Two Gardens of the Bible
VI. GETHSEMANE
Jesus, the Redeemer—Types of the Christ in the Old Testament. (1) The

Lamb of the Passover (a) without blemish, perfect; (b) a year old, in the strength of youth; (c) a male, denoting power. (2) The Lamb slain—seen by Isaiah 53:7, "as a lamb brought to the slaughter;" also seen in Rev. 5:6, "stood a lamb as it had been slain" and by his sacrificial death "that redeemed us unto God by his blood." (3) Seen by John the Baptist, as he cries (John 1:29), "Behold the Lamb of God, which taketh away the sin of the world." This was typified in the feast of Atonement (Lev. 16:7-10)—the scape goat. (4) Jesus was without sin. (John 8:46). "Which of you convinced me of sin? He never yielded to temptation, although "He was tempted in all points like as we are, yet without sin. (Heb. 4:15.) (5) The brazen serpent. (Num. 21:9.) Sin was brought into the world by the serpent; the antidote is the lifted up Christ. (John 3:14-17) "My faith looks up to thee." (6) A perfect man could redeem sinful men. Jesus Christ was perfect. "God made the captain of our salvation perfect thru suffering. (Heb. 2:10.) Though he were a son, yet learned he obedience by the things which he suffered and being made perfect, he became the author of eternal salvation unto all that obey him." (Heb. 5:8.) "And the third day I shall be perfected"—after his resurrection (Luke. 13:32.) (7) By the full surrender to the will of God in Gethsemane when Jesus said, "I drink it." (Math. 26:42.) When the struggle became so fierce that "His sweat was as it were great drops of blood falling to the ground." (Luc. 24:44.) By the complete surrender of his will to the will of the Father "We are satisfied through the offering of the body of Jesus Christ once for all." (Heb. 10:10.) (8) As High Priest, typified by Melchisedek. (Heb. 7:1.) The Levitical priesthood was not perfect, hence God annulled the old form (Heb. 7:18) and brought in a new order of things. The law made nothing perfect, but the bringing in of a better hope did." (Heb. 7:19.) The new order is unchangeable. (Heb. 7:26.) Jesus Christ, as High Priest, entered into the Holy of Holies, not with the blood of goats or calves, "but with his own blood he entered in once into the holy place, having obtained eternal redemption for us." (Heb. 9:12.) For such a High Priest became us, who is holy, harmless, undefiled, separate from sinners, and made higher than the heavens." (Heb. 7:26.) Jesus, as High Priest, entered into the Holy of Holies, not with the blood of goats or calves, "but with his own blood he entered in once into the holy place, having obtained eternal redemption for us." (Heb. 9:12.) For such a High Priest became us, who is holy, harmless, undefiled, separate from sinners, and made higher than the heavens." (Heb. 7:26.) Jesus, as High Priest, entered into the Holy of Holies, not with the blood of goats or calves, "but with his own blood he entered in once into the holy place, having obtained eternal redemption for us." (Heb. 9:12.) For such a High Priest became us, who is holy, harmless, undefiled, separate from sinners, and made higher than the heavens." (Heb. 7:26.)

Entertained the Woman's Club.
On Wednesday of last week, Mrs. Clifford Richardson and sister, Mrs. Bert Rager, the latter of near Greenwood, were hostesses to the South Ashland Woman's club, whose membership is south of Ashland and east of Greenwood, and extending to north of Murdock. There was a large and enthusiastic crowd present, the feature of the day being a discussion of the month in which their birthday fell. The entertainment of program committee being composed of Mesdames Clifford Richardson, Bert Rager, John Laughlin, Peter Lenhart, E. E. Brunkow, Opal Barden, Helen Lemen, Mrs. Emma Steward, aunt of Mesdames Clifford Richardson and Bert Rager, was guest of honor and with her there were also four other visitors. Refreshments were served. Those born in February wore patriotic caps and also had the picture of the great emancipator pinned on their dresses. With the members, guests and children present, there was in the neighborhood of sixty, which made a most interesting party.

Sewing Club Meets.
The Priscilla 4-H Sewing club met at the school house July 16th, to hold the regular meeting. Seven members were present and one visitor, Miss Emma Norenberg.

In the absence of Mrs. Amgwert, our leader, Mrs. Norenberg took charge. The aprons which had been finished, were judged. New leaflets explaining the princess slips were passed around and read.

The next meeting will be held August 6th. All visitors are welcome.

Pioneer of Murdock Dies.
Harry V. McDonald was born in Wisconsin, August 8, 1865. Even from his early youth, his was a life of responsibility. Before he was ten years old, his mother passed away leaving four children of which Harry was the oldest, and thus the one to whom most of the responsibilities of the home fell. As the years went by these domestic responsibilities increased and at 16 it became necessary for him to take over the entire care and responsibility of the home. His father, prior to his death a few days ago, lived with him for many years and was entirely dependent upon him. All of these responsibilities were willingly assumed and faithfully fulfilled.

Forty-two years ago, on Nov. 22, 1887, he married Miss Hannah Jones. Six children were born to bless this home.

He came to Murdock as one of the pioneers in 1892, almost thirty-nine years ago. Upon his arrival he established himself in the drug store business, which he was still carrying on at the time of his death. During all these years he took an active part in the affairs of the community. He saw it develop from the raw prairie stages into its present prosperous condition and his going takes from the community one of her first residents.

Mr. McDonald was 64 years, 11 months and 12 days old, at the time of his death on Sunday morning, July 29, 1930. One sister, Mrs. Viva Scott, and one son, Merle, preceded him in death.

He leaves to mourn his departure, his wife; three sons, Lacy, Gale and Byron; two daughters, Mrs. Letta Gillespie, and Mrs. Irene Eastman; a host of other relatives and friends.

Celebrated 75th Birthday of Murdock Man

John Scheel is Honored by Presence of Most of Children and Their Families Last Sunday.

A very pleasant family celebration took place at Murdock last Sunday evening at the home of Mr. and Mrs. John Scheel, pioneer Cass county residents, in honor of the 75th birthday anniversary of Mr. Scheel. The affair was planned and arranged by their youngest daughter, Miss Alma Scheel, who has a position at the Hotel Paxton, in Omaha. Much to the disappointment of the family, not all the members could be present, but a most enjoyable time was spent together by those who found it possible to attend.

A beautiful birthday cake was baked by Mrs. Frank Hart, a daughter who lives in Red Oak, Iowa, and Mr. and Mrs. Hart also brought along some delicious ice cream from the ice cream factory of their city. Mr. Scheel received some splendid gifts from his children and he was showered with many good wishes and congratulations from all, the neighbors coming in informally to extend their greetings. All were served with ice cream and cake.

While the celebration was on and while all were rejoicing together, they did not forget to voice their gratitude for the "million dollar rain" that had fallen that afternoon and which had saved the bountiful corn crop for the state.

The children present were Mr. and Mrs. Frank Hart and son; Joe, of Red Oak; Mr. and Mrs. Russell Rodgers and children, of Denver; Mr. and Mrs. Frank Rieger and daughter, Miss Irene and Dorothy, Mr. and Mrs. Edward Jochim and family, of this vicinity; Miss Alma Scheel, Fred Tonack and sisters, Misses Marie and Minnie, of Omaha, and a granddaughter, Miss Greta Voitzel, of Greenwood.—Louisville Courier.

Roads Ordered to Cut Charges from the West

General Reduction to Principal Seaports in Effect October 1—Aids Nebraska Territory

Washington—A general reduction in grain rates thruout western territory to principal seaports was ordered Friday by the interstate commerce commission, to become effective Oct. 1. Members of the commission estimated the application of the new schedules would reduce earnings of western railroads to \$15,000,000 or more per annum. But that some of this had been compensated for by recently granted increases in classified freight rates.

A new method of making schedules, described as "the rate break basis" was prescribed for the railroads to follow. This rate form was devised by the business interests of nearly all the great western primary grain market cities. Under the new system one rate will apply on wheat, and other grain and grain products such as flour and meal. The commission considered proposals to establish a system of export rates definitely lower than the schedules applying to domestic shipments, but rejected it and left the present relationship between export and domestic rates substantially unchanged.

Some Wheat Rates Higher.
While on the whole substantial reductions are expected to result from the application of the decision, some wheat rates from North Dakota were increased, as were rates on other types of grain from North Dakota and Minnesota to principal markets.

The findings were entered at the conclusion of a special investigation instituted after the adoption of the Hock-Smith congressional resolution was not perfect, hence God annulled the old form (Heb. 7:18) and brought in a new order of things. The law made nothing perfect, but the bringing in of a better hope did." (Heb. 7:19.) The new order is unchangeable. (Heb. 7:26.) Jesus Christ, as High Priest, entered into the Holy of Holies, not with the blood of goats or calves, "but with his own blood he entered in once into the holy place, having obtained eternal redemption for us." (Heb. 9:12.) For such a High Priest became us, who is holy, harmless, undefiled, separate from sinners, and made higher than the heavens." (Heb. 7:26.) Jesus, as High Priest, entered into the Holy of Holies, not with the blood of goats or calves, "but with his own blood he entered in once into the holy place, having obtained eternal redemption for us." (Heb. 9:12.) For such a High Priest became us, who is holy, harmless, undefiled, separate from sinners, and made higher than the heavens." (Heb. 7:26.)

Schedules Are Complex.
In view of the general commercial practice of shipping grain on transit arrangements, by which the grain is converted into flour or meal while technically moving under a single rate, the rate schedules provided were extraordinarily complex.

In considering the rejection of the proposal to place export freight rates on wheat and products at about 15 per cent or more lower than domestic rates for the same grain, the commission Lewis, with the concurrence of Commissioner Tate, argued that the position of the nation as a "surplus producer of grain, particularly wheat," required this.

Notwithstanding, he said, the "more equitable rate structure created by the findings of the commission majority deserved support, he added that "a survey of specific rates reveals cuts of 20, 30, 50 or even 60 percent in the present charges," which would bear severely on "some of the carriers which are not at this time in a position to stand such reductions."

Specific Rates Announced.
Fixing specific export rates the order prescribed 25 cents per hundred pounds from Kansas City and Omaha to Montreal against a present rate of 31 1/2 cents; to Baltimore from Omaha and Kansas City a rate of 21 cents against present rates of 28 1/2; from Omaha to New Orleans the present rate of 24.5 cents was to be reduced to 21 cents; from St. Louis to Baltimore the new rate will be 22 cents against Orleans 14 cents against a present rate of 11; Chicago to Baltimore will become 17.5 cents against 21; from central Illinois to Baltimore will become 17.5 cents against 22.5 now charged; and to New Orleans the new rate will be 25.5 against 22.5 cents.

No orders were entered in reference to grain shipments from the lake ports via Buffalo to north Atlantic ports for export. From Montana territory export and domestic rates on wheat were left at identical levels.

Some of the New Figures.
Some of the specific new rates in more important wheat producing and handling territory as compared with existing schedules were laid down by the decisions as follows:

To Minneapolis from Sioux City 8.5 cents against 12.5; from Omaha 11.5 cents against 16.5; from Kansas City 15.5 cents against 17.5.

To Chicago from Minneapolis 11 cents against 13; from Sioux City 15 cents against 17.5; from Omaha 15 cents against 17.5 and from Kansas City 15 cents against 17.5.

To St. Louis from Sioux City 16 cents against 15; from Omaha 13 cents against 15.5; and from Kansas City 9 cents against 13.5.

To Memphis from Kansas City 14 cents against 24; from St. Louis 9 cents against 11.5.

Among export rates a charge of 21 cents was fixed from Kansas City to Texas ports known as "Group 2" against a present charge of 23.5; while from Omaha to the same points the new rate was fixed at 27 cents against the present rate of 24.5.

From Colorado to the Missouri river a general figure of 28 cents was fixed for grain shipments as compared with the existing charge of 33 cents.

To Chicago from Iowa grain rates were altered only in minute degree, both increases and reductions resulting, and the same was true of Iowa shipments to Minneapolis, tho a number of reductions in Iowa grain rates to Omaha, St. Louis and Kansas City were indicated, averaging between 5 and 10 percent of present schedules.

From Kansas points to Chicago reductions were general. Among these were a new rate of 30 cents from Wichita against a present rate of 35.5; 33 cents from Dodge against 38; and 24 cents from Olathe against 27.

Shipments from Kansas points to Kansas City were likewise given general reductions, the new schedule from Olathe being 7 cents against 9.5; from Wichita 15 cents against 18, and from Dodge City 18 cents against 20.5.

To Galveston and Houston from Kansas the new rates were also sharp reductions in all cases. The present domestic wheat rates from Wichita to these points is 46c and the present export wheat rate is 7c; both will become 33 cents. The new rate from Dodge City was 39.5 cents; from Kansas City 35 cents and from Hutchinson, 37 cents.

Cuts Made for Nebraska.
Out of Nebraska growing territory to Chicago, Omaha, Kansas City and the Texas ports the reductions ordered were general and ranged up to 15 or 20 percent. A few increases from North Dakota to Minneapolis and Duluth and from a few North Dakota points to Chicago were laid down, but these were minor in amount.

All changes made in Oklahoma rates to Chicago, Kansas City, Texas ports and New Orleans constituted reductions; South Dakota rates to marketing points were reduced, as were nearly all Texas schedules applying on grain. The exact revisions given were representative of those prescribed for other points and railroads were ordered to make the general adjustment conform to the standards laid down.—State Journal.

Manley News Items

Herman Mann, George Vogler and Wm. Scheehan were shelling and delivering corn to the elevator in Manley on last Monday.

H. Bergman was called to Omaha last Tuesday to look after some business matters which means more goods for the store.

Herman Rauth threshed and delivered his small grain during the past week and is now ready for the later summer farming work.

Herman Dall and the family were looking after some business matters at Murdock for a short time on last Wednesday, they driving over in their auto.

Andrew Schliefer and wife were over to Omaha on last Monday evening, where they enjoyed the show which is put on under the auspices of the Ak-Sar-Ben.

Fred Flaischman and the good wife were over to Omaha on last Monday evening, where they attended the play incident to the amusement nights which the Ak-Sar-Ben sets aside for residents of the different counties.

Among those attending the show at the Ak-Sar-Ben den at Omaha on last Monday evening were Rudolph Feigley and wife, A. Steinkamp, Joseph Wolpert, Harold Krecklow, Verne Rockwell, Walter O'Brien and wife, George and Henry Vogler, Teddy Harms, Oris and Arnold Schliefer, Eli Keckler, William, John and Joe Scheehan.

Art is long and time is fleeting, as was proved that the motion of the hand is quicker than the eye, for at the Ak-Sar-Ben there was arranged a screen which was almost invisible, but still there just the same, and when one walked into it, there was something doing. Anyhow, a couple of the visitors from Manley are minus a piece of skin from their noses because they did not see the screen in time.

Threshing is nearly completed in this vicinity with fair returns—no exceedingly large yields reported and no very small ones—just a good, satisfactory yield from most fields. The rain of last Sunday caused a heavy selling of the reserve corn and consequently good receipts were in order for a day or two. While there are still a few lots of corn in the farmers' hands, the amount of old crop remaining in the country is small, and will probably be put onto the market pretty slowly from now on.

Award Contract for School
T. J. Jamison, of Lincoln, the successful bidder on the erection of the new school building in Manley, was here a few days ago and entered into a contract with the Manley lumber yard, conducted by Crane, Curves & Murty, and managed by John Crane, for furnishing the material used in the erection of the building.

The school board is contemplating the purchase of some more land for school grounds, but nothing definite has been done as yet.

Many Attend Ak-Sar-Ben
There was a large crowd from Manley at the den at Omaha on last Monday evening, with some eighty tickets provided in the beginning, and still a demand when all were gone. It looks like the Ak-Sar-Ben has no cause to complain the way Manley and vicinity treated them. There were many who were there with their wives as the practice of entertaining the ladies was instituted with this year.

Meets with Accident
While Herman Dall was returning from a trip which his business called him to Omaha, and was north of Louisville, a number of miles, his car struck a pile of loose gravel that caused it to skid and strike a road machine. The car was overturned, doing some damage to the car and injuring Mr. Dall more or less. He was able to get on home, but has since been feeling pretty sore from the numerous bruises and sprains which he sustained.

Played a Nifty Game
At the Manley ball park on last Sunday was gathered a goodly number of the Manley baseball fans and sure nearly everyone here is a dyed-in-the-wool baseball fan, for the purpose of enjoying the very fine game which was played between Manley and Louisville. The game was won by the visitors by their very fine playing and a slight mistake which was made by a few of the home team members. However, another time and it may be different. Play ball and be happy.

Entertained Friends Sunday
Fred Flaischman and wife entertained at their home for the day and for dinner on last Sunday and had as their guests for the occasion, Joanna Sutphin and family. It will be remembered that Mr. Sutphin was formerly one of the merchants of Manley, he having a store for a time in the building where Mr. August Krecklow now conducts his garage. Henry Taylor and John Flaischman and families of Louisville were here, as well, and all sure enjoyed the very fine visit together.

Home from Hospital
Mrs. Adolph Steinkamp, who was at the hospital in Omaha for an operation for bad tonsils, returned home after having had them removed and is getting along nicely at this time.

BANQUET CREWS FOR 'NO ACCIDENT' MARK
Pawnee City, July 25.—Members of the Iowa-Nebraska Co.'s construction crews working between here and Table Rock were guests of honor at a banquet given here by the firm in honor of the "no-accident" record made by the six outfits.
