Economy

The proper care of any machine is true economy. Say, how are your brakes; are they working? And the rods in your motor—Does the battery turn the motor over like it means business? True economy is keeping the machine in perfect condition. We are here to do it.

Mother Nature's at Her Best

In April, and you ought to be out enjoying the countryside as it unfolds itself. But, it's impossible to take the fullest pleasure in these outings unless your car's in A-1 working order.

NOW, of all times, have it fixed—right—for the season. And, in all due modesty, we can think of no better place to have that done than right here, at the—

Fourteen New Laws Signed by Governor Bryan

Loaf Bread Weight Measure Become Law for 3rd Time as First Measures Unconstitutional

Among the fourteen bills to which Governor Bryan affixed his signature Tuesday was H. R. 51 by Ed A. Smith of Omaha, standard bread weight law which is similar to the laws twice before passed and twice declared unconstitutional. The bill was signed in the presence of the introducer and Tremor Cone, who introduced at a former session one of the laws that was judged unconstitutional.

The other thirteen bills which will become laws were:
H. R. 142—Introduced by Frank J. Kipping of Wayne. This law requires a visible placard in places where food is served with imitation butter or cheese.
R. R. 144—Introduced by R. T. Jones of Scotts Bluff and William Iodence of Box Butte. A law authorizing rural high schools which have heretofore incurred indebtedness to issue bonds to the extent of 6 per cent of the aggregate assessed valuation of its several school districts for the purpose of raising money to pay such indebtedness.

H. R. 149—Introduced by C. R. Curry of Furnas, by request. This act amends the old law which relates to nonpolitical nominations. The form of the petition and affidavit is set out therein.

H. R. 176—Introduced by Walter R. Johnson of Douglas. This law provides for the publication of a cumulative supplement to the compiled statutes of Nebraska 1929; and to declare an emergency.

H. R. 43—Introduced by Ed A. Smith of Douglas. This law sets out specifically the amount of fees the county judge is entitled to collect in civil matters.

H. R. 42—Introduced by Ed A. Smith of Douglas and Senator John W. Cooper of Douglas. This law invests the county court with jurisdiction of trust estates created by the wills of deceased persons; provides for the qualification, appointment and removal of testamentary trustees, and for the management and settlement of such trust estates.

H. R. 177—Introduced by Henry P. Hansen of Lincoln. This is a motor vehicle law which provides for rules of the road for motor vehicles traveling or operating on roads, avenues or boulevards running within, through or along the grounds of state institutions—there is also a penalty for the violations.

S. F. 124—Introduced by Arthur L. Neumann of Burt. This act relates to the pollution of waters of this state with substances injurious to aquatic life and provides that corporations, cities of the second class and villages may use, or continue to use such waters for the purpose of discharging refuse and or sewage therein under certain conditions.

S. F. 137—Introduced by H. G. Wellensiek of Hall. This law provides that some officer of the bank or association make a statement of the capital stock and stockholders which is delivered to the county assessor to be listed and assessed by assessor as intangible property.

S. F. 176—Introduced by H. G. Wellensiek of Hall. This law defines burial associations; provisions are herein set forth for the organization and regulation of burial associations.

S. F. 235—Introduced by H. G. Wellensiek of Hall. Provisions are made in this section for the security of state funds deposited in banks.

S. F. 293—Introduced by John W. Cooper of Douglas, Gus Easton, Gus Dwork, William L. Randall, James A. Rodman and Representatives Walter R. Johnson, Karl Kehm, Harry A. Foster, E. A. Smith, W. S. Jardine, R. W. Hite, James Buresh and Ervin E. Rohlf of Douglas. This act relates to the authorization of the establishment, maintenance and operation of a municipal university by cities of the metropolitan class, when authorized by the electors thereof, and provides for the management and control by a board of regents and conferring powers and imposing duties thereon, and provides for the support thereof thru a special tax to be levied annually.

S. F. 226—Introduced by H. M. Neubauer of Harlan, Henry Pedersen of Webster, C. W. Johnson of Cheyenne and Henry Behrens of Cuming. This law sets out ingredients when used in drugs, confectionery, ice cream or dairy products and foods that are deemed to be deleterious to health—it also deals with adulteration.

EMBEZZLEMENT IS DENIED

Pontiac, Mich.—Willis M. Brewer, business superintendent of the state tuberculosis sanatorium at Howell, and former national vice commander of the American Legion, pleaded not guilty when arraigned to Oakland county circuit court on two indictments, returned a few hours earlier, charging him with embezzlement.

One of the indictments, returned by the special Oakland county grand jury, charges him with larceny by conversion from Oakland county of \$5,000, alleged to have been taken in sums of \$2,500 on March 19, 1929, and June 9, 1930.
