

**YOU ASK—
"Why Should a Car be Tightened?"**

Because it not only eliminates those irritating squeaks and rattles, but the big thing is, it makes your car last longer, holds down repair bills, and forestalls accidents. A good time to have your car tightened is right after you lubricate it.

Jesus Rebukes Self-Seeking
Mark 9:33-43.

After the transfiguration and the healing of the demoniac boy, Jesus and the twelve came south, through Galilee to Capernaum. This took place in the summer of the third year A. D. 29. Parallel accounts to be studied are found in Matt. 18:1-14 and Luke 9:46-50. On the way Jesus, for the second time referred to his passion that he must endure for the sins of man. (See Mark 8:31). It seems this teaching was beyond their comprehension.

He tried to prepare the disciples' mind for those great events that would soon come, and they did not understand the significance of his words, until the first Easter had placed upon them the stamp of glorious reality. The sin of selfishness is shown in the first four verses of the lesson. This is the sin of all sins; it tried to dethrone God—and the devil was the result; it tried to be like God—and the fall of man was complete; its sister-sin, covetousness, has brought untold misery to the human race, such as war, murder, disease, drunkenness, divorce, hatred, malice, etc. The master had overheard their quarrelling on the way. He held his peace until they reached Peter's house, then he asked them, "What were ye arguing about on the way?" (Weymouth). Christ did not ask for information, but he was arousing their conscience, and preparing their minds for what would follow. As they did not answer, he called the twelve—the class was called and given an object lesson. This is often necessary, as that seems to be the best way God can teach his children. In the following sentence: "If any man would be first, he shall be last of all, and servant of all," note that Christ does not condemn ambition, the desire to be first; only let it be the Christian ambition, the desire to excel in lowly service, in self-forgetfulness and self-sacrifice. (Use for illustration John 13:1-10).

Following in His steps, we will learn our lesson. Probably one of Peter's children was called, and how quickly this child would obey the call. A child must put the quarrelling disciples to shame. A child is the eternal token and symbol of love. Jesus put his arms around the child, holding it up as an emblem of loving, simple service is the very opposite of the glass of maddening, brutalizing whiskey. What our nation now is sowing, that will bring a sure harvest of a lower morality, a weaker nation. Not a blessing, but a curse.

Murray on Tuesday, to look after some business matters.

The Tidball Lumber company, of Plattsmouth, was hauling bridge plank from the lumber yard here, as they had run out of them and were able to borrow some here.

The Murray Christian Bible school is enjoying splendid interest and has been showing some good gains in attendance the past few weeks. Last Sunday, five new members were added, making the attendance 74.

Mr. and Mrs. George Nickles, who have been living in Lincoln during the winter, will move back to their home here this coming Friday. The legislature will probably not adjourn for some time yet, but they will move back home anyway. This year's session bids fair to be the longest in many years.

The home of Mr. and Mrs. Earl Lancaster was made pleasant by the gathering of a number of their relatives and friends last Sunday for an Easter observance. A splendid dinner was served. Charles Boedeker, Sr., who has been spending the winter with his daughter at Fairfield, Iowa, returned to Murray early this week. Mr. Boedeker, while he says Fairfield is a fine city and a good place to live does not like the country there as well as about Murray, for he says that the same amount of country here has ten times as much corn and cattle as the same amount in Iowa.

Miss Nita Wilson, who has been employed near Fort Crook, was a visitor at home over Easter, and enjoyed the day with the family. Miss Nita will remain at Murray and has accepted a position with Mrs. A. J. Scotten caring for her and doing the work. STARTS COURT WORK

William Atchison, of Elmwood, the bailiff of the district court, arrived in the city Monday to take up his work in the April term of the court. Mr. Atchison has charge of the jury during their stay here and has proven a most efficient official in the many years that he has served in charge of the work. Mr. Atchison came here in the capacity of bailiff some eleven years ago when he served in that capacity in connection with the grand jury and has since been on the job at each term of court. He has had several murder juries to guard during this time and which requires the closest supervision that no one may approach or converse with the members of the jury when they are sitting on the case. The service as bailiff is much enjoyed by Mr. Atchison and he has made a large circle of acquaintances here during his service and who all enjoy the pleasure of having him here during the court sessions.

RETURNS FROM MEXICO

S. S. Gooding who has been spending the past three months in a trip to the southwest and old Mexico, returned home Saturday. Mr. Gooding found Mexico a great country and vastly different from the United States, with its old world atmosphere which has been handed down from the early Spanish conquerors. The narrow streets and strange building designs impress the visitors to the City of Mexico and the customs of the people are vastly different from that of our nation. Mr. Gooding had the opportunity of seeing a part of the east and north portion of Mexico as he journeyed to and from Mexico City.

Oil Truck and Contents Stolen at Union Station

Standard Oil Truck of C. E. Morris, Operator, Taken—Officers Discover Another Stolen Car

From Wednesday's Daily
Sheriff Homer Sylvester and Deputy Sheriff Jarvis Lancaster were called to Union last night when it was reported that the Standard Oil truck and its stock had been stolen. The truck was registered in the name of C. E. Morris, who operated it on his route in and near Union, the registration being 20-C-299.

In addition to the truck the load comprising thirty gallons of kerosene, 100 gallons of gas, 100 gallons of Red Crown gas and four ten pound pails of greases were also taken.

While the officers were at Union last night they discovered a stolen car that had been abandoned a few miles south of Union, the car being located while the search was on for the Morris truck. The car was a 1932 Chevrolet sport sedan and which from the registration card left in the car, was evidently the property of Mrs. Richard Epes, Lincoln hotel. The car also contained an assortment of license plates, Nebraska '33 and '32 as well as a 1932 Iowa number and also the original plates belonging to the car and which had been re-

RECEIVES \$100 FINE

Tuesday afternoon following the verdict of the jury holding Harrison Wade guilty of assault and battery on a man named Bennet, the court assessed a fine of \$100 and costs against the defendant, Mr. Wade. The fine and costs were settled and the defendant returned to his home near Weeping Water.

DEPARTS ON VACATION

From Wednesday's Daily
Miss Menota Leamy, employed here in the offices of the Norfolk Packing Co., departed this morning on her two weeks vacation. Miss Leamy will visit at Pierce, Nebraska, as well as at other points in that part of the state.

SUSPECTS HELD HERE

Sheriff Homer Sylvester still has as enforced guests, Ervin VanHorn and Eli Perry, the two men captured here Friday night. The men were caught with loot from a box car robbery at Pacific Junction and so far the Iowa authorities have made no effort to have the men returned to that state. The three large shipping cases of ladies silk hose that were taken from the box car have been turned back to the railroad company. The crime that the men committed occurred in Mills county, Iowa, and therefore the punishment of the men is up to that county.
