Nebraska Legionnaires to Leave Omaha and Lincoln Week from Next Saturday Night.

Nebraska Legionnaires will travel to the National convention at Louisville, Kentucky, aboard a special train, details concerning the routing of which have just reached local post officials. The train will leave the state in two sections, over the Missouri Pacific, one departing from Lincoln and the other from Omaha, the two being merged in Kansas City the following morning. The Omaha section will leave Saturday evening, Sept. 28th, passing through here at 10:15. After being merged at Kansas City, the combined sections are due to arrive in St. Louis at 9:45 a. m. Sunday, Sept. 29th, leaving there at 11 a. m. over the Southern railway, most direct route to Louisville, which will be reached at 6:30 that evening. The dates of the convention are Sept. 30 to Oct. 3, and the special train will leave immediately upon close of the convention.

A special rate of one fare for the round trip has been granted, being obtainable only on the presentation of identification certificates, which must be ordered from state headquarters so any Plattsmouth Legionnaire intending to attend the convention is urged to notify the local post adjutant at once, so that the necessary certificate may be secured.

The round trip fare from Omaha is a few cents over \$25, and would be about that amount from here. Pullman fares from here run approximately \$8.25 for lower, \$6.60 for an upper, \$28.25 for compartment and \$30 for drawing room. The special train will consist of the latest type all-steel Pullman equipment and dining car.

KANSAS CITY BOOSTERS

The Kansas City Goodwill Trade Trip, in which representatives of the wholesale houses of Kansas City will participate, will make this city one of their stopping points and the date will be on next Wednesday, September 25th. The members of the touring party are traveling in the large Grayhound buses and will come uniformed and accompanied by a band which will discourse music at the various towns along the line of the tour.

The party will make their first stop at Nebraska city and leaving there on Wednesday morning expect to reach this city at 8:15 where a stop of twenty-five minutes will be made and the members of the party call on the local business houses while the band gives a short concert and the souvenirs will be presented to the children during the stay here.

It had been the original intention to cross the Missouri river into Iowa at this point but the large buses makes it impossible to ferry them over the river and they will go onto Omaha and thence over the river there to reach Glenwood, the first stop of this city. Scott Robinson of Glenwood will join the party here and will serve as guide from this city to Omaha and hence on down the east side of the Missouri river into Glenwood. The party expects to reach Hamburg for their luncheon and will spend their night stopover on the second day of the trip at Red Oak.

MANY STRANGERS HERE

The large program of paving, graveling and grading on the highways in and near this city as well as the work on the new Missouri river bridge, has brought into this city a large group of men who are making their headquarters in this city and residing at the hotels, boarding houses and private places over the city. A very large number of these men are desirous of having their families brought here to live and this has brought on an increasing demand for furnished rooms and apartments for housekeeping. The Chamber of Commerce has been active in trying to locate these furnished apartments and every day there are large number of inquiries for the rooms suitable for light housekeeping.

NOW BARBERING HERE
