**ACCEPTING INSTALLMENT LEGION MEMBERSHIPS**

At its last meeting, the local American Legion post voted to permit the payment of dues in installments of \$1 each this year, for those who are unable to scrape up three bucks at one time. A new type of receipt has been printed to take care of this installment collection of dues, comprising a signed application for membership and a receipt on which may be recorded each payment. Those accepting this type of membership make all payments to the person with whom they file their application, and when the \$3 has been collected on an application it is transmitted to the adjutant's office, where the regular receipt for the current year will be issued and mailed to applicant.

By starting payment now on 1932 dues, old members will have time to meet their additional installments before the expiration date on their state and national magazines, and thus not have to miss any issues of these publications.

The plan will be tried out this year and if found to work satisfactory will undoubtedly be put in action during the interval between November 1st and January 1st of each year.

The annual membership drive is now under way with teams headed by June Marshall and Dr. Taylor, and preliminary reports of success of the drive will be made at the regular December meeting on next Tuesday night, December 2nd.
