### JUDGES' GROUP RE-ELECTS

With twenty district judges of the state in attendance, the annual meeting of the District Judges' Association of Nebraska was held at the Fontenelle hotel, Omaha, Tuesday evening. It was part of the annual session of the Nebraska Bar association convention and was devoted entirely to fun, with the exception of the election of officers, following dinner.

The present officers were re-elected for 1932 and the list is headed by Judge B. O. Hostetter, of Kearney, who has been for 28 years on the district bench.

Judge F. L. Spear, Fremont, was re-elected secretary of the association and Judge Clinton Chase, Stanton, vice president. Judge J. H. Broady, Lincoln, was re-elected treasurer.

The only new member was Judge Ralph Horth, Grand Island, appointed to take the place of Judge Bayard H. Paine, who has been elected to the state supreme bench.

There were no business resolutions.

## Norris Refuses President Race; Plan Third Party

Senate Insurgents Want Borah, Johnson or Pinchot—Norris Shies From the Race.

Washington, Dec. 29.—Republican independents are seriously considering a third party movement in 1932 in the event the republican and democratic conventions fail to nominate a man to their liking.

The group comprises the senate independents. It is opposed to renomination of President Hoover.

Conferences have been going on among the members looking to a contest against Hoover's nomination but no single candidate has been agreed upon.

**Norris Shies From Race.**  
The veteran Senator Norris of Nebraska has been asked to make a contest against Hoover's nomination, but has declined to enter the nomination race.

Norris, however, is definitely understood to be ready to support any of four candidates under consideration.

His third party was organized he is looked upon, together with Senator Borah of Idaho as a likely head of the ticket.

Possible candidates under consideration for an anti-Hoover race in the republican primaries are Senators Borah, Johnson, of California and Gov. Pinchot of Pennsylvania.

**Won't Talk Publicly.**  
None of the republican independents, including representatives from the northwestern states, is willing to talk publicly of the plans of the group.

It is known, however, that the members have been meeting and sizing up the situation. Privately, they intimate very broadly that none of the potential democratic presidential candidates with the possible exception of Gov. Roosevelt of New York is acceptable.

Also, there is a conviction that President Hoover has the power to renominate himself.

**Borah Always Regular.**  
Consequently the talk of a third party was frowned upon in public statements a year ago by both Norris and Borah.

Senator Borah has always stood by the republican party. He did so in the split of 1912 when Theodore Roosevelt headed the "bull moose" ticket.

However, Borah has been in frequent conflict with the Hoover policies, principally the tariff and farm relief. His name is linked in the talk of a third party movement.—World-Herald.

### THE FIREMEN'S BALL

The annual ball given by the members of the Plattsmouth Volunteer Fire department will be held on New Year's eve, Thursday night at the American Legion building.

This event is an annual occasion and the funds derived from the dance is applied to the funds of the department to be used in caring for the special expenses that the members may have, such as cleaning clothing that they may have injured in fire fighting as well as special demands that may be made by the department which is not covered by the city appropriations.

The firemen are ready to respond at any time to the call of necessity and their splendid work at fires have saved the citizens thousands of dollars from property loss by fire. This is the only entertainment for profit that they offer during the year and should and usually does have a strong response from the residents of the community.

### TO UNDERGO OPERATION

Frank Slatinsky, Jr., departed Sunday for Omaha where he entered the University hospital at that place to undergo an operation for appendicitis. The young man has been suffering from this trouble for some time and it was decided that he should have the operation at this time in order to relieve his case. The many friends are trusting that he may soon recover from the operation and be able to return to this city restored to his former good health.

### SHOPS HOLIDAY

## Omaha Police Quiz Des Moines Man on Slaying

Louis Smith, Plumber, Sought at Murray is Found at Des Moines and Questioned.

Omaha police Tuesday night questioned Louis Smith, plumber, who was brought back from Des Moines, Iowa, earlier in the day, as to the Lapidus murder case.

The result of the questioning was held a secret by the police and inspector Paul Sutton refused to divulge the information that they might have received from the man as to the knowledge of the crime or that he was held as a suspect in the case.

This man is the one that Omaha police sought at Murray Sunday on a tip received at the Omaha police headquarters, but failed to locate him in Murray, he being later picked up on a general order at Des Moines.

It is believed that this man is sought as one who it had been alleged had some hatred for Lapidus due to the Omaha man's interference between the plumber and a young lady, daughter of an employe of Lapidus.

## Clue in Lapidus Slaying Sought at Murray

Detectives From Omaha Visit Murray and Lincoln—Find Slugs Fired by Same Gun

The Omaha detective force has been stirred to renewed activity in the Harry Lapidus murder case, by the fact of the report of Lieutenant Harry Buford on his return from Chicago.

The slugs, taken from the body of Lapidus, had been taken to Chicago by Lieutenant Buford and examination made by the ballistics department of Northwestern university. The report revealed that two and possibly all three of the bullets taken from the body had been fired from the same gun. The bullets were 30-20 calibre.

Detectives Rogers and Bessler of the Omaha department were at Murray and Lincoln Sunday on a clue that was considered might have some important development in the case. Neither Chief of Detectives Sutton or Detective Rogers would reveal the nature of the clue but from the attitude of the officers they had placed considerable value in the information that they had received and which has sent them to the state capitol as well as the Cass county town.

The Omaha city commission indicated that they were not in favor of the expenditure of \$25,000 in the formation of a secret police force, which move had been suggested by Commissioner Towle, in charge of the police department.

### COLUMBIA STILL WITHOUT MID-WESTERN STATION

Despite predictions of a month ago when the Columbia chain programs ceased coming over KOIL, that within thirty days Columbia would have a new outlet in this territory, the popular Columbia programs are still conspicuous by their absence.

Recent negotiations to secure station WAAW and arrange for night as well as daytime broadcasts, have failed to materialize and KMOX at St. Louis is the closest Columbia outlet. At this distance most stations fade out every now and then, and so few fans tune regularly to KMOX.

In the meantime, KFAB is broadcasting independent programs from KOIL. Columbia programs made many friends and ardent listeners to the regular daily features which were of a high average, so far as entertainment and education is concerned.

Whether they will be able to conclude negotiations that will give them a mid-western station or not, is a matter since others high in radio authority have tried and failed.

In case they don't, it may be they will apply for a new wave band and permit to erect a station of their own somewhere in this territory. If they wish to retain their large following of middle-west fans and customers they will have to get an outlet in this territory before spring arrives and static cuts off even partial contact with KMOX.

Such a station would probably be located just outside one of the larger Iowa or Nebraska cities and in case Omaha is the city chosen as most centrally located, the prospects of having the powerful new station located in Plattsmouth is not too far-fetched to be deserving of some attention. Columbia cannot afford to remain permanently out of the picture in the middle west.

### AMERICAN LEGION TO AID DROUTH SUFFERERS

Hugh J. Kearns post American Legion is sponsoring collection of a carload of feed, foodstuffs, etc., to be sent to victims of the Nebraska drouth.

Commander W. T. Distell has requested certain Legionnaires to attend a meeting at the American Legion building a 7:30 p. m. tonight in order that a committee may be named to assist in the work.

Citizens desiring to render assistance to the Legion committee are also requested to be present at tonight's meeting since the project is a county affair and donations from anywhere in the county will gladly be taken care of.

It is planned to send a carload of feed such as corn, oats, etc., and since it takes approximately 1600 bushels to make up a carload, all farmers and business men are urged to donate all the feed possible whereby a full carload may be loaded and shipped to the stricken area. Hams, bacon and other smoked meats will also be gratefully accepted in the event that Commander Distell is successful in having a refrigerator car furnished to carry shipment. Other Legion posts throughout the state are obliged to ship goods in an ordinary freight car and as a result non-perishable fruits, etc., could not be accepted for shipment.

Commander W. T. Distell will submit a report to W. H. Smith, supervisor of tax commission at the state capitol immediately following tomorrow's meeting which will make the necessary arrangements advising Commander Distell regarding assignment of Plattsmouth shipment.

No freight charges will be donated upon the donors since the state of Nebraska will make the necessary arrangements with the C. B. & Q. railroad regarding forwarding.

### LEGAL NOTICE

C. Sheldon, Pres.; E. C. Giles, V. Pres.; F. T. Sheldon, Sec'y and Treas., being a majority of the Directors.

### TIRE TRACKS NEW CLEW

Tire tracks, indicating that a car had been driven into the farm yard near the hut of Marcus Upjohn, are the only new clues to be found in the case, Sarpy county officials state.

County Attorney Ralph Nickerson of Sarpy county stated that he did not believe the murder had been premeditated or the car would have been backed into the yard and headed for a quick getaway from the scene of the murder. The residence of Mr. Upjohn is only a short way from the detour highway and the tracing of the tracks in the path of the heavy traffic has been fruitless, but the tire marks in the yard give indication that the parties that committed the brutal murder were provided with the means of a quick getaway.

The funeral of Marcus Upjohn, old time fiddler and renee, will be held on Thursday afternoon at 1 o'clock at South Omaha, the body being taken by the LaPlatte cemetery for interment. The members of the Upjohn family pioneer settlers in the vicinity of LaPlatte, are buried in this old time cemetery.

It's the time of year to replenish your printed stationery. Phone the Journal your order for Letter Heads, Envelopes, Statements, etc. Prompt service, right prices.

### HAS FINE POSITION

H. R. Hall, son of Mr. and Mrs. W. P. Hall of Almena, Kansas, a son-in-law of Mr. and Mrs. Wm. Rummel of this city, who was assistant cashier of the failed First State Bank of Beaver City, Nebr., with which institution he was connected for twenty-three years, now has a position as business manager for Dr. Brewster of Holdrege, Nebr. Mr. Hall does all the bookkeeping for the Brewster hospital at Holdrege and also for the Benton Memorial hospital at Oberlin, Kansas, owned and operated by Dr. Brewster. Dr. Brewster feels quite fortunate in being able to secure the services of so able and competent a business manager.

**DIES IN MISSOURI**  
Mrs. Eugene Clinton Newton, fifty-four, daughter of Weeping Water pioneers, died Monday at West Plains, Mo., according to word received by her sister-in-law, Mrs. George F.
