**Wintersteen P-T-A Celebrates Founders' Day**

**Splendid Program Given at Wintersteen Hill School to Honor the Occasion.**

From Thursday's Daily  
The Parent-Teachers association of the Wintersteen Hill school last evening celebrated Founders Day, the anniversary of the organization of the national P. T. A. as well as the eighth anniversary of its establishment in Plattsmouth.

The program given honored the memory of George Washington as well as the P. T. A. and had been arranged by Alfred Edgerton. The program and meeting was presided over by Frank Rice.

The toy band, composed of the little folks of the school opened the program before the audience that filled the room, the clever little organization giving a most interesting feature. Miss Edith Cook, one of the teachers of the school, played for the youngsters.

Mrs. E. H. Wescott, gave two very happily selected patriotic numbers, "The Father of the Land We Love," and "Home Again," both appropriate to the forthcoming Washington bicentennial.

Mr. E. H. Wescott was presented in two piano solos, one of the official march written for the Washington inaugural, "Hail Columbia," as well as "The Stars and Stripes Forever."

Dr. Frank L. Cummins, president of the board of education, gave a very interesting talk on the schools and their work and particularly complimented the teachers on their work with the children. Dr. Cummins also commended the work of the P. T. A. in making for a better condition in the relations of the patrons to the schools.

Frank A. Cloidt, secretary of the board of education gave two vocal numbers, "Somewhere a Voice is Calling" and "Neopolitan Nights."

In honor of the anniversary of the P. T. A. a large birthday cake with the forty-three candles was brought in and the presiding officer called upon Superintendent R. E. Bailey to cut the cake and which he did after a few remarks of appreciation of the work of the teachers and the P. T. A.

The Wintersteen Hill P. T. A. has been one of the active bodies in the city and have by their efforts added greatly to the comfort of the school, retaining a great interest in the work. The school also has two very efficient and well qualified teachers in Miss Edith Cook and Miss Ruth Tidball who have made a fine showing this year in their work with the children.

Some very important matters of interest pertaining to the school as well as the community were taken up in the short business session held preceding the program. A matter of great interest was a communication from the publicity committee of the Chamber of Commerce requesting the co-operation and urging the purchase and use of Plattsmouth made products wherein the committee stressed the point that the people of Plattsmouth would be well rewarded by the added employment to Plattsmouth people in the manufacture of these commodities. The secretary was directed to acknowledge the letter assuring the Chamber of Commerce of hearty co-operation in this program.

It was decided at the next regular meeting which is to be held Wednesday, March 16th, to dispense with the program and devote the evening to the important subject of "Child Study." A unique feature of this meeting will be the serving of refreshments by the men.

**FRIEDRICH OF SAXONY DEAD**

Breslau.—Former King Friedrich August of Saxony, "the royal philosopher of Sybilentort," died Thursday night from a stroke of apoplexy. He was sixty-five. He was found in his bed in his castle, near Breslau, in a critical condition and failed to regain consciousness.

King Friedrich, one of the most popular rulers of his time, was noted for his wit, which stood him in good stead in the revolution of 1918, when he lost his throne. The king was at his beautiful estate at Moritzburg when the news came from the republicans. He was politely asked by telephone if he would relinquish his throne willingly. "Oh, well, I suppose I'd better," he was told the workers and soldiers' council had taken control of Saxony. His retort, since become a classic in Germany, was: "Well, then, do your dirty business by yourselves."

King Friedrich and the kaiser never were on too good terms. The kaiser referred to his cousin as something of a "clown." At another time, honors went to Friedrich. It was in Berlin on the former kaiser's birthday that the Wilhelm took occasion to thank his "dear cousin" for his delicate thoughtfulness.

"Oh, not at all," was the reply. "I wanted to come to the dog show anyway."

**RAIL HOLDINGS CRITICIZED**

Washington.—The holdings of the Pennsylvania railroad were described as a threat to plans of the interstate commerce commission and wishes of New England interests at two separate hearings. Governor Ely of Massachusetts, testifying against a consolidation proposal to group eastern lines into four great systems, told Chairman Porter that the interstate commerce commission should take some action to eliminate holdings of the Pennsylvania and Pennsylvania corporation, Pennsylvania holding company, in New England lines.

At the capitol, meanwhile, Dr. Walter Splawn, transportation expert, testified before the house interstate commerce committee that the Pennsylvania was rapidly reaching a position that would enable it "to block" consolidation plans of the commission.

**CARD OF THANKS**

We wish to thank this means of thanking our many friends and our near neighbors for the beautiful floral offerings and acts of kindness in our hour of sorrow. We wish also to thank the Masonic lodge and Masonic male quartet. These words and acts of kindness will be gratefully remembered.—David K. Ebersole, Mr. and Mrs. Geo. B. Ebersole.

**SENTENCE FORMER SHERIFF**

Portland, Ind.—Ira Barton, once wealthy farmer, who confessed that as Blackford county sheriff he helped a Chicago Heights, Ill., gang rob three banks, was sentenced to twenty-one years imprisonment.

Barton's only spoken words were in a plea asking Judge Gillespie not to do anything to Linden Barton, nineteen, his nephew, who smuggled in the blackjack with which the former sheriff beat a guard unconscious Tuesday in an effort to escape.

**Iowa Family of Five is Found Slain in Home**

Stout, Ia., Feb. 17.—No inquest will be conducted into the deaths of Nanno Andreesen, and four members of his immediate family, Grundy County Coroner L. D. Coffman decided late today.

After an investigation that took most of the day, the coroner was of the opinion that the 42-year-old stock buyer and farmer killed his wife, two children, Elmer, 14, and Verma, 9, and his sister-in-law, Miss Maggie Hassenius, and then committed suicide.

Before he killed himself with a shotgun he drove the half mile between the farm home and a Stout garage, on the door of which he affixed a note saying that five bodies would be found at his house.

Directions in Note.  
Authorities discarded the theory advanced by Sheriff M. A. Manning that after being shot, Mrs. Andreesen revived sufficiently to procure the shotgun and kill her husband on his return from town. The tragedy occurred about 7 a. m.

Coroner Coffman pointed out that, although the shotgun was found on the woman's body and that the bodies of the husband and wife were about 10 feet apart, the recoil of the weapon might have sent it against her, and the nature of her wound was such that death most likely was instant.

Harvey Dilger, employe of the Stout Auto company, found the note, signed, simply "Nanno." It read: "Go up to the Andreesen place and you will find five dead bodies."

**Owed Father Money.**  
With Clarence Wilson and Albert Nieman, he drove to the farm home and found the bodies, those of the two children in night clothing. Indications were that they were at breakfast when killed.

Financial difficulties are believed to have caused the farmer to commit the crime. His father, Henry N. An-

**FLAMES DAMAGE THEATER**

New York.—The famous stage of the Palace theater was badly damaged by flames which ranted an audience of 1,800 persons about 10:50 p. m. Several persons were hurt in the stampede for exits that started when patrons noticed a trickle of flame and smoke from backstage, just as Sophie Tucker, headliner of the evening, finished singing. Miss Tucker calmed the crowd somewhat by a "curtain talk" she continued as the flames crept up a back drop behind her. The most seriously hurt was Mrs. Selma Stolling, who received a possible fracture of the spine. The others suffered sprained ankles and bruises.

**ARRANGE LOAN EXTENSION**

New York.—The railroad credit corporation has arranged with the reconstruction finance corporation for extension of loans to roads applying for help to the former agency pending accrual of funds in its freight revenue pool. It was announced by the railroads to administer loans out of money received from the higher freight rates which became effective early this year. Because these funds probably will not start accumulating for at least another month and because several requests had already been received for aid, the credit company asked the reconstruction finance corporation to make the advances.
