

# Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

## By This Token:—

We have made the great success which the year and a half of business conduct have brought to this institution.

# —SERVICE—

to each and every member and customer of our company.

SERVICE to every home, to every garage, to every business firm. Our auto tanks hasten as soon as we are apprized of the wants of the customer. They carry not alone the best Gasoline, Greases and Lubricating Oils, but the very best service, which we endeavor at all times to give. That is one of the elements which has entered into the splendid business we have been able to build up.

## Farmers Co-operative Oil Co.

## GET YOUR Chicken Starter

at the

## Nehawka Mills

Yes, we make it for you as you want it, or tell you how to make it yourself.

W. O. Troop has his corn all planted the first time and a good deal of it is up so it could be plowed if the ground was dry enough.

John A. Davis of Murray was a business visitor in Nehawka for a short time on last Monday driving down to get a grist ground at the Nehawka mills.

There was some rejoicing at the home of Mr. and Mrs. R. D. Taylor over the arrival of a very fine bouncing baby boy at their home on Wednesday of last week, all concerned doing finely.

Henry Gruber who has been rather on the sick list for some time past is feeling much better at this time, and while this is so he still goes up to Murray to see his family physician, Dr. G. H. Gilmore.

Frank McCormick and Greedy Bell both from east of Murray and near the Missouri river, were over to Nehawka getting a grist of feed ground while the other was purchasing some feeds, at the Nehawka mills.

Mr. and Mrs. Maxfield and their kiddies of Weeping Water, were guests for a short time on last Sunday evening at the home of Mr. and Mrs. Albert Wolfe of Nehawka. They all enjoyed the visit very much.

Bennet Rose, son of Fred Rose, last Saturday night purchased a new Plymouth sedan of Clarence Hansen which he is liking very well, and why not for it is claimed to be the last word in a modern automobile.

Many people of Nehawka and vicinity were over to Plattsmouth on last Friday to enjoy the dedication of the new bridge which spans the Missouri river and to meet and mingle with the people of the county and state.

## GRATEFUL MAN FINDS RELIEF IN NEW KONJOLA

Modern Medicine Relieves Two Years of Suffering from Dread Neuritis

R. L. BILLINGSLEY

"For two years I was in constant misery from neuritis and constipation," said R. L. Billingsley, 4122 North Sheridan Road, Kenosha, Wis. "My ankles swelled terribly at night and the pain was almost unbearable. There were days when I could scarcely walk. I was constantly taking laxatives for temporary relief from constipation. My kidneys became weak and I was forced to sleep with frequent bladder actions. My appetite became poor and my general health badly run-down. "Konjola went right to work in my case. I could feel improvement in my condition from the very start. Gradually my ailments disappeared. My bowels were regulated; kidneys strengthened and in one month those terrible pains of neuritis vanished. I am taking on weight and getting stronger every day. I certainly am grateful for all the improvements in my health which this wonderful medicine made.

"Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good in the most stubborn cases when given a fair chance. From six to eight bottles are recommended as a treatment. "Konjola is sold in Plattsmouth by the Konjola Drug Co., and by all the best druggists in all towns throughout this entire section.

At U. B. Church. Dr. S. G. Zeigler, general secretary of Foreign Missions of the United Brethren church, will present some moving pictures showing the mission work in Africa. This visit continues for four times the area of the United States, and more than 90,000,000 of its population are without religious, educational or medical advantages.

The tribal life of the Africans and the changes that have been wrought by Christian Missions are to be presented in more than 1200 feet of film. These pictures were made by Dr. Zeigler on his recent trip to Africa, when he visited all of our mission stations in Sierra Leone on the west coast of Africa.

The British government is very much interested in the medical and educational work of the mission. Government officials are seeking the co-operation of mission boards in an educational movement for the masses.

The mission conducts 48 schools with 2380 children enrolled. It also has an extensive medical work which rendered 25,497 treatments last year.

These pictures present the actual life and work of the missionary so clearly that one feels as though he had visited Africa himself. Come and see them, Monday, May 26, 8 p. m., at Nehawka U. B. church. No admission charged.

## EIGHT MILE GROVE LUTHERAN CHURCH

Sunday, May 25: Sunday school at 9:30 o'clock. No services as pastor is attending Synod in Fontenelle, Nebraska.

Wednesday, May 28: Catechetical instruction begins at 9 o'clock in the morning.

Thursday, May 29.—Ascension day. German services at 10:30 o'clock on this day.

Sunday, June 1st: No Sunday school; no services. The entire congregation is invited to Tabitha home at Lincoln, Neb., for their Tabitha Home Day outdoor services. Bring your dinners along. Be sure to come. m22-sw; m23-d.

## MYNARD U. B. CHURCH

Sunday school at 10 a. m. At 11 a. m. Dr. Zeigler, our Foreign Missionary secretary will give a lecture on Africa, using moving pictures. The pictures were taken by himself while in Africa traveling with Bishop A. E. Stratton. Don't miss this opportunity to hear Dr. Zeigler's lecture. Lecture will be in the church basement because it can be darkened for the pictures. All are welcome.

NOTICE of Annual School District Meeting—District No. 102. Notice is hereby given to the legal voters of School District No. 102, Cass county, Neb., that a meeting of the qualified school electors of the District will be held at school house in said district (located at Alvo, Nebraska), on Monday, June 9th, 1930, at 8:00 o'clock p. m., for the purpose of transacting such business as may lawfully come before it, and considering and voting whether or not a levy shall be made to the amount of Eighteen Thousand Dollars (\$18,000.00), [such amount requiring a levy in excess of eight (8) mills on the dollar on the total actual valuation of the last completed valuation of the property in said school district] for general school purposes for the school year of 1930-1931.

H. L. BORNEMEIER, Sec'y of District 102.

Dining Room Suite for Sale. Walnut finish. Consists of table, buffet and six chairs.—Mrs. Elmer Rosenow, Alvo, Neb.

Dr. Heinemann ANNOUNCES The Removal of His Dental Office from Riley Hotel Building to 621 Main street—across the street from the Parnelle Theatre.

Fair Board Meets. One day last week the Cass county fair board met at the office of the Farm Bureau, where they looked after the matter of arranging the premium list and have made about all the changes which are desired. There was at the meeting besides the officers of the board, some twelve super-

## WEEPING WATER

W. L. Hobson will shortly depart for a trip to California, where he will spend a few weeks in that delightful climate.

W. J. Partridge has purchased a new four door Willis sedan, which he will use for his transportation and for that of the family.

Mrs. Emma Dittenbaugh, mother of Mrs. George Olive has not been feeling the best for some time past, but later reports show her improving.

A. H. Jones and wife were visiting last Sunday at the home of Mr. and Mrs. L. B. Gortney, postmaster of Murdock, the ladies being sisters.

P. H. Miller was a visitor at Plattsmouth on last Saturday where he was the guest at the home of his son, James Miller and family for the day.

Knude Jensen, the proprietor of the Weeping Water market was a visitor in Lincoln on business on last Tuesday afternoon, driving to the big city.

Jack Roddy of Union, a hustling realtor of that city was a visitor in Weeping Water on last Saturday and was looking after some business matters while here.

Spencer Marshall who a year ago purchased the George Ellis property has just been having the same painted and otherwise improved, making the place one of beauty.

James M. Teegarden was called to Plattsmouth to look after some business last week and timed his visit to Friday when the celebration of the new bridge was being held.

Attorney C. E. Teft was a business visitor in Plattsmouth for the day on last Saturday, he driving over to the county seat to look after some business matters at the court house.

Mrs. O. L. Hoffman and son, Robert were visiting at Plattsmouth on Tuesday afternoon of this week, being guests at the home of the parents of Mr. Hoffman, Wm. Hoffman and wife.

George Mullen, night watchman of Weeping Water found a man asleep in his car, and who was also overcome by too much hooch, arresting him and having the county sheriff send a deputy over for the man.

Henry Shell and the family moved to Sterling, where he has accepted a position as manager of an elevator, they departing for their new home on last Sunday, they having previously shipped their household effects.

Miss Clara Engelke of Plattsmouth, has been in Weeping Water during the past week where she has been caring for her sister, Mrs. Sterling Amick who was quite poorly for a number of days, but who at this time is feeling much improved.

Miss Dorothy Ossenkop who has been teaching in the western portion of the state returned to Weeping Water following the closing of her school and is visiting with her grandmother, Mrs. Glover for a while before the opening of the summer school which she will attend.

Mrs. Lawrence Carnes and two children Richard and John of Houston, Texas, are visiting for a short time with the mother of Mrs. Carnes, Dollie Duffield in Weeping Water.

Mrs. Duffield was also pleased with a visit from her two sons, Dewey of Omaha and George of Chicago.

Theo Davis was a visitor in Avoca, Eagle and Murdock on last Tuesday where he was looking after some business matters as well as canvassing for the nomination for sheriff on the republican ticket.

There are three candidates for the position on the republican ticket, and all three good men. The democratic ticket seemingly has not so many, Mr. Davis was over the country in the interest of his candidacy.

Last Saturday night Mr. and Mrs. Guy Lake had returned to their home from a trip down town near midnight and left their car standing in front of the house, looked out shortly after having arrived home to find that their car had disappeared and thinking that some one had taken it for a joy ride did not give the alarm, but as it did not return they finally notified the authorities, but unto this time the car has not been found.

Pays Very High Compliment. J. J. Meier, president of the Weeping Water commercial club, speaking of the very fine reception of the visitors from Weeping Water which was given by the members of the Chamber of Commerce, had to say Plattsmouth sure has a wide awake bunch of boosters for the town and for all Cass county.

Mr. Meier who is Plattsmouth for a time some thirty three years ago, said that had the town at that time had as live a bunch of boosters as it has now the town would now extend to South Omaha. The good fellowship which was manifested by the members of the Plattsmouth Chamber of Commerce and every citizen demonstrated they had an interest in every person of Cass county and are endeavoring to benefit all in every way.

Give Fine Concert. The Weeping Water band, under the direction of their leader, Professor A. W. Hawkins gave a very fine concert on last Thursday, this time they giving the concert from the pavement instead of the band stand, and which suited the people better.

This year the band is better than ever which is saying a good deal, for Weeping Water has always had an excellent band.

One day last week the Cass county fair board met at the office of the Farm Bureau, where they looked after the matter of arranging the premium list and have made about all the changes which are desired. There was at the meeting besides the officers of the board, some twelve super-

intendents of different divisions and have about all in readiness for the premium list and programs which it is expected will get to the printer in a short time. The fair which will be for four days will be bigger and better than ever this year.

Dr. M. U. Thomas Home. Dr. M. U. Thomas who was at the hospital at Lincoln for the past two weeks and where he underwent an operation some time since has been showing good improvement and was able to return home the latter part of last week and still continues to improve with each day.

The American Legion. The American Legion boys of Weeping Water, most of whom are attached to the post at Nehawka will be joined by the boys from that place in the celebration of Memorial day, here and those here will then go to Nehawka for the celebration which will be held at that place the following Sunday.

Will Install New Markers. The American Legion lads of Weeping Water have arranged to place markers at the resting places in Oakland cemetery at Weeping Water, designating the graves of all members of the G. A. R. post, of the Spanish American war boys and also of the American Legion boys, as that has been neglected. There had been markers for the G. A. R. soldiers but time had in a measure destroyed them and they will all be replaced at this time by the ex-service men of Weeping Water.

## FARM BUREAU NOTES

Copy for this Department furnished by County Agent

### Two Alfalfa Wilt Control Measures.

Two of the recommendations regarding alfalfa wilt control made by the Agriculture College of the University of Nebraska apply to the present season of the year. The first one is to cut the alfalfa only when the plants are dry. The second is to mow each field separately, preferably moving from the young, disease-free field to the older field that may have wilt in it. These two practices will help control the spread of the disease.

While strains or varieties of alfalfa are being developed to resist wilt, farmers can help their present situations by using the best hardy seed available, by seeding fields not previously in alfalfa or near old stands of alfalfa, by using cultural practices to insure a vigorous and productive stand, and by avoiding late cutting in the fall.

These conclusions are contained in a new Nebraska Experiment Station bulletin No. 249 which summarizes the experimental work in Nebraska on the alfalfa wilt problems.

### Cattle Fattened on Alfalfa Pasture.

Heifers were successfully fed on alfalfa pasture and shelled corn last summer at the North Platte experiment station. They gained 20 pounds more per head than heifers on alfalfa and corn. Their gains cost \$1.08 less per hundred and they returned \$4.99 net per head more than heifers on hay and corn. They showed a profit per head of \$14.43.

The heifers were put on feed on June 11 and fed 149 days until the last of October. The alfalfa pasture gave out on Oct. 9 when the pasture fed lot went onto alfalfa in dry lot for the remaining 20 days. On Sept. 3, the pasture fed heifers were 38 pounds per head heavier than those in the hay fed lot, but they lost about half this advantage in the latter part of the test.

Short yearling heifers weighing nearly 400 pounds were used. They were started May 23 on five pounds of corn and cob meal per head per day. By June 11, they were on full feed of corn and half of them were turned to pasture where they remained through all kinds of weather during the entire season. Animals on pasture did not bleed. The secret of preventing bleed, those in charge believe, lies in having the cattle on a full feed of corn before they are started on the alfalfa, and then in keeping the gates open rain or shine.

### Dairy Field Day.

The program for the Dairy Field Day, May 28 at the College of Agriculture at Lincoln is: 10:00 a. m. Judging contest at Dairy barn. R. F. Morgan and C. W. Nibbler in charge. 11:30 a. m. Lascelles, Fred Idess and R. L. Holden, judges. Each association should be represented by a team of men.

10:00 Dairy products judging contest for the ladies and men (cream, butter & ice cream) P. A. Downs and E. L. Reichart in charge. Each association should have a team of three to represent their association.

12:30 to 1:00 lunch, L. K. Crowe in charge.

1:00 stunts, L. I. Frisbie in charge. 1:45 Welcome, Dean W. Burr. 2:45 How the dairymen protect his herd against abortion disease, Dr. C. H. Hayes in charge.

2:30 The Dairymen's Breeding problems, Prof. H. P. Davis. 3:00 Care of Dairy Utensils, Prof. L. K. Crowe.

3:30 Why be a member of the Dairymen's Association? M. N. Lawritson, Pres. 3:40 What D. H. I. A. is Doing for Nebraska, E. C. Schiedenhelm. 4:00 Awarding of Special Prize by Nebraska Jersey Breeders Club, Conductor by Sumner Barnell, President Nebraska Jersey breeders association.

1:30 Tour of poultry plant for women, Conducted by Prof. J. R. Redditt.

### Crop Report.

The abandonment of winter wheat for the U. S. is 11% leaving 38,676,000 acres for harvest as compared with 40,162,000 acres harvested last year and the 10-year average of 35,585,000 acres. The condition of 76.7% indicates a production of 525,970,000 bushels compared with 578,236,000 bushels harvested last year and the 10-year average of 559,626,000 bushels.

About 3,521,000 acres of rye are left of harvest as compared to 5,225,000 acres last year and the 10-year average of 3,765,000 acres. The condition of 84% forecasts a production of 46,831,000 bushels as compared to 40,529,000 bushels last year and the 10-year average of 56,851,000 bushels. The condition of hay is 73.2%; early potatoes, 74.2%; peaches, 44.5%; pasture, 77.3%.

### Small Grain Certification.

Judging from the number of farmers that have inquired at the office for certified seeds the time is surely right for some growers to be producing enough good seed to supply the local demand at least. If you have a field of wheat, you are certified don't fail to do it. Rules and application blanks may be had at the farm bureau office.—D. D. Wainwright, Co. Ext. Agent, Jessie H. Baldwin, Asst. Co. Ext. Agent.

### FOR SALE

A Fordson tractor, in excellent mechanical condition, also tractor cultivator that will work successfully on this tractor One ton HIC speed truck, cheap, 1923 model. A. C. AULT, Cedar Creek. m22-2tw.

## Oil in a Can is Like a Race Horse in a Stall

Lubricating Oil in a bottle or a can may look fine—so may a race horse in a stall. But put the horse on a track, make him run a half mile and he may prove all looks and nothing else. The same is true of Motor Oil!

### Looks, Color and Extravagant Claims Mean Nothing at All

It is the test of actual performance that shows up poor horse—and poor oil. Mona Motor Oil does not break down under the most intense heat. Try a Crank case full.

# Trunkenholz Oil Co
