

Let's Go! America!

President Roosevelt has sounded the "call to arms" in the war against Depression. May the response be whole-hearted and complete. A united and unbroken front NOW will rout the enemy. Let's Go!

We will "Do Our Part"

Wescott's

Nehawka

Miss Mildred Burton has been assisting with the work at the home of Mr. and Mrs. A. G. Cisney for the past week.

Albert Wolfe and daughter, Miss Gladys, were over to Nebraska City last Sunday evening, where they attended one of the shows.

Edward Everett of east of Union, accompanied by his son, were visiting in Nehawka on last Monday, looking for a farm to rent for the coming year.

George Reynolds of southeast of Union, was a visitor in Nehawka one day last week and was looking after business, desiring to rent a farm in this vicinity.

Thomas E. Fulton, who has been on the sick list for some time past, is out again and feeling much improved, and is able to be about with his many friends again.

Dr. Henry Walters and Dr. J. W. Miller were over to Nebraska City on last Monday afternoon for a game of golf, which they thoroughly enjoyed, both being golf enthusiasts.

Harold Dodson was shelling corn on last Monday and delivering some of it to the feed yards of C. R. Troop and George Troop, the balance going to the Farmers elevator at Nehawka.

Mrs. Iola Davis, a sister of Silas Munn, accompanied by her daughter, Lois, arrived in Nehawka and are guests at the home of Mr. Munn and will visit here for some time with other relatives and with the many friends here.

Mr. and Mrs. J. S. Rough were guests for the day last Sunday at the home of the brother in Lincoln, where they enjoyed visiting together. Mr. Rough, the brother of Stewart, has been in poor health for some time and sure enjoyed the visit.

Mr. and Mrs. William Wehrlein, Al Bartlett of Murray and Mr. and Mrs. Wm. Gorder, of Plattsmouth, were guests at the home of Mr. and Mrs. Victor Wehrlein for the day and dinner on last Sunday, where they all enjoyed the occasion.

Mr. and Mrs. A. F. Sturm entertained for the day and at a very fine dinner on last Sunday, having as their guests for the occasion, Mrs. John O. Yeiser and sons, Andy and Jack, Mr. and Mrs. J. J. Pollard and a guest, a sister of Mrs. Pollard, Peggy, who has been visiting here from her home in Wyoming.

Albert Wolfe and family have a very highly cherished dog, "Buster," which is also a favorite of almost everyone in Nehawka, and so everyone was sorry when Buster became sick. Albert and daughter, Miss Gladys, took the dog to Nebraska City, where they sought to have him treated on

Stock Company Insurance

sold through Dependable local agencies . . . protects most of America's property from loss!

Through the Years

Through every Fire, Tornado, Flood or Earthquake these Sound Old Companies have served America.

Our Agency

We are proud of the companies we represent. We believe that a little good insurance gives more protection than a lot of poor insurance.

We Sell Good Insurance

The Largest and Oldest Insurance Companies in America

last Monday and restored to health. Dick Galvani and Mr. and Mrs. Frank Johnson, the latter being formerly Miss Helen Greer, who are making their home in Union where the outfit of the contractor, John Greer, is being held pending transfer to some other point, are busy putting the equipment in first class condition. They were in Nehawka on last Monday afternoon to visit with friends for a short time.

With the return of better business at the hardware store and the desire to get out and spend some time with the visitors from the west, Henry Wessell has offered a position as assistant at the store to that genial gentleman and salesman, John G. Wunderlich, which was accepted, and hereafter Mr. Wunderlich will be found at his former position and will smilingly greet the trade again with the very best service.

Dr. and Mrs. J. W. Miller, of San Diego, Calif., accompanied by their son, arrived via auto from their home in the west and are visiting at the home of Mrs. Miller's parents, Mr. and Mrs. Henry Wessell. They left the coast on Tuesday noon of last week and arrived at the home of Mr. and Mrs. Wessell on Saturday noon, driving via auto. They enjoyed a very pleasant trip on the way. They will enjoy some two months' visit here and at the home of the Doctor's folks at Denton, out the other side of Lincoln.

Surprised on Birthdays
About a half hundred people gave Mrs. Ray Creamer and daughter a real surprise on last Sunday, when they went to her home prepared for a good time and had it. They brought along an abundance of good things to eat as well as ice cream and cake, and properly celebrated the occasion.

Among those present from a distance were John Frizell and family and Harold Frizell and wife as well as the family of Ross Shropshire of Weeping Water, Fred Lutz and family, Anderson Lloyd and family, Wm. Wehrlein and wife and Mrs. Henry Creamer and son and wife, of Murray.

Hope for Industries
There is hope of the opening of two stone quarries near Nehawka, one a few miles west of town and the other east of town, and which it is hoped will both be open and working in a short time. Let everyone do his part that this may be consummated.

Undergoes an Operation
Mrs. James McVey, who has not been in the best of health for some time past and more recently in very poor health, was taken to the University hospital where she underwent an operation the latter part of last week for the restoration of her health, and came through the ordeal in fair condition. Mr. McVey was over to Omaha and visited the wife at the hospital on last Sunday, finding her in weak condition, but cheerful and greatly encouraged, hoping that the time would not be long before she might be able to return to her home here.

Disagree Over Wages
The quarry at Nehawka which has been employing a number of men throughout the spring and summer, at the rate of \$1.60 per day, is not in operation just now, as with the increased cost of living the men have asked an increase in wages to \$2 per day, which they have not received as yet. However, there is prospect of negotiations to settle the matter in the very near future.

PLANE FALLS INTO BAY
New York.—An airplane piloted by Archie Baxter of Brooklyn, with Alfred Clay of Brooklyn as passenger, plunged into Jamaica bay tonight in full view of the throng at Floyd Bennett airport awaiting the Mollison. Baxter and Clay escaped with minor lacerations but the ship was wrecked.

Wheat in Pan-handle of Nebr. the Major Crop

Production of Eleven Nebraska Pan-handle Counties Averages 11 Million Bushels.

Sidney, Neb.—There are more than 766 thousand acres of wheat land in the 11 Nebraska panhandle counties subject to allotment under the administration's wheat acreage adjustment program.

These figures, based on the 1928-1932 plantings, would mean an abandonment of approximately 153,200 acres of fertile land under the government's tentative program to reduce plantings 20 per cent. There are 5,640 individual wheat farms in the panhandle eligible for the adjustment and these farms have produced an average of over 11 million bushels of wheat a year over this five-year period.

Cheyenne, Kimball and Box Butte counties are the largest wheat producers raising more than half of these 11 million bushels each year. Cheyenne alone averaged nearly three million bushels, in spite of the fact that 1932 was the poorest wheat year in a decade.

A summary of the five-year record for each of the 11 counties follows:
Banner—295 farms, 59,860 acres harvested, 14.8 bushels average an acre, 883,523 bushels a year.

Box Butte—911 farms, 102,658 acres harvested, 13.9 bushels average an acre, 1,425,293 bushels a year.

Cheyenne—1,104 farms, 198,843 acres harvested, 14.9 bushels average an acre, 2,956,033 bushels a year.

Dawes—615 farms, 43,990 acres, 13.1 bushels average an acre, 575,452 bushels a year.

Deuel—386 farms, 67,087 acres, 16.3 bushels average an acre, 1,096,657 bushels a year.

Garden—262 farms, 41,340 acres, 15.8 bushels average an acre, 652,233 bushels a year.

Kimball—456 farms, 123,704 acres, 13.8 bushels average an acre, 1,706,177 bushels a year.

Morrill—365 farms, 35,418 acres, 14.5 bushels average an acre, 514,730 bushels a year.

Scotts Bluff—331 farms, 17,483 acres, 19.9 bushels average an acre, 347,768 bushels a year.

Sheridan—774 farms, 60,495 acres, 12.5 bushels average an acre, 817,333 bushels a year.

Sioux—240 farms, 13,131 acres, 12.4 bushels average an acre, 162,172 bushels a year.

NO BEER AT STATE FAIR
Fearing that some one might obtain a license to sell 3.2 beer just outside the gates of the state fair grounds Secretary Reed asked Assistant Attorney General Ayres concerning the legality of such sale or sales within the grounds. The fair grounds are outside the city limits. Ayres said he had not given an official opinion, but that he would advise the fair board not to permit sale within or outside the grounds, in view of the fact that an old law provides that intoxicants, "Or wine or beer of any kind," shall not be sold on any fair grounds nor within forty rods of a fair. While this law might prohibit only sale of intoxicating liquors, Ayres said that he would not advise the fair board to hinge its action on whether or not 3.2 beer is non-intoxicating. One member of the county board was reported to have favored issuing a license for 3.2 beer either inside or outside the fair grounds. Secretary Reed said the fair board could file a protest with the county board if it cares to object to licensing near the fair grounds. He said there would be no profit in beer sale as some one had estimated that it would cost \$270 to get license and a concession. Reed is of the opinion the fair board will do nothing toward permitting sale of beer.

GOES TO DISTRICT COURT
Monday afternoon the preliminary hearing was had in the county court in which Ernest Melbern was charged with assault on James Gruber with intent to do great bodily injury.

The state offered the only evidence, presenting Mr. Gruber, the complaining witness and Dr. R. W. Tyson of Murray, the physician who attended Mr. Gruber. The complaining witness, Mr. Gruber, testified that Melbern had struck him once but did not know if he had hit him again. The physician testified as to treating bruises that Mr. Gruber had on his person when he came to his office, but knew nothing personally of the trouble.

The defense did not offer any testimony in the case and at the conclusion of the evidence Judge A. H. Duxbury bound Mr. Melbern over to the district court where the case will be tried at the November jury term.

The bond in the case was reduced to \$1,000 and which was supplied and Mr. Melbern returned to his home at Murray.

Just because Hinky-Dinky has always sold only good food at low prices . . . is why Hinky-Dinky has always been ahead in popularity
