R. Kettlehut was sawing the winter's wood for the home of W. O. Troop on last Saturday while the weather has been warm it is well to have the woodpile ready for the storm which is liable to come anytime.

Henry Meyers, formerly of near Nehawka and who has been making his home at Imperial, is reported as being very sick during the past week, so much that his recovery was dispensed of. However he is at this time somewhat improved and hopes are entertained for his recovery.

Seventeen years ago there was a baby born to Mr. and Mrs. Omar Schlietemeier, that was during the world war and on Tuesday of this week the babe, now a young man, Robert Schlietemeier, was celebrating the passing of the natal day and is attending the Nehawka high school.

Mrs. Charles R. Troop of Plattsmouth, sister of Mr. L. H. Young, was a visitor at the home of her brother on last Friday, spending the day with him. Mr. Young who has been very poorly for many years is reported as being slightly better at this time and is hoping for still more improvement.

Albert Ingwersen and family from near Prairie Home and Cecil Matos and wife and Evangel Ingwersen of Chicago, who has been visiting at Prairie Home, were spending a short time and enjoying a dinner at the home of Mr. and Mrs. Charles D. St. John, where all enjoyed a very fine visit.

W. S. Norris who has farmed and worked all his life, and a number of years ago came to town to rest, has rested enough, so he thinks, and so a short time since purchased an acre of standing timber and has it all cut now and in cord lengths and is now ready to have it hauled to his home in Nehawka.

Having Crusher Moved Here. Ole Olsen, the man who has opened the stone quarry, and has been shipping much stone from here and who has a large contract, has given a contract for the moving and installing of a large stone crusher from Weeping Water which he will use for the crushing of stone for the strip of pavement from the intersection of No. 75 to west of Nehawka on No. 24.

Not So Bad a Winter. The south and the Pacific coast do not have anything on Nebraska for just the other day swarms of caterpillars were seen migrating from one place to another which signifies that the weather has not been cold enough to kill this small worm which eventually becomes changed into another kind of a life.

INCUBATOR FOR BABY

Friendly warmth of an incubator at the University hospital at Omaha is nurturing the faint glow of life in a wisp of humanity that weighs just 4 1/2 ounces.

The baby, born December 22, is steadily gaining weight and strength, and doctors now are encouraged to hope that Wanda Beatrice Bobbett will grow up and be a big girl some day—perhaps the Greta Garbo of Cass county. If she makes the grade over the next three or four weeks, then the pride of the hospital personnel will be great.

No hellens ever got more tender care. Miss Ann Collins in charge of the baby ward, refused to submit the baby to the hard, cold gaze of newspaper reporters, even for a tiny peek. "There will be no men strolling about and bringing disease germs into this room," she announced firmly.

Wanda Beatrice Bobbett is the daughter of Mr. and Mrs. James Bobbett, who live on a farm near Union, Neb. Though Wanda has never seen them, nor they she, there are six older brothers and sisters, ranging in age from 9 to 17 years.

The baby weighed two pounds, 11 1/2 ounces when born, lost several ounces within the next few days, and now is regaining them.

Wanda's poundage, or ounceage, puts the University hospital one up on the Denver hospital, which Monday announced that it expected to save a 42-ounce baby.

GUILD MEETS

From Wednesday's Daily The Westminster Guild of the Presbyterian church held their first meeting of the new year at the home of Miss Eleanor Smetana last evening at 8 o'clock.

The worship service and the lesson were under the leadership of Miss Helen Wurga. The message about Japan was very inspiring and an interesting discussion took place.

A short business meeting was held and plans were made for the new year. The initiation service will be held at the next regular meeting on January 24th.

At the conclusion of the meeting delicious refreshments were served by Miss Eleanor Smetana, the hostess, assisted by her sister, Mrs. Elmer Lohnes.

Fire Truck and Gas Tax Measure Hold the Council

Session of City Legislative Body Hears Discussion of Two Important Matters.

From Tuesday's Daily The city council at their session last evening had as the chief topics of the meeting that of the city fire department truck and the enactment of state legislation for the allotment of a part of the gas tax and auto license fee money to the cities.

All of the councilmen were present when the session opened and at once the regular grind of the meeting was opened.

The report of City Clerk Herman L. Thomas was read and showed the sum of \$480.30 had been collected for the month of December in his office.

The report of City Treasurer M. D. Brown showed that the city had a balance of \$18,635.26 and an overdraft of \$10,186.20, the balance being divided among the banks as follows: Farmers State, \$4,446.49; Plattsmouth State, \$3,737.85; First National \$264.72. The registered warrants outstanding were reported at \$11,442.40.

A communication was received from the L. W. Egenberger Insurance agency stating that they expected to bid on the city workmen's compensation policy this year. This was referred to the finance committee.

Councilman Webb requested that the city attorney secure a deed in the district court for certain of the properties which the city had purchased at tax sales.

The chief feature of the meeting and which drew a capacity crowd to look in on the proceedings was that of the matter of a new truck for the fire department. Chairman Davis of the fire and water committee reported that his committee had investigated the matter of trucks and repairs and had proceeded on several theories, one, to put a new engine in the present truck, to secure some reworked truck chassis, secure new chassis or new truck or have the present equipment placed on a new chassis. The committee had also looked into the matter of a booster tank that would play on a fire for twelve to fifteen minutes and which was praised highly by Omaha fire department heads. Mr. Davis stated also that the use of chemicals for fire fighting was being discontinued as it was found that the chemicals did a great deal of damage to property. The committee had a number of propositions on all makes of trucks and which ranged from \$13,500 to \$525, but no recommendation was made to the council.

There was some discussion of the matter by members of the council as well as individual members of the fire department and citizens. The members of the fire department were urgent in securing a pumper for the truck that the city might secure. Charles M. Parker, whose home at the outskirts of the city was destroyed the past week, spoke very forcibly for the securing of a pumper as he said a pumper would have permitted the saving of his property which is without the fire limits.

Mayor Sattler stated that the city would do what was possible to provide fire protection, but the city finances and times did not warrant the expenditure of large sums for equipment.

It was finally decided that the matter be referred to the fire and water committee again for a report at the next meeting and that they call for bids for repair of the present truck, or purchase of a new chassis.

Mayor Sattler discussed at some length the matter of securing from the legislature the enactment of a law that would permit cities to receive a certain per cent of the gasoline tax and auto license fee, to be applied on the maintaining of the highways through the cities. The mayor stated that for 1931 the county had received \$59,000 from the state in the fees, that of the autos in the county there were 613 registered in this city and he favored giving the city and other cities and villages, one-seventh of the amount of the gas and registration fees. In this city the mayor estimated the amount would be \$8,500 a year. The mayor urged that the city with other municipalities of the state get busy and start to urge the measure.

The council entered the battle when a motion was made by Councilman Davis that a committee, with the mayor as chairman to be appointed to carry on the work before the legislature. Mayor Sattler appointed Councilmen Davis and Webb as the committee.

Councilman Webb urged that parties applying for their auto licenses be required to pay their personal tax at the same time.

The following claims were ordered paid by the council:
