Welcomes Success!

Joe Mrasek, who is head of the Murray Transfer Company, of Murray, which conducts a fleet of trucks, purchased a few shares in the Nehawka Farmers Oil Company, and was well pleased with the oils, gasoline and greases which he used, and in quality and on quantity, as both oils and gasoline went farther, he estimated he saved more than a hundred dollars. When the end of the year came and he received his patronage and interest dividend, he found that it only lacked one dime of bringing him back an additional \$150. No wonder he is enthusiastic for the goods of the—

Nehawka Farmers Oil Company

R. C. POLLARD, Manager

Nehawka, Nebraska
Stockholders' Meeting, Febr. 4th, 2:00 p. m.

Dr. D. E. Wynegar and Albert Wolfe were looking after some business matters in Nebraska City on last Tuesday afternoon, they driving over to the Indian village in their car.

Mrs. John Opp who has been home now for some time following the operation which she underwent at Lincoln hospital is making good improvement and is hoping soon to be in her former health again.

Not that he desired to get the exercise alone out of the job of hauling hay, but because the stock needed it, C. M. Christweiser who is very work habit, was out on last Tuesday hauling hay and getting plenty of it for the stock to eat.

Mrs. Conant Wolph was taken to Omaha on last Tuesday morning early, and as the cold was intense, and the snow plentiful, it was with difficulty that they were able to get her out to the highway and many of the friends and neighbors were invoked to shovel snow that the car could get out.

R. D. Taylor and his right hand man, Jerry, were over to Omaha Monday night with a load of hoes, they had two loads but they both took one truck, the big one, and made two trips, and were so that in case there were bad roads and snow to battle, they could double teams on the bad places and get through.

Dan Anderson has been kept to the home on account of an attack of flu which came last week and which kept this excellent farmer at the home and compelled him to have someone to do the chores and feeding. His many friends are hoping that he will soon be well again and able to get out and look after the affairs on the farm.

A. F. Hanson was over to Nebraska City on last Tuesday with a load of stock which was hauled by his son, Clarence Hanson, in the truck, and while the wheeling was not so good in the country and the ways, when they had gotten to the highway they doffed their chains for the roads were very good to Nebraska City from Nehawka.

Last Monday evening while it was very cold George C. Sheldon went to the home of B. Wolph who was very sick and being in a hurry did not stop to put chains on, and got in the snow and had to stop notwithstanding the intense cold, and put the chains on his car. As many were coming and going he with others had to put in more than two hours in the middle of the night shoveling snow so that people could come and go.

A Party of Common People.

Mr. and Mrs. Harold J. Dane and their little son, Junior, have been visiting in Nehawka for some time past, and enjoying a very fine time while guests at the home of the parents of Mrs. Dane, Mr. and Mrs. J. S. Rough. Mrs. Dane has a host of friends in and about Nehawka, and in honor of the visit of the daughter, Mr. and Mrs. Rough entertained on last Friday where there gathered some twenty of the friends. The gathering took the character of a hard times party, and where everyone surely enjoyed the occasion. Mr. and Mrs. Dane are thing of departing for their home at Iowa City, Iowa, when the weather shall moderate, for it is a long trip with the temperature fluctuating with from zero to ten below. The entertainment was at the auditorium.

Here From the West.

Mr. and Mrs. Wm. August who have been in the western portion of the state for some time past, making their home a few miles from Imperial, are here visiting for the present and are enjoying the time notwithstanding the extremely low temperature, visiting with friends and relatives. While here they have been making their home at C. D. St. John's.

Mr. B. Wolph Very Serious.

The condition of Mr. B. Wolph has been very serious since the stroke which he sustained some time since and which has kept him unconscious or nearly so since the stroke. The friends and relatives have been very solicitous as to his comfort, and have been at his bedside doing all possible for his welfare.

Receives Severe Burns.

While Little Gerald Kime was playing around in the home, with his tricycle and was rounding the stove very rapidly, he was thrown from the machine and one arm which was bare came in contact with the side of the hot stove, burning the little fellow very badly. He was very plucky in allowing the injured member to be dressed and while the injury is very painful it is getting along nicely and it is hoped that no serious results will follow the burn.

Visits Son Lawrence.

On last Monday evening, Paul Schlettmeier was over to Lincoln where he went to visit Mrs. Schlettmeier and their young son, Lawrence Schlettmeier, who have recently left the Maternity home where the young lad was born and are staying for the present at the home of the parents of Mrs. Schlettmeier, Mr. and Mrs. J. C. Marshall of Lincoln, where the mother and son will visit until the weather gets some warmer, for indeed it has been some what chilly.

All Arrive at Tucson.

A telegram from Tucson, Arizona, which was received by friends and relatives here, from R. B. Stone, tells of the arrival of the second party consisting of Mrs. R. B. Stone, J. M. Stone and the son of J. M. Stone, at Tucson, Arizona, and where they will make their home for the present. In this mild and beautiful climate it is expected that the recovery of Mr. J. M. Stone will progress much more rapidly.

A Prosperous Company.

There will be a stockholders meeting of the Nehawka Farmers Oil Company with headquarters at Nehawka, where the office is managed by R. C. Pollard and which will be held at the Nehawka auditorium on February 4th at 2:00 in the afternoon, Monday. This company, during their first year have enjoyed a very good business and have made good and have all their property and holdings entirely paid for and were able to declare an interest dividend on the stock of six per cent and a patronage dividend of ten per cent on all purchases by members of the company. The investment of fifteen dollars per share has returned on every share ninety cents, and permitted the return of ten per cent on all purchases made, and supposing your purchases during the year has been in volume as much as two hundred dollars and most families will use that much of all kinds of gasoline, greases and oils, their New Years gift would have been twenty dollars a price of a good overcoat. There is an opportunity to secure some of this stock and enjoy the benefits as well.

Death of One of Leading Nehawka Residents

Bucephalus Wolph Passed Away at His Home Tuesday Night Following Paralytic Stroke

The residents of Cass county will learn with great regret of the passing of one of the long time residents of this community, Bucephalus Wolph, of near Nehawka, who passed away at his home on Tuesday evening following a paralytic stroke that he suffered several days ago.

The deceased has long been a prominent figure in the community of near Nehawka, his family having been pioneers in northern Otoe county and also in Cass county, the father, Hon. Henry C. Wolph, having come to this county in 1856 and settled on a farm in Mt. Pleasant precinct and where on October 6, 1856, Bucephalus Wolph was born, when two years of age the family moved to Berlin precinct in Otoe county where the father purchased a large farm and lived for a great many years. The Wolph family in 1874 moved to Crete, Nebraska, and B. Wolph was entered in the then newly established Doane college and was later graduated from there as a member of the second graduating class of that institution.

Following his graduation from Doane college Mr. Wolph took up the teaching profession and for several years was engaged in teaching in various schools in this county, spending some three years at Nehawka. While a resident at Nehawka Mr. Wolph was married on April 2, 1884, to Miss Gertrude Sheldon, daughter of Lawson and Julia Pollard Sheldon, pioneer residents of this locality.

After their marriage Mr. and Mrs. Wolph moved to the farm that Mr. Wolph had purchased and here they made their home for many years and by their thrift and industry, became among the leading residents of that section of the county. The deceased has been very active in the Congregational church in his many years residence in this county and has also been active in the affairs of the community in which he has resided and his advice and services were often sought in the various civic problems that arose in his community and in which he contributed of his ability to solve. Mr. Wolph is survived by the widow and five children, Emily on Weeping Water, Evelyn and Conant who are at home, Arthur of Los Angeles and Paul of near Avoca.

Sale of Sargon Breaks Records

Famous Medicine Rapidly Becoming Household Word Throughout America—24 Carloads Sold in 25 Days in 27 States—Overwhelming Demand the One Great Outstanding Proof of its Wonderful Merit.

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of a medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply a demand that has been so phenomenal as to almost stagger the imagination.

That's just what has happened with Sargon, the celebrated new medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-four carloads in 25 days sold in only 27 states is the amazing record recently made by these wonderful medicines.

In the State of California, where Sargon was introduced in April of last year, it has required 21 carloads to supply the ever increasing demand in this one state alone. Texas dealers required 9 carloads in only four months.

A single New York firm, with wholesale branches in leading cities, is selling at the rate of over a million and a quarter bottles a year. "Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another. "We are selling more Sargon than any other still medicines put together," said still another.

And so it is everywhere Sargon has been introduced. From Coast to Coast and from the Gulf to the Great Lakes, Sargon is known and honored.

Millions upon millions have used it and have told other millions what it has done for them. When suffering men and women find a medicine that helps them, they naturally want to tell their friends about it and in this way Sargon is fast becoming a household word throughout America.

FAIRVIEW SCHOOL NOTES

The Fairview school completed a very hard task for this term which was giving a program. We had it in the early part of December. There was a large audience present who enjoyed it very much. The program was followed by a plate supper. The receipts from it will be used for getting school supplies.

We also gave a Christmas program on the 21st of December. The parents and children of the neighborhood were invited to come. Even the pre-school children had pieces to speak. Everyone had a good time. Following the program Santa Claus came with many presents.

We are having the use of a new backbench this year. The school board purchased it for us and it is a very attractive one.
