOTE ON SUNDAY MOVIES. The question of whether or not the citizens of Weeping Water will have Sunday movies in the future has been brought to the position where it is soon to be submitted to the voters of the city to determine the question.

The matter was brought to a head when the Liberty theatre, of which Harold Brinkins is the owner, opened up two weeks ago with a Sunday evening performance and which was attended by a very large number of the younger patrons of the silent drama. The proposition of the Sunday shows has brought a very strong protest from the members of the church congregations at Weeping Water and which led the city council at that place to vote last evening to submit the matter to a popular vote.

The city of Weeping Water has never had Sunday shows in the past and the invasion does not please a great many of the residents but the matter will properly be settled by the vote of the people.

Tunney Makes Reply to Charges of 'Girl Friend'

Former Heavyweight Champion Denies He Asked Mrs. Fogarty to Marry Him

Bridgeport, Conn.—James J. "Gene" Tunney, retired heavyweight champion, in an answer Monday to the \$500,000 breach of promise suit against him by Mrs. Katherine King Fogarty of Fort Worth, Tex., and New York City, denied that he had ever asked her to marry him, but said that he had paid her sums exceeding \$35,000 to "relinquish all claims on him."

The eve of the second Dempsey-Tunney fight, Billy Gigson, the retired champ's manager, paid Mrs. Fogarty \$1 to sign a waiver to claims on Tunney, and on the eve of the Tunney-Heeneey fight, \$35,000 to sign another release, to the answer, the payments being made as "a matter of good business judgment."

All her claims at the time, it was further said, "were baseless," but Manager Gibson feared that publicity Mrs. Fogarty might give to them might hurt Tunney's prestige and result in lowered gate receipts and would so unnerve the champion as to jeopardize his chances of winning the bout.

The answer asked that Mrs. Fogarty be compelled to abide by her waivers and that she be forever restrained from further annoying Tunney with law suits. The allegation was made that she has been seeking to exploit her acquaintanceship with Tunney for purposes of personal prestige and financial gain. No specific mention is made of the alleged marriage proposal or acceptance, but general denial is made in the legal phraseology of "the defendant denies the truth of the matter in the plaintiff's complaint." Mrs. Fogarty charges Tunney with having proposed in 1925, shortly after her return from John S. Fogarty of Fort Worth and says she accepted him. He then married "another person"—Polly Lauder.—State Journal.

WOODMEN SUIT TO COURT

Denver—Suit against officers of the Woodmen of the World seeking to prevent them from putting into effect a new system of insurance must go to trial on its merits in the Denver district court. The Colorado supreme court so ordered Monday in denying the officers' petition for a writ of prohibition and discharging the rule to show cause. Approximately 113,000 members throughout the United States are affected by the suit.

Policy holders in Colorado, Utah, Idaho and Montana filed the suit here several weeks ago, alleging that if the new insurance system is made effective, hundreds of aged members will be unable to pay the higher premiums and will be forced out of the order.
