Opp, of Lincoln. His condition is so grave that the visitors were not allowed to see him or converse with the patient. He will be 82 years of age on May 31st.

The hazard of business these times when the depression lies so hard on all enterprises, is demonstrated in the fact that collections are difficult and in many cases impossible, has been the reason that many firms have gone on a cash basis. The one Jewson to do so is the Sheldon department store, who will sell for cash and cash only, beginning with May 1st, believing that it will be better to sell some less in volume and get the pay for it than to run the hazard of losing a percent of the sales after they are made. All business enterprises must receive enough for their goods to buy more, topay the overhead, taxes and other things, as well as to make enough to live on, which would only put the firm out even. There is also the matter of the future to look after and so a profit must be made.

On last Thursday at the district meeting of the different lodges composing District seven of the state of Nebraska, met at Avoca, and were entertained by the Avoca lodge, which was also visited by the other lodges of the district and the state Grand Secretary E. S. Davis. A very fine program was had and many toasts were responded to, Albert Anderson representing the Nehawka lodge while Livingston represented Prairie Lodge No. 25. Louis Carstens of Avoca lodge officiated as the toastmaster. The Avoca lodge put on the initiatory degree and had three candidates. Carl Schrader as Noble Grand, gave the lengthy charge in a superb manner, showing that he was master of the situation when it came to rendering that portion of the work. Byron L. Clements also delivered a masterful exposition of Oddfellowship in the response to the toast which he had been assigned. The Avoca lodge were hosts at a magnificent dinner which they served.

Hold Kimes Gangster for Lincoln Holdup

Paul Martin Is Captured in Texas—Accused of Killing Oklahoma Officer—Last of Gang

Henderson, Tex., April 27.—Reported to be the only member of the notorious Kimes-Terrell band of outlaws still at freedom, Paul Martin, who has been widely sought ever since southwest, was under arrest here tonight.

Martin, wanted for questioning in connection with numerous major crimes, was said by officers to be desired particularly for alleged implication in the one million dollar robbery of the Lincoln National Bank and Trust company at Lincoln, Neb. The institution was looted by a gang of men September 17, 1930.

Ed Davis, said to be a traveling companion of Martin, was arrested late today in a house near Tup, Tex., after Martin and Mrs. Davis were arrested last night at a Henderson tourist camp.

Davis was surprised by a group of Henderson officers who rushed the house and kicked in the door. Davis threw up his hands and surrendered. Davis has been charged with the murder of J. R. Hill, Marlow, Okla., constable, Martin today, was charged with the killing of W. J. McAnally, chief of police at Beggs, Okla. McAnally was slain during the robbery of two banks there in 1927.

Officers also want to question Martin in connection with the robbery of a bank at Jet, Okla., also in 1927. Matt and George Kimes, and Ray Terrell, reputed leaders of the bandit gang, are now serving long prison terms for a series of bank robberies and killings. Others of the band have been imprisoned or slain.

Early this month, Oklahoma and Nebraska officers searched in vain for Martin at Tyler, Tex. —World-Herald.

Each Person Gives \$9.26 to Run the State

Figure Based on 1929 Government Cost of \$12,674,000—Taxes Bring 39 Percent

Cost of Nebraska government on the basis of the 1929 estimated population of the state—1,368,000—was \$9.26 per capita, financial statistics for the state announced Monday by the bureau of census at Washington reveal.

The statistics, compiled by Donald W. Smith, chief deputy auditor, cover the fiscal period ending June 30, 1929, and place payments for operation and maintenance of the general departments of Nebraska at \$12,674,309, or the \$9.26 per capita figure. This includes \$1,368,163 apportionments for education to the minor civil divisions of the state.

In 1928 the comparative per capita cost for operation and maintenance of the general departments was \$9.92 and in 1917, \$9.86, the census report showed.

The interest on debt in 1929 amounted to \$2,718, and outlays for permanent improvements \$4,733,717. The total payments, therefore, for operation and maintenance of general departments, interest, and outlays were \$17,110,744. The totals include all payments for the year, whether made from current revenues or from proceeds of bond issues.

Total revenue receipts were \$19,576,000, or \$14.69 per capita. This was \$2,995,573 more than the total payments of the year, exclusive of the payments for permanent improvements, and \$2,565,856 more than the total payments including those for permanent improvements. This excess of revenue receipts is reflected in purchase of investments and increased cash balances, the report said.

Property and special taxes represented 39.7 percent of the total revenue for 1929, the census report said.

MINNESOTA BANK IS ROBBED

Morton, Minn.—Two men who wore overalls and carried what they worked, held up the Farmers' State bank here and obtained approximately \$5,000. They forced four persons to lie on the floor during the robbery and then ordered them into a vault before they fled. M. M. Mahlum, cashier, and Glenn Jennings, mail carrier, were in the bank when the robbers entered, and Fred Nelson, a patron, walked in during the holdup. A safety catch kept the victims from being locked in the vault and they notified authorities as soon as the men had left.

CONFESSION OF A KILLING

San Antonio—The San Antonio Light says Alberto Sanchez, twenty, held at Nuevo Laredo, Mexico, confessed to newspapermen that he slew Edna Merle Springer, eleven, found stabbed to death Wednesday near here. Extradition proceedings for Sanchez have become tangled in technicalities, with Mexico asserting its right of protecting Sanchez because he is a citizen of the southern republic.

FAMED KAISER GUNBOAT. ONCE 'THREAT' FOR SALE

PLAN TO EXPAND FISH HATCHERY

Crawford, April 27.—Plans to develop the federal fishery here into one of the largest, and most important in the middle west have been outlined by Henry O'Malley, commissioner, and G. C. Leach, chief of the division of fish culture. The Crawford station, only federal hatchery in Nebraska, has hatched approximately 1,000,000 brook, rainbow and Leach trout this winter and, according to Mr. O'Malley, will be developed soon to produce enough bass to stock the lakes of Nebraska and adjoining states. It is also planned to produce trout eggs for hatching here and at other federal stations in the local plant's nursery ponds on the Fort Robinson military reservation. Previously the eggs hatched here have been shipped in. Completion and extension development of Grable dam, west of here, for use as a natural bass spawning and hatching area is looked for in the near future. Congressman Robert G. Simmons helps to establish the hatchery in northwest Nebraska several years ago. H. A. Cokely also helped develop the hatchery.
