## FOREST LAWN MEMORIAL PARK CEMETERY

Office 626 Brandeis Theatre Bldg.—Phone Jackson 1276

Omaha, Nebraska.

FOREST LAWN Memorial Park Cemetery, Omaha, offers an exceptionally beautiful spot close to the city, where nature lends a pleasant touch to sad occasion, when man in the transition goes to the Great Beyond. An institution that is well conducted and kept in the very best of condition.

With the age of auto funerals and rapid transit the large and well cared for burial estates has taken its place in our civilization.

During the past decade the private burying ground and small unkept cemetery have fallen into desuetude and are gradually passing away. This cemetery has become a center for the families all over this part of the state.

This well known place is of good proportions and its founders have provided for the coming generations so that families could secure ample accommodations for many years to come. It is located in a beautiful spot of picturesque country where nature has been extremely kind in landscaping and every accommodation for perpetual care is offered in lavish distribution of natural beauty.

In this cemetery will be found the burial place of many of the leading families of this section. A stroll through this earthly paradise will remind you of the deeds of the sturdy ancestors that founded our community. This section of this territory can always be proud of the fact that the attention has been given to the mem-

ories of the passing years. The present generation is not to be surpassed by the men of yesterday and we provide more and more for the future.

Forest Lawn Memorial Park Cemetery is one of the outstanding cemeteries of the entire United States. It is a mutual organization owned and operated by the lot owners. It has undeveloped property to carry on for two centuries. It has a fund of over a quarter of a million dollars and no indebtedness. Being non-sectarian, it is a place for everyone.

In this review we are glad to call the attention of the people to the Forest Lawn Memorial Park Cemetery and compliment the management on its excellent appearance at all times of the year.

## Think 'Torch' Victim May be Freed Convict

Tentatively Identify Body at Brainard as That of Harry Sharp; Just Out of Prison.

The body of the Brainard "torch" murder victim was tentatively identified as that of Harry Sharp, thirty-nine, after Deputy Warden Kavanagh of the state penitentiary Friday night furnished Sheriff T. J. Roberts of David City with the description of the former convict released from the prison Oct. 25.

Kavanagh said the description of the torch victim given by Roberts tallied with the official prison record of Sharp. He was five feet eight inches tall, weighed about 143 pounds, had light brown hair and fair complexion.

The man found in the burning schoolhouse at Brainard had his teeth extracted ten or fifteen years ago according to a dentist who examined the body before the inquest. The records at the penitentiary showed that Sharp had no teeth.

He did not tell officials here where he was going when he left the prison. His father, Ike Sharp, lives at Berth, Mo.

Sheriff Roberts indicate to Kavanagh robbery might have been a motive for the murder, although Sharp, at the time of his release had only \$50 or \$60 in his possession.

Kavanagh said Sharp had been sentenced from Dodge county a year in the penitentiary for forgery and had but recently been released.

Information given to Sheriff Roberts indicated that Sharp had left North Bend Sunday. Articles in his possession tallied closely with those found near the body in the fire-wrecked schoolhouse at Brainard. Acquaintances will go from North Bend, where Sharp had been working, to David City Saturday in an attempt to complete identification of the corpse.

The North Bend persons furnished Sheriff Roberts with descriptions which he declared fitted exactly the case of the murdered man.

The body was found burned almost beyond identification in the schoolhouse fire at Brainard Wednesday when several persons were fighting the blaze. The coroner's jury which considered the case Thursday declared the man had been slain. Evidence brought before the jury indicated the man was first murdered and his body then dragged into the schoolhouse, which was set on fire.

STAND AGAINST PRESIDENT  
Washington—The Army and Navy Journal said Friday:

"We think the president finds he has the bear by the tail. It is already apparent the country will not accept the conclusions of his own committee. Indeed, the door has been opened wide for the facts to come trooping out. And while no committee will agree with the Gardiner charge of 'abysmal ignorance; there is little doubt the people which prevents the United States from possessing that equality upon the seas which its vital interests require, and which the administration, with a blare of trumpets, declared had been achieved by the London treaty."

## Manley News Items

Mrs. Margaret Sheehan came home on Sunday to attend the funeral of Mr. Ed Sheehan, her uncle.

Teddy Harms was a visitor in Omaha on last Monday, where he was looking after some business matters during his stay there.

Harold Krecklow and Edward H. Sheehan were in Omaha on last Wednesday, where they went to secure a stock of tires for the Krecklow garage and to look after some other matters.

A. Steinkamp was a visitor in Sarpy county for a number of days during the past week where he was looking after the sale of the goods which he sells to the farming community, returning home to Manley on last Wednesday afternoon.

Mrs. Schliefert at Hospital  
Mrs. Mary Schliefert, who has been in rather delicate health for some time past, was taken to the Methodist hospital a week since, where she had been receiving treatment and where she also underwent an operation. Reports from her bedside are that she is getting along fairly well. Both of her sons, Arnold and Oris Schliefert, were over to see her a number of times during the past week.

Plenty of Perfume  
A civit cat wandered into the city of Manley and in a spirit of fun a large number of the coming generation discovered the gentleman and in an effort to interview him they were treated to an extra quantity of lasting perfume. Not exactly to their liking, but they took it just the same.

Visited in Lincoln  
George Coon, in the course of his business found it necessary to make a visit to Lincoln, where he went to purchase some goods for his pool hall and happening to mention he was from Manley, the young lady in attendance who said her name was Lydia, declared: "I have a very dear friend in Manley, an excellent young man and very good looking at that; will you please give him my regards?" George promised the girl he would convey the message, but did not tell who the young man was.

Gives You the News  
No metropolitan daily will take the place of your county seat newspaper. For in it you will find news of the people you know—your friends and neighbors. Much as we may be interested in the news of far-off places, we could far better do without that particular information than to forego the opportunity of knowing the news of our home community. That is why the Journal specializes in this kind news, although it does find place in its columns for the more important world news. Another thing, the Journal reaches you twice a week, whereas any other "local" paper you could subscribe for in this vicinity would only be delivered to your home once a week.

If you have been getting along without your county seat paper, let us have your subscription now and thus treat yourself and family to a whole year's reading for only \$2. At this price, there is no occasion for anyone borrowing his neighbor's paper.

Celebrate Birthday  
On Friday evening of last week, Mr. and Mrs. Ray Reynolds had a party in honor of her father, William Sheehan, on his 63rd birthday. Those in attendance were Mr. and Mrs. Mike Sheehan, Mr. and Mrs. Bill Sheehan, Mr. and Mrs. Fred Bauers, Mr. and Mrs. Wm. Sheehan and daughters.

## Families Suffer for Food in Northeast Nebraska

Children Without Shoes—Grandmother and Two Orphans Have No Fuel.

Families have been hungry for more than two weeks in drouth and grasshopper devastated counties in northwestern Nebraska, according to reports received by State Tax Commissioner Smith, who is to handle contributions which American Legion posts have been authorized by Governor Bryan to solicit in all counties except Lancaster and Douglas. In these counties chamber of commerce will solicit funds, clothing and supplies. Nearly 1,000 families need help. Local communities have exhausted their relief funds.

The Legion survey of needy families in seven counties is practically completed. People are now asked to contribute through the state to Legion solicitors. The solicitors will report to State Tax Commissioner Smith who will direct distribution.

A report received from Knox county shows five families have been hungry for more than two weeks. Seven children there are without shoes. A grandmother, eighty years of age and two orphan grandchildren have no fuel.

Fourteen families in Boyd county are reported without anything at all produced from farms. All crops were destroyed by drouth and grasshoppers. There is no feed for their livestock. Livestock must be sold if they get food for their families.

A man writes from Holt county to state headquarters: "I am willing to work but I can't get work enough to keep myself and wife and two children."

Communities have exhausted their resources in caring for needy. Village treasuries are depleted. Some families have cows and chickens but no feed for them, the reports show.

TEAM GOES TO FAIRBURY  
The Plattsmouth high school football team this morning departed for Fairbury, Nebraska, where they are to be the opponents of the Jefferson county gridsters this afternoon. The local team is in good shape physically and all of the players will be available in the contest today. The Fairbury team is one of the fast organizations in southern Nebraska, a shifty and fast team for any opponent. The Platters left here shortly after 8 o'clock on the long auto trip, expecting to reach Fairbury in time for a few hours rest before the game this afternoon at 2:30. Owing to the distance, not many of the local fans were able to accompany the team.

MOB DISPERSED BY POLICE  
Lawrence, Mass.—A howling crowd of 10,000 persons engaged in a demonstration in front of the Arlington mills Wednesday night and was dispersed only after a force of nearly 100 police officers charged in to the throng and arrested eleven men.

While more than 200 striking textile workers marched in picket line outside of the plant, a crowd of strikers and sympathizers gathered to await the departure of the 200 employees still at work.

## OMAHA FLOUR MILLS CO.

Makers of the Celebrated Omar Wonder Flour  
25th and Krug, Omaha

The Omaha Flour Mills Company, whose modern plant is located at 25th and Krug in Omaha is one of the best known milling concerns in the country and has been satisfactorily serving the public for many years. This enterprise has been a vital factor in the agricultural development of this part of the middle west, having a reputation as being one of the foremost milling concerns in the country, the result of the work of Master Millers and the most scientific machinery and equipment, under the direction of prominent men of wide experience in the milling business, whose public spirited and efficient policies have brought this concern into the prominent position it occupies today.

No review of the business, agricultural and industrial interests of this section of the country would be complete without prominent mention of this well-known firm, who add in no small measure the progress and prosperity of this section and which is undoubtedly one of the most progressive and popular firms in this part of the country.

Their mill is one of the finest equipped in the country, the machinery being thoroughly up-to-date and the entire plant operated upon the latest scientific principles for the production of the best grades of flour known to the trade anywhere.

Every grain of wheat is thoroughly cleaned before being manufactured into flour.

Their products are known in every part of the country. They have the latest maintained policy of producing only the best that modern science and human ingenuity could

devise. Not only is this a firm that adds to our commercial and agricultural efficiency, but the whole of eastern Nebraska derives no little benefit from the advertising given as the home of the popular brands of flour mentioned in this review.

The Omaha Flour Mills company know the needs of the people and provide every modern and scientific improvement at the establishment. Efficient and courteous service, their office, and thus they are as all admit deserving of prominent position which they hold in the commercial and industrial life of the community.

In this review we are pleased to commend the Omaha Flour Mills Company and their products, which will bring a long and prosperous life.
