Litling Melodies, Musical Review, Boarding House Scenes and Gang Fights in Picture.

Litling strains of "Broadway Baby Dolls," "Wishing and Waiting for Love" and "Jig, Jig, Jigaloo;" the rhythmic tapping of the feet of fifty dancing girls; the wailing saxophone and the high notes of a grand operator in a theatrical boarding house; the staccato bark of gangsters' guns, and the quiet hiss of "Broadway Babies," are the memories you will have if you attend the First National-Vitaphone picture at the Parmele theatre tonight, Friday or Saturday.

The picture, which stars the peppy young screen luminary Alice White, is thorough entertainment from first to last. It takes one behind the scenes in a big musical comedy theatre; into the night clubs of gay Broadway, and into a theatrical boarding house just off the Big Street.

It is a story of theatrical life, the experiences of three young hoopers who are fighting for recognition behind the footlights.

Miss White, who was a humble stenographer in Hollywood less than three years ago, demonstrates that she can sing and dance as well as act. This young Apostle of Jazz is rapidly coming to the front as a cinema artist of the first water, and in "Broadway Babies" she demonstrates a versatility that will astound her most ardent admirers.

Charles Delaney plays opposite her again, as he did in "Show Girl," and is very convincing as the lovesmith stage manager. Sally Eilers and Marion "Beans" Byron are charming as the two hoopers. Fred Kohler, Louis Natheaux, Jocelyn Lee, Bodil Rosing, Tom Dugan and a host of others are included in the very fine cast.

"Broadway Babies" was directed by Mervyn LeRoy, one of the youngest directors, but especially fitted for a picture of this type, for he has seen many years on the stage as a performer.

Gay and dazzling sets, particularly the theatrical scenes and those in the night club, add to the enjoyment of the picture, but apart from the songs, the dancing and the background, "Broadway Babies" has a real story, and one that is portrayed by an ideal cast, under the most intelligent direction.

"Broadway Babies" is good for the eye and ear and it will please everyone. It's one of the finest pictures since the introduction of the Vitaphone.

"Broadway Baby Dolls," the theme song looks like a real hit. It was written by Al Bryan and George W. Meyer as "Jig, Jig, Jigaloo." Grant Clark and Harry Akst wrote "Wishing and Waiting for Love."

ASKS FAIRBURY GAS FRANCHISE  
Fairbury, July 18.—The City Service Co. of New York has offered the city council a proposition to supply natural gas in Fairbury at a rate of about half of what consumers are now paying for artificial gas. While no definite plans were made, it is expected that the company will ask for a 25-year franchise at the next council meeting.

The company representative informed the council that gas was being piped from Texas fields with Omaha as the northern terminal. Cities along the pipeline would be served if suitable franchise can be secured.

**Craft Dives Into Ground Near Field**

Practice Hop of Owner and Pilot Ends in Fatal Fall With the Motor Roaring.

North Platte, July 21.—Henry Oldham, veteran pilot of North Platte, connected with the Midwest Aviation Corp., and Mike Ryan are dead following an airplane crash here at 1:30 p. m. Sunday.

An hour previous to the fall the two pilots had taken the air supposedly for Oldham to give Ryan a few instructions concerning the flying of the former's single motored bi-plane. There was a large crowd of spectators at the landing field when the fatal crash occurred but none witnessed the accident.

Oldham, survived by his widow and two small children, died as he reached a local hospital. Both of his legs were crushed and his breast badly punctured.

Ryan, about 43, who operated a filling station here for many years, died shortly after Oldham succumbed. He leaves a wife and a young son.

Glenn Durand of North Platte, one of the first to reach the scene of the air disaster, reported that Ryan was in the rear cockpit and Oldham was in front. Ryan was in such a position when dragged from the plane that it was believed he had been the pilot of the craft.

The plane went into what was described as a small nose dive, and the pilot opened wide the motor to pull the craft out. However, the altitude was not sufficient and the plane landed at full force, breaking the landing gear. The plane did not ground loop, although it nosed sufficiently to the front to bend the propeller.

The men were injured by the impact only. Both smashed through the fuselage of their cockpits. The right wing of the biplane was cracked.

Mrs. Frank J. Libershal and children, Theodore and Mary Irene, departed this morning for Peoria, Illinois, where they will enjoy a visit with the relatives of Mrs. Libershal in that section of Illinois.
