Pathe Picture

Norma Shearer Tops Fine Cast

"The Trial of Mary Dugan" Triumphs Again as Talking Film—At the Parmele.

"The Trial of Mary Dugan," Bayard Veiller's all-talking picturization of the stage success of the same name, will be shown at the Parmele theatre Thursday, Friday and Saturday.

Bayard Veiller, author of the stage play, went to Hollywood under a special agreement with Metro-Goldwyn-Mayer to direct the screen adaptation. Veiller, whose earlier plays include "Within the Law" and "The Thirteenth Chair," recently sailed for England and plans to produce his next piece abroad.

"The Trial of Mary Dugan" ran for more than a year on Broadway and is now being presented by eighteen road companies in this country and Europe. The picture has an all-star cast headed by Norma Shearer, Lewis Stone, who has the part of Edward West, the defense attorney; H. B. Warner, that of the prosecuting attorney, and Raymond Hackett, who played the role of Jimmy Dugan on the stage and has the same part in the photoplay. Others in the cast include Olive Tell, Lilyan Tashman, DeWitt Jennings, Mary Doran, Wilfrid North, and others.

The new picture is M-G-M's second all-dialogue production, following the sensationally successful "Broadway Melody" in that classification. Miss Shearer was personally selected by Mr. Veiller for the title role, despite the fact that she was entirely without stage or "talkie" experience. Her voice is reported to be one of the best yet encountered among screen players, in its recording quality.

In transferring "Mary Dugan" from stage to screen, Mr. Veiller said to have adhered to the original dramatic treatment. Courtroom dialogue provides the action and setting and the stage production is shortened slightly to conform with film requirements.

Morton Downey Stars in 'Mother's Boy' at Parmele

"Broadway's Golden Voiced Tenor" Has Ideal Role in Pathe's "Mother's Boy."

A singer of brilliance and an actor of attractive personality and mimetic talent, Morton Downey, who created a sensation in the Club Casanova in New York, will be seen in Pathe talking and singing productions throughout the current screen season. Mr. Downey is starred in the Pathe dialogue picture "Mother's Boy," a Robert T. Kane production which will be seen and heard at the Parmele theatre on Sunday, Monday and Tuesday.

Downey was born in Brooklyn, N. Y., and as a boy, his fine tenor voice attracted attention. He was discovered by Paul Whiteman, with whom he sang for four years. He then went to Europe where his voice was trained and he sang with great success in London, Paris and Berlin. Returning to the United States in October, 1918, he was signed for the leading part in "Syncope" and he makes his second appearance on the screen in "Mother's Boy," written by Gene Markey, in the story of a young tenement dweller in New York who begins his career as a delivery boy in a delicatessen store. His singing attracts the attention of a poor violinist who undertakes to train him for an operatic career. Owing to a theft committed by his rascally brother, he quits his home under a cloud and while his dotting mother grieves for him, he carves out his career and wins. There is a strong love interest in the story which has been finely developed by Director Bradley Barker.

The cast includes several stage artists of reputation, among them being Helen Chandler, leading woman, who featured on Broadway; Osmond Perkins, of "The Front Page" fame; Barbara Bennett, daughter of Richard Bennett, a well known Broadway player, John T. Doyle, a prominent actor, and Beryl Mercer, an English actress recently with the Theatre Guild and others.

INSURANCE OF EVERY KIND

Windy Pranks

TORNADOES play all kinds of funny tricks at this time of year.

They slide bedrooms into cellars—lift pianos out on the grass—and do many other strange things to property.

They are Costly unless you have secured Tornado insurance to indemnify you. A policy in the Hartford Fire Insurance Company presents a way out of every difficulty and enables you to rebuild or repair damage.

Be safely protected through good insurance.

Open-Air Carnival Attracts Big Crowds Nightly

Tourist Park Filled With Merry-makers to Enjoy the Bernardi Exposition Shows

From Wednesday's Daily—Last evening saw a much larger crowd than usual gathered at the tourist park on Washington avenue where the Bernardi Exposition shows are being presented this week under the auspices of the American Legion.

The shows have all attracted much attention and the athletic show seems to be one of the headliners in point of interest for the carnival crowds with fast wrestling and boxing matches to aid in the entertainment of the people.

The Hawaiian Shows are also a very pleasing feature as is the freak show of Henry Myers where there are a large number of real freaks to be found.

In the line of the riding devices the Bernardi shows offers a real thrill to the young and old and almost any kind of a ride that you may wish is to be found on the carnival grounds.

The management of the company is announcing a matinee performance of the carnival on Saturday and which will be featured by the treat for the residents of the Nebraska Masonic Home as the guests of the company. The afternoon program Saturday will open at 2 o'clock and allows those in to do their Saturday shopping to see the big show.

ENJOY OMAHA OUTING

From Wednesday's Daily—This morning the members of the Plattsmouth Women's Relief Corps departed in the Cotner bus, especially chartered for the occasion, for Omaha where the ladies were the guests for the day at the home of Mrs. Charles Tungate, formerly of this city and who enjoys having with her as guests the members of the Plattsmouth organization of which she was for so many years a member.

The delightful hospitality of Mrs. Tungate is always looked forward to with the greatest of pleasure by the Plattsmouth friends and they are planning to have a real time with their friend and with other former Plattsmouth residents who are now living at Omaha.

Fireworks and Firecrackers at the Bates Book Store. Everything to make your celebration complete.

Looking Over Road to New Traffic Bridge

Mayor and State Engineers Look Over Proposed Route From River to City

From Wednesday's Daily—This morning Mayor John P. Sattler, Engineer Cole of the state department of public works and H. A. Schneider of the Plattsmouth Bridge company which is erecting the bridge over the Missouri river at this point, were engaged in looking over the proposed route to the bridge from this city.

The advice of the state department of public works is sought in the matter as it is expected that the bridge will be in the course of a short time be taken over by the states of Iowa and Nebraska to be made a free spanned the state engineers can give some very valuable advice on the type of road and the grades and fills that will be necessary on the highway.

The Burlington has indicated its willingness to lease a part of the right of way along its tracks south-east of the city to allow the construction of the roadway as it comes down from Happy Hollow and as soon as the contracts and agreements are drawn and signed between the city, the county and the railroad company as to the road and the use of the right of way.

The starting of the road work is a matter that is of the greatest interest to the general public and progress of the work will be watched with the greatest interest until the road is ready for use and the formal opening of the bridge held which is expected to be in the late fall or early winter.

CASE ATTRACTS ATTENTION

From Wednesday's Daily—This morning the case of the State of Nebraska vs. Robert Earls of Weeping Water, which was continued from several weeks ago due to the illness of the state's chief witness, William Lau, was on trial in the county court.

The defendant, Earls was charged by the state with the sale of intoxicating liquor early in May to William Lau and from whom the liquor was seized by the county authorities at the time Mr. Lau was arrested for possession and later he agreed to give the source of the purchase of the liquor and named Mr. Earls.

The case attracted much attention from the vicinity of Weeping Water and today there was present a group of the dry leaders of this city who have been working on the stamping out of the liquor traffic there, among these being Mayor Troy L. Davis, Mrs. Fred Gorder, Mrs. John Domingo, Rev. and Mrs. George H. Morris, Mr. C. E. Pool and Rev. Birch of the Congregational church.

In the case the defendant has pled not guilty and will have a number of witnesses here to testify to the fact that he was at Omaha on the date named as being that of the sale of the liquor.

For the state this morning Mr. Lau detailed his buying of the alleged liquor, the testimony of Sheriff Reed and Constable Tom Svoboda that they had taken the liquor from the possession of Mr. Lau. State Chemist Leo Kreamer testified that the liquor contained 48 1/10th alcoholic content.

The defense requested a continuance until after the noon hour for the witnesses to reach here from Omaha to testify as to the whereabouts of the defendant on the day he is alleged to have made the sale.

The jury of six who tried the case returned a verdict of guilty this afternoon at 2 o'clock.

ELKS ENJOY CARDS

From Wednesday's Daily—Last evening the regular card party sponsored by the Elks lodge was enjoyed at the country club just west of this city and with a very large number in attendance to enjoy the delightful evening which was spent in bridge and pinocle. In the bridge playing William Jorgensen was awarded the first gentlemen's prize and Mrs. J. A. Donelan the first ladies while Mrs. A. O. Moore was the winner of the pinocle prize.

During the evening dainty refreshments were served by the committee composed of Mrs. James T. Begley, Mrs. A. W. Cloldt, Mrs. A. O. Moore and Mrs. Robert Reed.

Celebration accessories of all kinds at Bates Book Store.

-New Potatoes-

10 Lbs. for 19c

Youth Saves Four Lives in Auto Plunge

Son of Pierce Mayor Breaks Window of Submerged aCr and Pulls Companions Out.

Pierce, June 25.—Trapped in an automobile that was submerged in the river into which it had plunged near the highway bridge, east of Pierce, four young people, two boys and two girls, were saved by Reuben Buckendahl, 19, of Pierce.

About 2 o'clock Sunday morning, Theodore Buckendahl, driver of the car, his brother, Reuben, two girls from Plainview, and a Pierce boy, whose names have not been learned, were riding together in the automobile.

Theodore Buckendahl, mistook the bridge for a truck and turned out for it, the car plunging over a 25-foot embankment. It turned a somersault in the air and landed in the river with its wheels in the air.

All five occupants were trapped in the automobile, which filled quickly with water. Realizing the impending tragedy, Reuben Buckendahl kicked out the rear end of the machine being above the surface of the water. Then he helped all of his friends to escape drowning by directing them through the opening in the rear of the automobile.

May Lose Eye. After saving the two girls and the Pierce boy, Reuben grabbed his brother who was near unconsciousness and pulled him through the opening. Theodore Buckendahl suffered the worst injury, as he may lose the sight of one eye. He also sustained cuts while being pulled through the opening.

Reuben Buckendahl and the two girls escaped serious injury, but the other Pierce youth, according to reports, suffered an injury to his spine and back.

After waiting on the river bank for several minutes, the accident victims were seen by passing motorists and taken to a doctors office.

All But Driver Asleep. Just before it plunged over the high embankment, the automobile struck a small post, breaking it off. The automobile, which was dragged from the river about 9:30 o'clock Monday morning, while about 500 persons looked on, was only slightly damaged. Persons who saw the automobile in the water marveled at the escape of the five occupants.

All of the young people were asleep, except the driver, when the machine left the highway and started on its trip to the bottom of the river.

KEROSENE CAUSES FIRE

From Wednesday's Daily—This morning considerable excitement was occasioned at the rear of the H. M. Soennichsen store and just west of the Journal building when a large amount of kerosene that was spilled on the ground yesterday caught fire and made a lively blaze for a few moments but was extinguished by the efforts of Henry Jasper and Emil Weyrich who with shovels of dirt proceeded to smother the fire out.

While an oil truck was making deliveries at the Soennichsen store Tuesday afternoon the faucet on one of the tanks was knocked off and as the result 100 gallons of kerosene leaked out on the ground and ran for some distance down the alleyway to Fourth street. This morning some one dopped a match near the oil soaked ground and in a few seconds the ground and two barrels of debris were blazing and the flames swept up the side of the brick wall of the Journal press room but was extinguished before any of the window frames caught fire.

Whether you celebrate elsewhere or spend the day quietly here at home, you will want Firecrackers and Fireworks for the kiddies and we have them from the smallest up to the big sizes that Dads and big Brothers find enjoyment in firing. At the Bates Book Store.

FIND AND LOSE WANTED MAN

From Wednesday's Daily—Yesterday afternoon Deputy Sheriff Rex Young in a search for a young man named Glen Price who was wanted here on a complaint charging removal of mortgaged property from the county—a Buick car, had a description of the wanted man and his companion, a young man named Wright, broadcast from KMA at Shenandoah, Iowa. A message was received here last night at 11 o'clock which was sent from Lawrence, Kansas, and filed at 8 o'clock, a short time after the broadcasting, that informed the sheriff that the men were being held. Sheriff Reed at once called the Kansas town that the men would be sent for and when reaching the Lawrence authorities by wire was informed that the night members of the police force being unaware of the radio call had released the men and that they had apparently left Lawrence.

We are in the midst of the tornado season. See J. P. Falter for tornado insurance on both town and farm property. a30-tfw
