

# Nehawka

B. L. Philpot, of Weeping Water, who is selling stone flour for the feeding of stock, was a visitor in Nehawka on last Monday morning.

Dr. W. H. Tuck, of Weeping Water, was a visitor in Nehawka looking after business in his line, that of veterinarian, on last Monday and was also visiting with friends here and sure he has many of them at that.

Parr Young was a visitor at Weeping Water and other surrounding towns on last Thursday, where he was posting bills for the Administrator's sale which C. R. Troop is holding this week to settle the estate of the late L. H. Young.

Charles R. Troop, who is the Administrator of the estate of the late L. H. Young, was down from his home at Plattsmouth and was over the county posting sale bills for the disposal of the effects of the estate of the late Mr. Young.

L. M. McVey and the family, Roy Gregg, Henry Thelle and wife were all over to Mynard on last Sunday, at which place they attended the funeral of their long time friend, Jacob Smith, who passed away a few days ago at his home there.

A. D. Murdock and wife and John W. Murdock and wife were over to Mynard last Sunday, where they were attending the funeral of the late Jacob Smith, which occurred on last Sunday afternoon. Mr. Smith formerly resided in the neighborhood north of Nehawka.

George Troop was a visitor in Plattsmouth, where he was a guest at the home of the father of Mrs. Troop, Martin Stava and family. Mrs. Troop is at this time staying with a sister in Plattsmouth and while she is not as stout as desired, she is gaining slowly and it is hoped will soon be back in her former health again.

Stuart Rough and wife were over to Lincoln on last Sunday, where they went to visit with Guy Lake, Mrs. Lake being a sister of Mr. Rough. Mr. Lake has been in the hospital for some time recovering from an operation for appendicitis, and is now just about ready to return home. The patient was greatly pleased to have the folks visit with him at the hospital. Later, Mr. and Mrs. Rough also visited with Mrs. J. H. Steffens, who is receiving treatment at the hospital.

**Cold Snap Takes Toll**  
The cold snap of last week, while it was most disagreeable and made many people sick, did a few pranks along other lines. For instance, the cold blasts from the northland robbed the Nehawka Auditorium of heat and slipped in and froze the water pipes, putting the house out of commission until the damage could be repaired. This work was looked after by Herman Smith, who soon had the pipes fixed and the heat back on again. During the time when the weather was so cold, Frank Lemon, the barber, who is a good scout, had to depend on the substitution of a coal oil stove to supply heat and sure found it far from satisfactory.

**Mrs. Steffens Improving**  
Mrs. J. H. Steffens, who has been in rather delicate health for some time and who has been in a hospital, at Lincoln, where she was receiving treatment, is showing some improvement. The husband, Mr. Steffens, makes daily trips to the hospital to see the wife. On last Sunday, the family were over to see and encourage the patient.

**Mrs. Melvin Sturm Improving**  
Mrs. Melvin Sturm, who went to the Bryan Memorial hospital a week ago, where she underwent an operation for appendicitis, has since the operation been making good progress.

and has shown good improvement. Many of her friends have dropped in while in Lincoln to see this excellent woman and have found her much encouraged and looking forward to the time when she can return to her home here. The husband has made many trips to see the wife and will also be pleased when she is home again.

**Underwent Operation Monday**  
Leo Switzer, who has been troubled with repeated attacks of appendicitis, accompanied by his old time friend and family physician, Dr. G. H. Gilmore, went to Lincoln, where he underwent an operation for relief from appendicitis early Monday and is reported as getting along as well as might reasonably be expected.

**Thomas E. Fulton Poorly**  
Thomas Fulton, who has been feeling poorly for some time, has during the past few days been confined to his bed. Mr. Fulton, who is 77 years of age, was born in the east, but has been here for over half a century and has struck many hard blows to bring this country from the wild estate of a half century ago. Mr. Fulton has been troubled with some heart affection, which has kept him confined to his bed since last week. The many friends of Mr. Fulton are all hoping that he may soon be out and enjoying his accustomed health.

**On the Black Prairie**  
Mrs. Wm. Gorder, who is a daughter of Mr. and Mrs. W. O. Troop and who is a teacher in a country school near Hidden Timber, South Dakota, writes of conditions there during the past week and tells of the situation, where on the bleak prairie where is located the school house of which Mrs. Gorder is the teacher. During the severe cold weather and the cutting winds, she went to school to look after her teaching duties, expecting to find her pupils there to receive instruction but for three days not a single one came. Faithful to her task, Mrs. Gorder went back on succeeding days and prepared a fire in the building for if one of the children would come it would have been sure to perish had there been no fire.

The depression has caused most of the families residing in the district to dispense with their telephones and there was no way of notifying the parents that there would be no school. Therefore, Mrs. Gorder, true to her task, went every day and kept school, once with the temperature 26 below zero, and with no scholars to keep her company, the days were long and very tedious.

**United Brethren in Christ.**  
Otto Engobretson, pastor.  
**NEHAWKA CHURCH**  
Bible church school 10 a. m.  
Evening gospel service at 7:30.  
The married folks choir will furnish the music.  
Prayer and "Say So" meeting Wednesday evening.  
The Woman's Society will be entertained by Mrs. C. Hemphill and Mrs. G. Hoback on Wednesday, February 22nd.

The Girls club will meet on Tuesday with Genevieve Rutledge.  
The Boys club will meet on Thursday evening.

We had a record attendance at all our services on Sunday. Let us continue for His glory.

**OTTERBEIN CHURCH**  
Bible church school 10 a. m.  
Morning worship service 11 a. m.  
Prayer and praise meeting Tuesday evening.

The Woman's society meets with Mrs. G. Murdoch Thursday for an all day session.

The P. S. C. E. will meet at Davis' on Friday evening, February 17th. The topic, "Why Marriage Succeed or Fail," will be discussed. Come.

"Put on the whole armour of God that ye may be able to stand against the wiles of the devil." Ephesian 6: 11.

Don't give your printing to out-of-town salesmen. Journal pay-rolls are spent almost 100 per cent right here in Plattsmouth.

## Cass County Farm Bureau Notes

Copy furnished from Office of County Agent Wainscott

**Horticulture Specialist to Visit Orchardists.**

E. H. Hoppert, horticulture specialist from the College of Agriculture, with the county agent, will visit the fruit growers of the county Monday and Tuesday, February 20 and 21. All problems on the care and management of their orchards and small fruits will be taken up with the individual producer on his own place. Some pruning demonstrations will be held on some of the farms.

Anyone wishing to have a visit from the specialist or a demonstration will please write to the Farm Bureau at once.

**Sewing Machine Clinics.**

Arrangements are being made for five sewing machine clinics to be held in the county the week of February 27th. Women from Eagle, Elmwood, Murdock, Nehawka and Union, will spend a day cleaning and adjusting their machines under the supervision of Paul Hoff, state extension engineer.

Anyone interested in attending one of the clinics is welcomed. Even if you can't bring a machine you can profit by watching the others clean and adjust their machines.

Definite dates and meeting places will be announced next week.

**4-H Banquet Will Be Held.**

The county-wide 4-H club banquet which was to have been held Friday evening, February 10th at Weeping Water, was postponed because of the extremely cold weather prevailing last week. The banquet will, however, be held in the future and the date will be announced later.

**Cass County to Have Demonstration Apinaries**

O. S. Bare, bee specialist from the College, will be in the county Thursday, February 23, to meet with the bee keepers of the county. The meeting will be at Roy Cole's at Mynard at 3 p. m.

Mr. Bare and the county agent are planning on having two or more demonstration apinaries in the county this year. All bee keepers in the county are invited to attend the meeting and hear the discussion on the care and management of their apinaries. General observation shows that very few bee keepers get as much work and honey from a stand of bees as they should. Some of the information they will get at this meeting will enable them to get more honey per hive at no additional cost.

**Many Trees Being Ordered.**

Many farmers have made application for seedling trees, numbering over three thousand, through the extension service at \$1.00 per hundred which covers the shipping and handling costs. Austrian, Scotch and Eastern White Pine, Chinese Elm, Russian Olive and Russian Mulberry seem to be the most popular varieties selected by these farmers. If you are interested in starting a woodlot or windbreak at small cost, write or call at the Farm Bureau office for an application blank and other information.

**4-H Clubs Will "Fix-It"**

Boys and girls will have a chance to help their fathers and mothers save expense this year by fixing up the old machinery, the farm equipment, farm buildings, the farmstead, the kitchen equipment, the house, the home furnishings, and the clothing this year. Most farmers will be getting along with what they have until prices of farm products go up again. The boys and girls can help do this and at the same time be in 4-H clubs and have their club activities and enjoyment just as they do in baby beef or pig or clothing or cooking clubs.

The Fix It club literature lists many jobs that ten year old boys and girls can do, and it also allows the younger club members to get credit for helping their parents or older brothers and sisters fix up anything around the farm or home. Many of the jobs suggested in the circular are just the kind of things that boys and girls from 15 to 20 years of age are doing almost every day.

While the Fix It club is intended primarily for farm boys and girls, those who live in town can find plenty of jobs to occupy the attention around the city home and yard.

**COLD WAVE IN FAR WEST**

Portland, Ore.—A frigid east wind swept cities near the eastern boundary of Oregon, causing subzero temperatures at many points. Meacham, in the Blue mountains region, saw the mercury tumble to 43 below.

## Farmers Holiday County Organization Completed

W. F. Nolte of Mynard, President, Herman Rauth, Manley, Secretary—Hear Fine Address.

The county meeting of the Farmers' Holiday movement organization was held at Weeping Water on Friday and attended by a large number of representatives of the various groups over the county to discuss the plans of the coming month.

The officers of the county association were elected to carry on the

work of the movement, the following being chosen:  
President—W. F. Nolte, Mynard.  
Secretary—Herman Rauth, Manley.

Defense Committee—Charles Garrison, Union! Walter O'Brien, Wash; Harvey Voght, Elmwood.

The meeting was addressed by State President Harry Parmeter of the Farmers' Holiday movement. First reciting the facts and inside working of the recent governor's cancellation board meeting at Lincoln, and the reason for walking out on them, Mr. Parmeter stated what he thought was the futile efforts being made to give a sincere relief in a great emergency. The speaker then discussed legislation and economic conditions effecting the farmer and

people in general, in both state and nation. Mr. Parmeter having been a leader in farm bureau and is now vice-president of the State Farmers' Union, he showed unusual knowledge and leadership in this economic struggle. Everyone was greatly impressed with his address and his personality.

**VISIT AT OMAHA**

From Wednesday's Daily  
Miss Mathilde Soennichsen, Mrs. Herold Hager and Miss Marie Holcomb and Mrs. F. R. Gobelman were at Omaha last evening where they enjoyed hearing one of the leading members of the lecture board of the Christian Science society. The lecture was given at the First church at Omaha and very largely attended.

## GIVE PLEASANT CONCERT

Sunday afternoon Anton Bajcek and Miss Marjorie Arn entertained the aged residents of the Nebraska Masonic Home infirmary. The program was of the well and loved old songs, popular selections as well as the standard offerings. Mr. Bajcek played the numbers on the xylophone while Miss Arn played the accompaniment. The program was appreciated by the members of the Home family and the artists were warmly encored for their pleasant concert offering. The artists were heard in the main Home building a week ago and this time they favored the members of the Home family who are not able to be around and enjoy the fullest activity.

**THE** enviable reputation attained by Hinky-Dinky for its ability to save money for you has not been won by selling inferior quality at so-called "Bargain Prices," but by selling only good food at money-saving low prices.
