

Cass County Products

are Equal in Their Line to Any on the Face of the Earth

The Farmers of Cass county are contributing to feed the world—and why not? This is one of the best counties in one of the best states in the greatest nation on earth.

Little more than a year ago, the Cass county Farmers organized the FARMERS CO-OPERATIVE CREAMERY CO., erecting a modern, up-to-date creamery which was opened January 1st.

In nine months of operation our business has doubled and trebled until today CASCO products are finding their way into all of the leading eastern markets.

You will find these products exhibited at our booth at the Cass County Fair, Sept. 18-19-20.

Farmers and everybody, drop around when you are at the Fair and see our display.

Co-Operation is our watchword. We can make your farm products more profitable. Let us tell you how. We welcome you to the fair and hope to greet you there.
