Judgement:-

That is what is called for when a close decision is wanted from the umpire at a ball game and that is what Time calls for from us. Sickness, Financial Reverses, Old Age—all of them are problems that call for a decision and able judgment on how best to meet them. Backed up by a good bank account to your credit, you can meet all these problems when they come before you for solution, but woe betide the man who when these problems present themselves for solution can only say, "I wish I had saved some money for this proverbial rainy day."

The Tumble in apartments, that is the home of Thomas Nelson, has just been terraced in front and flowers planted which makes the place a bower of beauty, just the thing for a home for a man like Tom.

Murray School Closes.
Last week the Murray school closed and the examination of the members of the eighth grade resulted in the passing of the entire class. The examination of the tenth grade which is the highest, will take place this week.

Murray Red Cross Does Good.
With the very severe storms over the state which caused much loss of property, many lives and much suffering, the call on the Red Cross was considerable. The call came to Mrs. G. H. Gilmore and she passing the matter along to the people, they responded and from that Tekamah was sent \$25, and Hastings, which also suffered a lot, received \$20, thus showing that the heart of the people of Murray and vicinity was in the right place. Mrs. Gilmore, who is the secretary of the local branch, extends thanks to all who assisted.

Mr. Joseph Hallas Better.
Mr. Joseph Hallas, father of L. J. Hallas of the Murray State bank, who is in the hospital at Omaha, is reported as getting along nicely now and making good progress. Mr. Hallas was over to Omaha on last Sunday to see the father and found him quite a deal better.

Murray a Good Point.
Last week was the banner week of Caelan Muchlinsky for business. He has been in Murray for two and a half years, and last week was the very best week which he has had during his stay in Murray. Vac says that Murray is a good place for business and likes the town very well as there is an excellent class of citizens here.

MAKES HURRIED TRIP

From Wednesday's Daily—
The ride of Paul Revere to arouse the sleeping minute men of New England that preceded the opening gun of the Revolutionary war, or that of General Sheridan to rally the Union forces at a prospect last evening when Frank A. Cloldt and E. H. Wescott of this city raced to Pacific Junction to aid in the commencement exercises of the schools of that place. Mr. Cloldt had thought of having an evening of songs without words and accordingly had come out in the country some eight miles, while Mr. Wescott was resting at home and with the prospects of a quiet evening. The telephone at the Cloldt home shrilly rang and on being answered by Mrs. Cloldt a frantic voice from Pacific Junction inquired if Frank would be compelled to rescue their commencement program there as it faced an evening of that place. RECEIVES JAIL SENTENCE

From Wednesday's Daily—
Yesterday afternoon Charles Reebie of Weeping Water was brought over to this city by Deputy Sheriff Rex Young to answer to the charge of possession of a gun. Reebie was fined against him by County Attorney W. G. Klock. The defendant on being arraigned on the charge entered a plea of guilty and received a sentence of forty days in the county jail for the offense.

MARRIED AT COURT HOUSE

From Wednesday's Daily—
County Judge A. H. Duxbury last evening united in the bonds of wedlock, Miss Helen E. Sanders and Mr. Otto Moss, both of Omaha, the bridal parties having motored down from their homes for the ceremony that was to mark their life's happiness.

Rupture Shield

Expert Coming to PLATTSMOUTH on Monday, June 2d at the Main Hotel from 10:00 a. m. to 4:00 p. m. Evenings by telephone appointment only ONE DAY ONLY No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:
The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkable short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear. Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones. Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained. No elastic belts nor filthy legstraps are used. I guarantee the durability of my absolute sweat and moisture proof, sanitary appliances. 75% of ruptured children recover completely through expert mechanical treatment according to statistics. Do not waste your money on widely advertised mail order contraptions. You cannot yourself. C. F. REDLICH, Rupture Appliance Expert, Home office, 535 Boston Block, Minneapolis, Minnesota.

FILES FOR SENATOR

George Walter Olson, of this city, who some weeks ago announced his intention of seeking a seat in the Nebraska state senate from the second senatorial district comprising Cass, Otoe and Sarpy counties, has made his definite filing for the position. Mr. Olson will seek the democratic nomination to the office of senator. He made his declaration of the principles on which he would come before the voters some weeks ago, taking definite position on the matter of the state bank guaranty law as well as other matters of legislation where he feels the great common people should be given more consideration.

Mr. Olson has made his home in the county for many years and prior to coming to this city was a resident of Union for some years. He has made his home in Plattsmouth for the greater part of the time and as soon as his filing is accepted will start in on his campaign for the nomination for senator.

Mr. Olson's filing has come close on the filing of the petition of the friends of Senator Banning and whether these two will battle out the contest or will have other foemen to contend with, remains to be seen.

Mayan History is Pushed Back Five Centuries

Tulane University Party Reports Discoveries of Fresh Importance

Chicago—History of the Mayan ruins of Uxmal in Yucatan has been pushed back probably 500 years or more as a result of studies made by the Chicago World's Fair Expedition, conducted by Tulane University, Dr. Frans Blom, the director, wired to its Chicago sponsors.

Dr. Blom's telegram stated that 19 hieroglyphic monuments or steles had been located. "The largest amount ever found in one Yucatan ruin at one time," and declared that the discovery would force changes in present theories.

The expedition is expected back in New Orleans about May 20. Having completed the task of measuring and taking plaster casts of the so-called Nursery Quadrangle, which is to be reproduced for the Chicago World's Fair, the Tulane staff is returning home to complete its work. The men are bringing maps and surveys, some 300 photographs and reports of investigations of 11 temples not previously studied.

Dr. Blom wrote in enthusiastic terms of the co-operation accorded his staff by the Mexican Government. At one time a special Pullman car was put at the disposal of the expedition. The Governor of Yucatan assisted to the fullest extent.

The Tulane archeologist was assisted in his work by engineers, architects, sculptors and students of Tulane University. When they arrived

on the scene, the company had to drive over the swalloes and bats that had held sway for centuries.

"The more we got into our work," Dr. Blom wrote, "the more we realized what excellent architects these builders of Uxmal were."

The Mayan structures to be duplicated in Chicago will house examples of Indian civilization from the Mayan age to the present.

CAMP FIRE GIRLS

The Wolohese Camp Fire group met Tuesday, May 13th at the home of Winifred Rainey. This was a handicraft meeting and all of the girls brought leather or bead handbands to work on. Two of the girls finished theirs, so they will be able to wear them at the next ceremony. The following girls attended this meeting: Mrs. Ofe, Winifred Rainey, Irene Simons, Madge Garnett, Emily Lorenz and Doris Patterson.

Our next meeting will be held Tuesday May 27th at the home of Irene Simons. As this is a council fire we want all of the girls to hand their honors to Mrs. Ofe before May 20th. Please remember this meeting.
