

Nehawka

Miller and Gruber have just completed a culvert for the road running east of Nehawka.

Frank Graham and family, of Springfield, were guests at the home of Nelson Berger and family one day during this week.

Albert Wolfe and daughter, Gladys were looking after some business matters in Nebraska City on Tuesday afternoon, they driving over to the big town in their auto.

Mrs. W. H. Shopp, of Plattsmouth, was a visitor with friends in Nehawka, and a guest at the home of Mr. and Mrs. W. S. Norris for a number of days during this week.

Wm. August, Jr., of Lomax, arrived last week and are visiting with friends and relatives here for a short time, they being guests at the home of C. D. St. John and Wm. August, Sr.

W. S. Norris sold one of his properties in Nehawka early this week, to Joseph Goodman, consisting of the residence in east Nehawka, and which has eight lots. The consideration was \$2,000. Mr. Goodman will use it as a home.

Ernest Ahrends and John Kettlehut and family departed early this week for the northwest portion of the state and will visit Fred Ahrends at Crawford, as well as stop at other towns in that part of the state while they are away.

Chester Plybon and Harold and Merritt Dodson are seeing the west. They first went to Imperial, where they visited and later decided to go on and see the mountains before they returned and are now enjoying the crisp coolness of that section.

Uncle David D. Adams, who has been visiting for some time at Sterling, Colorado, with his daughter, Mrs. W. S. Stock, and where he enjoyed a very pleasant visit, returned home last Tuesday morning. Mr. Adams reports the crops there very good.

Walter Wunderlich, of Nehawka, W. H. Kruger, of north of town and Ben Olive of near Weeping Water, have been attending the state convention of the American Legion at Hastings the fore part of this week as delegates from the Nehawka Legion post.

Mrs. Albert Wolfe, who has been inconvenienced by the fracture of her arm some time since, in doing her work is now getting along very well, although the fracture is mending nicely and will soon allow her better use of her arm in the conduct of her work.

D. Steffens is having his business block painted and otherwise repaired, where J. H. Steffens has his store, Henry Feltes is doing the painting and Mr. Steffens has been doing a lot of the other work himself. This will add materially to the betterment as well as better appearance of the building and of Nehawka.

Miller and Gruber have been constructing a concrete foundation for the new Merry-Go-Round which is being installed at the Nehawka school grounds and also building some concrete walks for the use of the students, thus putting the grounds in the best of condition and guarding against the grass being trampled out in the future.

Mr. and Mrs. Eugene Nitzman, who were in the west and visited many places for nearly a week, returned last Friday and immediately hustled into the shipping of some fatted cattle and hogs to market, they sending two loads of fattened cattle to the South Omaha market and four truck loads of hogs to the Nebraska City packing house.

Albert August and John Greenely, of Fremont, were visiting in Nehawka for a short time last week and after their return, Albert August and William August, of Nehawka, departed for the Black Hills, going by way of Laurel, where they got Earl August and the three are now seeing the wonders of that country. While here Albert August and John Greenely were visiting at the home of Louis Plybon and other friends and relatives.

J. A. Slaton and family will make their home in the north as soon as they can get settled. Mr. Slaton is here now and employed with the grading company that is putting in the work on Highway No. 75 and the D. L. D., and Mrs. Slaton and the kiddies are expected to arrive in a short time. Mrs. Slaton is the granddaughter of Mr. and Mrs. Z. W. Shrader, of Nehawka, and they have been making their home in Dallas, Texas, for some time.

A large number of the Masons of Nehawka were over to Union on last Monday afternoon, where they were in attendance at the funeral of the late John C. McCarroll, who passed away at his home some time last Saturday. Those from Nehawka in attendance were Stewart Rough, Henry M. Palmer, Marion Tucker, R. S. Sumers, David C. West, Robert H. Chapman, C. D. St. John, O. D. Easter, Henry Ross, Wm. Obernault, J. J. Pollard and several others whose names we did not get.

I have used 1924 Ford Truck, good working condition, good rubber.—A. G. Cisney, phone 2412, Nehawka, Nebr. 25-My; 29-N

Will Improve Church Building
The board of the Methodist church in Nehawka are just now moving for a material improvement of the church building, and will raise the old building, allowing a basement to be placed under it and rooms to accommodate Bible school work and the other activities of the church. The work will be commenced as soon as it can be gotten to and an effort made to have same completed by the time cold weather comes. There will be installed a new heating plant and

the entire building remodeled and painted.

Hears Sister is Sick

Mrs. Z. W. Shrader received a telephone message telling of the very serious illness of her sister, Mrs. A. B. Taylor, of Plattsmouth, and hastened to her bedside to render what assistance she could to the sister in her illness.

Returns from Stay in West

Mr. and Mrs. D. C. West and Bobbie Wunderlich who were in the west for a number of months this summer, returned home last week and while they had enjoyed the living there in the mountain fastnesses, they found Nehawka a very fine place to reside after getting home. In leaving the Masonic park, Mr. West left an impression of Nehawka there which will be a convenience to the many tourists who visit that place every year. It has been difficult to tell just when the park was reached, as the markings were not any too distinct. So Mr. West conceived the idea of making the park so any one could tell when he arrived there. He asked a number of the business men there for aid, and constructed a Masonic emblem, which consists of a square and compass, with the letter G contained within. Telephone poles were used in the construction of the compass while plank much like bridge plank formed the square and the letter "G" which was four feet across was constructed by a carpenter.

This was placed at the entrance of the park, and with the compass and square painted white and the letter "G" painted yellow, it looked like gold and silver and made a very inviting mark, distinguishing this portion of the mountain from the surrounding hills.

Ready for School Again

Superintendent of the Nehawka schools, M. L. Swingle, who has been at Bertrand during the summer, where he has land interests and where he, in conjunction with the father of Mrs. Swingle, have been farming, has returned to Nehawka and is ready for school to begin. He has enjoyed his vacation laboring as a tiller of the soil, not as a geologist or interviewer of the mountain fastnesses.

School Opens Sept. 9th

The Nehawka schools open September 9th, the opening date being deferred one week on account of the work which has been under way at the school building, but will be all ready for the kiddies when they return to take up their studies again.

The building has been put in good condition. There has been a Merry-Go-Round placed on the school yard, which will provide amusement and exercise for the little ones.

Held Reunion Sunday

Ralph Stander and family, of Wilson, Kansas, were visiting in Nehawka and vicinity for a number of days last week, they being guests at the homes of Dan Anderson and Albert Anderson, and others. On last Sunday, they were gathered at the home of Mrs. Bedella Stander, at Louisville, where a family reunion was held and there were there from Nehawka the families of Louis Ross, Albert Anderson and Dan Anderson, the Alfred Anderson family, of Omaha, and James Stander, Arthur Stander and Peter Stander and family, of Louisville. All enjoyed the occasion very much, Ralph Stander and family returning to their home in Kansas from there.

Making an Excellent Vault

There are many so-called burial vaults made of concrete of which some are but a pretense, but the one made by Miller and Gruber of this place is an automatically sealed vault of the highest type and with the cover in place, the weight itself causes it to seal the vault automatically so that nothing can get inside the vacuum which is created by the construction of the vault, excluding any water itself, should it rise to a level higher than the grade. Consequently it is apparent that nothing else can enter the vault, and as they are skillfully made of reinforced concrete there is certainty that they will be as lasting as the ages. The firm doing a good business with the sale of these vaults and justly so, as they have a product of merit and one that sells itself to the person willing to take time to go into the details of its construction in comparison with many of the vaults on the market.

U. B. Church Notes

The U. B. Ladies Aid met at the parsonage this week.
The Otterbein Aid met with Mrs. Agnes Dill on Thursday of this week.
The fourth quarterly conference of the Nehawka charge will be held at the Otterbein church on Friday, August 30th, at 8 p. m.
Everyone is welcome. Come if possible and bring reports in writing.
Rev. Bessie Murdoch will preach at Nehawka church Sunday night.

APART FOR 62 YEARS

Randolph, Neb.—A brother and sister who had not seen each other for more than sixty-two years are visiting each other here. They are Mrs. Margaret Hall of Randolph, eighty-eight, and T. C. Curryea of Cawker, La., eighty-two. They parted shortly after the Civil war at Anawan, Ill. The brother went to Iowa, where he has since made his home, and the sister later moved to Nebraska. They kept in touch with each other by letter. Mrs. Hall, a widow, has eight children living. All her brother's family have died except a granddaughter, who now takes care of him. Mr. Curryea is a retired mail carrier.

Engineer States He Gave Up Hope

"This wonderful medicine has brought me out of what I thought was a hopeless siege of suffering and I am now enjoying the best health I've had in nine years."

"My health began to fail in 1920 and by Christmas, 1928, I had gone down in weight from 207 to 142 pounds. During all this time I suffered terribly from stomach trouble in its worst form. Constipation and a sluggish liver also made life miserable for me. Finally, after an attack of influenza, I was in such a weak, rundown condition that I could hardly walk. I just about gave up hope."

"At last I started taking Sargon and in almost no time the pains in my stomach were overcome, and I haven't had a trace of indigestion since. The tired, weak feeling left me, my strength returned and in less than a month I gained back nine pounds. I'm still gaining, too. Sargon Soft Mass Pills toned up my liver and ended my constipation. In fact, you just can't imagine how much better I feel in every way."
J. H. Clark, retired locomotive engineer of 4510 South 21st Street, Omaha.

FARM BUREAU NOTES

Copy for this Department furnished by County Agent

Junior Fair

The Eagle annual Junior Fair, sponsored by the 4-H clubs, was held August 23rd, with about 300 persons in attendance.

In the forenoon Dairy heifers, baby beeves, pigs, poultry, corn and potatoes, were shown, and the boys open judging contest were held.

In the afternoon, the horse shoe tournament and baseball game, and a poultry and cooking demonstration were held.

Much interest is shown in this annual event.

Willene Fager Wins in Style Try-Out

Seven clubs sent representatives to compete for the chance of representing Cass county in the style show at the State Fair. Willene Fager, of Avoca, who is completing her third year of clothing clubs, placed first in this try-out.

Demonstration and Judging

Demonstration and judging teams are devoting a great deal of time and effort in preparation for State Fair. Following is a schedule of Cass county demonstrations: Tuesday, September 3, 8:30, Poultry; 10:30, Girls Room; 11:30, Dairy; 3:00, Cooking; Thursday, September 5, 9:30, Clothing; 10:00, Swine; 10:30, Canning; 2:30, Shoe; 4:00, Rope.

Farm Business Reports Completed

Last year 317 farmers in Nebraska kept Farm Records in co-operation with the Extension Service and turned them in for summarization and analysis. The books were later returned to their owners, and with each was included a summary for the county in which the owner lived.

A detailed report has been issued bearing an analysis of the 317 records received in 1928. The 22-page report is made up of tables showing the differences in income and a discussion of the factors responsible for those differences. Copies of the report may be secured from the county extension agents, or the extension service of the agricultural college. Separate reports have also been issued for Cass and Phelps counties and may be secured upon request. Of these, 102 were kept by the farmers of Cass county.

To the People of Cass County

I wish to take this opportunity to thank you for the loyal support you have given me while I have been employed as County Extension Agent.

To the Farm Bureau Board and to the leaders of all the projects, I wish you to know I appreciate your support.

The Farm Bureau work could never accomplish what it has without the loyal support from you all. I hope I still have your support in my new work. Again I thank you.—L. R. Snipes, County Extension Agent, J. R. Baldwin, Asst. County Extension Agent.

RETURN FROM CAMP BREWSTER

Miss Clara Mae Morgan, together with Mrs. Mae Morgan and Miss Amelia Heisel, just returned from a week's stay at Camp Brewster. They were accompanied home by Miss Anna Heisel and Mrs. E. M. Taylor, who were up to the camp for the week end. Included in the entertainment offered to the guests of the Camp on Sunday was a radio listening talk given to the group ladies by Mrs. William Baird of Plattsmouth. Miss Morgan gave a few vocal selections of her own composition. In this she was accompanied by Miss Helen Vesci on the piano.

The Plattsmouth ladies were entertained at one of the visitor's cabins on Saturday night, the entertainment rather taking on the form of a party in honor of Miss Anna Heisel, whose birthday it was.

Young People Soon to Return to Their Studies

Large Number From This City to Attend the Universities and Colleges of Country

The coming of school days is calling the students in this locality from their summer vacation to resume their work in the various colleges and universities over the country and this city and immediate vicinity will have a very large group that will be found in various schools completing their advanced education.

One of the largest groups from this city will be at the University of Nebraska which always has a large number from here in attendance and several new students will be added this year, to the roster of those who will be enrolled under the scarlet and cream. Misses Viollette Begley, Catherine Schneider, Helene Perry, Kathleen Troop, Edgar Westcott, Harlan and Frederick Gorder, Jerry Adam, Don Pittman, Richard Livingston, will return to school while Robert Wurl and Miss Theresa Libershal will be new students to enroll at Nebraska this year.

The state normal school at Peru will take a large number from this city to carry on their work in this high class teachers college and those who will return to the state normal will be Margaret Engelkemeyer, Marie Nolting and Bernard Gallo-way, while new students at Peru from this locality will be Miss Leona Hudson, Margaret Brown, Ralph Mason and Hilda Johnson.

The Creighton university will take a part of the students with Stuart Egenberger and Ralph Gansemeyer resuming their work at the medical and dental colleges while Willard Brink and Virginia Brink will start their school work at the well known Omaha university.

Those who are to attend schools at more distant points are Robert Hadraba, who will follow the pathway of his elder brother, Ted, in attending the Northwestern university at Chicago and Joe Hartford, who like his two brothers, Charles and Willis, has chosen the Iowa State college at Ames as the place of his advanced education. Miss Doris Young will attend college at Vincennes, Indiana and Virgil Hatton will attend Pennsylvania State.

Business careers are appealing to a number of the local graduates of the recent years in the high school as is shown a number that are preparing to enter the American Business college and which includes some of the high ranking commercial pupils of the 1929 class of the local school. Among these will be Leonard Stoehr, William Mrasek, Lyle Lawton, Hamilton Meisinger and George Perry.

The girls of the class of 1929 attending school are much larger this year than the boys and among these will be Miss Catherine McClusky, Park college, at Parkville, Mo., Miss Florence Newton who will take up work at Fremont in the study of geology and Miss Bernice Ann who is to enter nurse training at the Methodist hospital at Omaha.

The Wesleyan university will receive a new addition to the enrollment from this locality this year in Miss Mildred Hall '28, who will enter the Methodist college. Another former grad of 1929, John Teepell, who is now living at Atlanta, Georgia, is to enter Georgia Tech where he will carry on his studies and with the anticipation of being a member of the golden tornado.

GRAIN EMBARGO REMAINS

Minneapolis, Minn.—Altho admitting that the crop marketing situation in the northwestern remains serious, the joint grain transportation committee's board meeting Monday decided no further action would be necessary to limit grain shipments. An embargo on oats, rye and barley shipments to terminal markets in this territory, established last Friday, will allow other permitting barley shipments to the head of the lakes. The embargo is scheduled to expire next Saturday night.

More than 11,000 cars, it was said, are in transit to Minneapolis, Duluth or Superior, or lined up in terminals awaiting to be loaded at elevators which already are loaded nearly to their capacity.

SCHOOL BELLS RING IN LANCASTER COUNTY

Lincoln, Aug. 26.—Eight rural schools of Lancaster county opened Monday for 1929-30 sessions. Fifty more will open Sept. 2. This year the rest will wait until after the fair to start.

WHY THE Best oil need not be THE MOST expensive

Start with crude oil of correct composition and the quality of lubricating oil is a matter of refining. The selling price is governed by the manufacturing and marketing costs.

Polarine is made from a selected grade of Wyoming crude. It is refined by a special process. The result is oil that flows freely in cold weather—retains its oiliness under hard service—deposits a minimum of carbon. It gives you the finest lubrication at a price that reflects low transportation and low marketing costs. For correct grade, consult the Chart.

Deserves its Popularity. Spreading like a prairie fire! One tank-full of Red Crown Ethyl tells you why. Gasoline has earned a 3 to 1 No gas knocks. More flexible preference over its nearest competitor in Nebraska. new motor in performance.

Plattsmouth Boy in Service of Dollar Line

Dr. George Schmidtmann Starts Service as Dental Surgeon of Line on "President Polk"

From Wednesday's Daily—Dr. George Schmidtmann, youngest son of Mr. and Mrs. William Schmidtmann of this city, who graduated some two years ago from the dental college of Creighton university, is to have a real experience in world travel as he has accepted a position as a dental surgeon on the Dollar Line of steamships, and is now on the first lap of a world tour of the "President Polk," the ship to which he was assigned.

Since his graduation from Creighton Dr. Schmidtmann has enjoyed much travel as he was associated with a large dental supply house in New York and had just recently been assigned to work on the west coast and Alaska when he received the opportunity to enter the services of the Dollar Line, one of the largest steamship companies in the world and was given an assignment at once.

The "President Polk" has sailed from San Francisco, the headquarters of the line of steamers, and is bound on a world voyage, the vessel reaching Honolulu on Labor Day, September 2nd, and from there will have a call at Japan, the Philippines and Manila, the Chinese ports and thence through the straits passage to India and the Suez canal to the Mediterranean sea and the ports of call along this beautiful and alluring sea and which will include ports in Egypt, Turkey, Greece, Italy, France and Spain and thence to Boston, New York and the American Atlantic ports. The "President Polk" will then take its way to the West Indian and northern South American ports and the Panama canal and thence home to San Francisco.

THINKS AMERICA TOO RICH

Williamstown, Mass.—America's overrating has been responsible for Europe's request for cancellation of war debt, Prof. T. E. Gregory, of the London school of economics, said Friday before the trade relations round table of the Institute of Political Economy.

FUNERAL OF OLD VETERAN

From Wednesday's Daily—This morning at the Sattler funeral home at 11 o'clock was held a short funeral service for the late Asbury Jacks, civil war veteran, and resident of Plattsmouth for the past twenty years. There were a large number of the old friends present to pay their last tribute of respect to this fallen soldier. The services were in charge of Rev. H. E. Sortor, pastor of the First Methodist church.

At the close of the service here the funeral cortege departed for Hamburg, Iowa, the old home of the Jacks family and where services were held at the First Methodist church at 2 o'clock.

Asbury Jacks was born at Rockville, Indiana, September 8, 1844, and spent his boyhood in that locality, enlisting at the outbreak of the civil war in Co. G, 123rd Indiana infantry and with which he served throughout the war and was engaged in many of the main campaigns in war. After the close of the civil war he came west and located in the state of Iowa and on February 18, 1872, he was married in Fremont county, Iowa, to Miss Virginia S. D. Wingate, the family locating at Hamburg where they made their home for a great many years.

HOOVER TO AIR CORPS

San Francisco, Calif.—When Lieut. Herbert Hoover, jr., son of the president, reports at the presidio here for active duty Oct. 17, he will be assigned to the air corps, procurement district, officers said Wednesday. His duties will be to study for the two weeks he serves, the matter of industrial mobilization which includes the output of factories and the matter of supplies in case of war.
