**Month Allowed
for Drivers to
Obtain License**

**New Law In Effect Next Sunday;
Need Permits by October 1—
Must Be Over Sixteen**

General information to the public concerning the provisions and requirements of the new drivers' license law for Nebraska, which will be in force on and after next Sunday, is contained in an explanatory statement prepared in the office of State Engineer Cochran, whose duty it will be to administer that enactment.

No only the terms of the act itself, but questions likely to arise in carrying it out, are covered in this synopsis. For instance, if any citizen of Nebraska happens to be absent from the state during the month of September and is thereby prevented from making his application in person within 30 days, as the law specifies he shall do, he will be allowed to file it when he returns and receive a license without examination, the same as if he had been here within the specified period. The law itself is silent on this point, but it will be enforced in a reasonable manner.

Herewith are the statutory provisions and rules that will govern the issuance of drivers' licenses, as set forth in the public works department's circular.

Aimed at Reckless Driver.
"The motor vehicle operator's license law goes into effect September 1. One month's time is given to secure a license and every motor vehicle driver will be required to have his license by October 1.

"The sole purpose of the law is to control reckless driving. By the suspension of his license, a reckless driver will be kept off the highway for a time at least. It seems to be the general opinion that to deprive a person of the right to drive is more effective than a fine or even a jail sentence.

"The law will be administered by the department of public works. The county treasurer of each county acts as agent for the department.

"A summary of the main items under this law is given below:

"1. Every applicant for a driver's license must fill out an application in duplicate before a license can be issued. The original is retained by the county treasurer and the duplicate is filed with the bureau of registration at the capitol.

"2. Each applicant must make oath to the correctness of the statements made in the application, which oath may be given by the county treasurer or someone appointed by him to take applications.

"3. All questions on the application must be answered.

No Proxies Accepted.

"4. Every member of a family that wishes a license must make application in person.

"5. Persons who are out of the state during September will be given an opportunity to secure a license upon their return without any inconvenience.

"6. The owner of a car who does not drive it himself is not required to secure a license.

"7. The application should be made out on the typewriter whenever possible as these applications are filed away for permanent records.

"8. The application when taken by an agent of the treasurer must be forwarded to the county treasurer, who shall pass on the fitness of the applicant and issue the license.

"9. If a person lose his license card he will be given another for 25 cents, but this card must be marked 'Duplicate.'

"10. While a person is learning to drive he does not need a license card, but someone who has a card must always be along.

"11. The county treasurer cannot refuse a license to a person whom he knows to be a reckless driver or to a person who might be too old to drive a car. Every person who has been driving a car for six months must be given a license and the license can be revoked if it is proven that he is unfit to drive a car.

"12. The county treasurer should refuse to issue a license card to a person who is not a resident of the county.

"13. Boys and girls under 16 years of age, cannot be granted licenses to drive to school. The law previously prohibited persons under 16 years of age from driving cars. This law makes no change in this respect.

DISPOSE OF CAFE
All of the foregoing regulations apply to persons 16 years old and over who have been driving cars for 6 months prior to September 1, either in Nebraska or elsewhere. The law contemplates that every such person shall be licensed without examination. The same rule will hold until January 1, 1930.

A license once issued is good indefinitely without renewal, so long as the holder shall continue to be a resident of Nebraska, unless it be subsequently revoked or cancelled for cause.

FARMS FOR SALE

Seybert and the many friends. They were accompanied by Master Billie Young who will visit with the grandparents here for a time.

WILL TAKE UP STUDIES
Rev. Clinton Swingle, who occupied the pulpit here at the First Methodist church a week ago Sunday, arrived in the city this afternoon for a visit here of a few days at the E. H. Wescott home. Rev. Swingle has been visiting with his parents at Plainville, Nebraska, and after his stay here will leave on Tuesday for Boston where he will take up his work in the Boston Theological college and prepare for his final degrees in the ministry of the Methodist church. Rev. Swingle has served as associate pastor in the large Methodist church at Winfield, Kansas, for the past year and was very successful in his work as he is an energetic worker and an able and talented speaker, but will take the opportunity of completing his studies in the work of the ministry.

"Q" VETS TO ST. JOSEPH
Members of the Burlington Veterans association have been informed of plans for the organization's ninth annual meeting to be held at Lake Contrary, near St. Joseph, Mo., on Sept. 7th.

Most of the formalities of the usual convention have been done away with and the greater share of the day will be devoted to entertainment for the members and their wives.

According to a notice sent out by H. C. Neibuhr, Chicago, secretary-treasurer of the organization, the hour from 9 to 10 a. m., will be given over to short talks by George Donovan, Galesburg, Ill., president; by the mayor of St. Joseph and an official of the Burlington.

Then will follow a program of games and races, featured by a 100 foot dash for veterans over sixty. A big picnic dinner will be served at 12:30, followed by more entertainment.

The organization includes in its membership those who have served the road twenty years or longer and has twenty-six chapters totaling 5,250 members over the country. The ladies' auxiliary has eleven chapters, with approximately 1,100 members.

**Road to New
Bridge Should
be Started Now**

Completion of Bridge Nearer and Bickering Over Roadway Causing Much Annoyance

From Wednesday's Daily—
Back three and four years ago, the business men and residents of this city were visiting Eagle, Elmwood, Weeping Water, Louisville and Glenwood, carrying the message of a bridge over the Missouri river at this point and every meeting was filled with enthusiasm and the promise of support in every way and which was the first starting of a great movement that is now nearing completion.

The residents of Blair gave largely in the stock of the fine bridge that they have over the Missouri, which was the prospect when the matter was first suggested here several years ago and the residents of

Nebraska City are now being solicited to raise the sum of \$300,000 to secure a bridge over the river.

Here at this city, the Plattsmouth Bridge Co., was organized, there has not been any demand made as to the citizens subscribing any amount large or small, to secure the bridge and now a \$700,000 structure is nearing completion and will connect this city directly on the east and west routes to Chicago and Denver.

The time has arrived when the bridge will be ready and is without a means of communication with the city near which it is built and at this time there is an imperative need for the construction of a road to the bridge and one that the people of Plattsmouth have the opportunity of making one that will be to the advantage of their property and business interests. This is the only request that the bridge company has made and it is a most modest one indeed when the cost to other cities is viewed.

The Cass county commissioners have acceded to the requests for a road and with the assistance of the state of Nebraska has prepared plans for a highway that was suggested by the local people and the route of which was formally adopted at

a meeting of the city council several weeks ago.

This road is the one on which it is now proposed to erect a viaduct from the park on Wintersteen hill to the site of the Atlantic House on Third street to form an overhead crossing. In the building of this the Burlington has agreed to pay \$4,250, the bridge company makes a donation of \$4,250 and the city of Plattsmouth, \$10,000, half of which represents an old disputed claim of the railroad against the city for taxes that were paid by the railroad on the wrong assessment. The road to run from Third street to Main and thence west.

As the alternative to this road, it has been suggested that the road to the bridge be run on Lincoln avenue to the end of the Burlington shops and thence over the hills east to the bridge. This road will require that the city widen Lincoln avenue and also place in a sewerage system in the creek east of the avenue and along the Burlington shop property. No estimate was made of the cost of this highway but it is expected that it will reach in the neighborhood of the first planned highway.

The bridge company has not made any excessive demands for support in this great project as was stated before, but is willing that the highway come through this city to aid in possible way it might, the business interests and the value of the property along the route and near the highway.

It is time that the road matter be settled and work started on some road to lead to the bridge, the community owing it to themselves to make this effort to support a move that has cost other localities hundreds of thousands of dollars.

DISPOSE OF CAFE
From Wednesday's Daily—
Mr. and Mrs. E. P. Stewart of Louisville were here last evening visiting with friends and looking after some business affairs preparatory to departing for the west where they will visit their farm at Farnum, Nebraska. Mr. Stewart has disposed of his cafe at Louisville and the family are expecting when they return from Dawson county to move to Plattsmouth to make their home, they owning property here and where they have a very large circle of friends. Mr. Stewart has been located at Louisville for a number of years and has been very successful in his work in the cafe at that place which he has owned since the coming of the Ash Grove cement plant brought a large number of new residents to Louisville.

SHALLENBERGER WILL SHOW PRIZE CATTLE

Lincoln, Aug. 26.—A. C. Shallenberger, chief of the guaranty fund probe, hopes to bring Iowa laurels back to Nebraska with his exhibit of purebred Hereford cattle. The former is now attending the Iowa state fair at Des Moines but will bring his cattle for exhibition in Lincoln.
