Miss Stoll was born in the neighborhood of the place where she died and spent the entire time of the seventy-five years in the neighborhood. She was a member of the Lutheran church and was buried in the St. John cemetery. The funeral was held at the home of Earl Cox and was conducted by the Rev. W. A. Taylor of Union.

Dies at Nehawka.
Miss Minnie S. Stoll was born in Lake county, Illinois on February 2, 1858, and departed this life Saturday, March 18, 1933, at the age of 75 years, 1 month and 16 days. When a small child she moved with her parents to Nebraska where they located on the old homestead. Here she had lived all these years. She was baptized when a child and at fourteen years of age was confirmed in the Lutheran faith. She has been a staunch believer through all these years.

After the death of her parents she kept house for her two brothers, Henry and John. She was a great home lover and kind and generous to all she would meet. Since the passing of her two brothers she made her home with her only sister, Mrs. Louisa Cox.

She had been in poor health for the past two years but in the past 10 weeks she had gradually been growing weaker and the progress of her case brought complications that medical skill and loving care could not check and it was with despairing hopes that her loved ones saw her gradually pass from them.

She was such a patient sufferer always cheerful and kind, with a smile and cheery word for all her friends who called to visit her. She was held in high esteem by a large circle of friends and neighbors, who found her always ready to help and lend a hand.

She leaves to mourn her passing a sister and her husband, Mr. and Mrs. Frank Cox, one nephew, Earl Cox and his family, besides other relatives and friends.

Funeral services were held Tuesday, March 21st at 2 p. m. from the home of her nephew and niece, Mr. and Mrs. Earl Cox, conducted by Rev. W. A. Taylor of Union. Interment was in St. John's cemetery 3 1/2 miles northwest of Nehawka.

CREDIT IS AGAIN AT PAR
Washington.—Uncle Sam's credit is selling at par again. This became known when the treasury revealed it had to pay only 1.83 percent for its recent sale of ninety-one day treasury bills, as compared with 4.26 percent for a similar issue offered on March 6. The offering of 100 millions, or thereabouts, brought in subscriptions of \$386,906,000, of which \$100,569,000 was accepted. Proceeds of the sale will be used to bridge the gap occasioned by a fifteen day postponement of March 15, income tax payments.

Jobless Rail- roaders Would Take Over Line

Letter to State Railway Commission Suggests a Profit-Sharing Plan.

A group of unemployed Omaha railroad men Tuesday offered to take over operation of the Coburn-Wynot branch of the Minneapolis & Omaha railroad on a "profit-sharing basis."

The offer was made in writing to Chairman Randall of the state railway commission.

The branch, whose assets include one locomotive and a combination baggage and express car, will be sold for salvage unless a buyer appears before April 15. Carl R. Gray, vice-president, announced last Saturday.

The branch line cost \$53 thousand dollars. Gray estimates its junking value at 105 thousand dollars. It has recently been operated "at the heaviest loss of any branch of the road," he says, and permission to abandon it has been obtained.

Officials at Omaha Tuesday were surprised at the "profit-sharing" offer and said they had no idea what sort of financing arrangements the unemployed men contemplated.

The Associated Press reported the men offered to solicit business from people along the line.

EXTENDS GOLD LIMIT TIME
Chicago.—Notification that the federal reserve board has extended until March 27 the deadline for the return of hoarded gold was received by officials of the Seventh federal reserve district from Washington. The original time limit for redeposit of the metal expired last Friday night, but officials announced they would accept it without penalty until further notice. The day's telegram was regarded as setting a definite deadline. The telegram follows: "The federal reserve board has extended until March 27 the final date in regards to gold. It is requested that you prepare and forward to the board after March 27 as complete as can be made from the banks in your district a list of all persons who have withdrawn gold from banks since Feb. 1, 1933, and who have not re-deposited it in those banks as of March 27."

FOUND! the "hidden quart" THAT STAYS UP IN YOUR MOTOR AND NEVER DRAINS AWAY

...Mechanic Elder Schaffner Found the Hidden Quart... Also that Without it, Motors Show 50% to 60% Greater Wear... So He Switched to Conoco

MECHANIC SCHAFFNER REPORTS ON DISCOVERY:
"I never did believe what Conoco Germ Processed oil would do; not until an Essex owner, with 25,000 miles on his speedometer, asked me to check his motor and put in new parts where necessary. It surely surprised me; clearance of pistons was only four 1-thousandths; of bearings only three 1-thousandths of an inch."
"This owner said he had used Conoco Germ Processed oil since the car was new. I have overhauled many another Essex at 25,000 miles, which has not used this oil, and found the wear 50% to 60% greater. Now I recommend Conoco Germ Processed Oil to my friends, and have changed to it in my own car."—Elder Schaffner, Highland, Ill.

Stop Cruel Motor Wear . . . Escape its Painful Cost
Don't Wait Another Day to Drain and Refill With Conoco Germ Processed Motor Oil

To a motor, lack of lubrication is cruelty indeed. You are too "humane" to permit it, if only you knew the truth. But motors suffer in silence till costly damage is done. Then you pay . . . and pay . . . and pay.

This is proved. Even with the crankcase empty, due to accident, users of this oil have driven many miles, without damage, on the "hidden quart alone.

Isn't it smart and thrifty to have a "hidden quart" up in the parts of your motor, where you are sure it cannot fail? It is so simple to be safe! So foolhardy to be in doubt. Tend to it today. Go now, drain and refill with the "hidden-quart oil. Do it for safety's sake.
