Plan Concerted Drive for Sale of King Korn Ducats

One 25c Ticket to Admit the Entire Family to Series of Championship Games Next Week

King Korn is turning to kittenball as a possible means of helping to finance the annual Korn Carnival...

Umpires and league officials have joined in selecting the best teams of their respective leagues...

The canvass for the sale of tickets is now being started and the committee announces that one 25 cent ducat will admit the entire family of the purchaser...

This year's King Korn Carnival fund was started early in the spring with the holding of a vaudeville performance with the purpose in mind of building up a sufficient amount of money to take care of the necessary finances needed to put on the King Korn Carnival...

Each business house in the city will be asked to purchase \$1 worth of the tickets, to be absorbed among the employees or sold to other people.

In addition to this, it is the intention to have two or more booths on Main street Wednesday and Saturday, from which tickets will be sold in much the same manner as drives are conducted.

You can't go wrong in buying one of these 25c tickets that will admit the entire family to ALL of the three or four games that will be played. None of the money will go to the players...

Business men, professional men and citizens interested in the advancement of our community, are urged to get behind this worthy project and buy tickets for the kittenball games...

Seek to Enjoin City from Selling Tax Property

Standard Savings & Loan Association Contests City of Plattsmouth's Title to Parmele Place.

Late Monday afternoon a suit was filed in the office of the clerk of the district court in which the Standard Savings & Loan association of Omaha is the plaintiff and in which the City of Plattsmouth, County Treasurer John E. Turner, County Assessor W. H. Puls and Sheriff Homer Sylvester, the latter officers in their official capacities, are the defendants.

The suit is one in which the plaintiff attacks the claim of the city to tax title to the property on Chicago avenue, known as the "Parmele Place," as well as asking that title be given the plaintiff and the city be enjoined from selling or attempting to sell its interest and claims to the said property.

The plaintiff association claims title to the property lying 140 feet west of Chicago avenue, alleging that the paving and sidewalk tax as applied to the property claimed by the plaintiff, is illegal, and that the association is entitled to the title to the property and just and equitable relief.

It attacks the paving ordinance of April 28, 1917, under which the paving tax was levied on the property.

The plaintiff in their petition state that the property in question was sold at tax sale and purchased by the County of Cass for taxes for the years 1922 to 1925, that later this was purchased by O. W. Johnson, representing the plaintiff company. That on November 4, 1928 the taxes on the property were purchased by the city of Plattsmouth.

The plaintiffs further state that an action was commenced by the plaintiff through O. W. Johnson, against the receiver of the First National bank, also a claimant to the title, that a federal court found for the plaintiff and that a Master's deed was given the plaintiff to the property.

It asks that the county assessor be required to make division of the property excepting the 140 feet lying adjacent to Chicago avenue in the plaintiff and that they are willing to pay all just taxes on the property excepting that of the special improvement tax.

Flood Lights for the Athletic Field Assured

Work on Pole Erection to Start Today—Form Body of Director to Have Charge of Lights.

The drive for the installation of flood lights at Athletic park was assured last night when the canvassing committee of the kittenball enthusiasts reported that they had the funds sufficient to place the lights and to start night kittenball.

A large number of the enthusiasts met at the American Legion building to take the final steps in the move last evening that was to provide the lights and assure their proper handling.

In order that the matter might be handled in the proper business-like methods, a board of directors was selected composed of A. H. Duxbury, chairman; Leo Boynton, secretary; R. Foeter Patterson treasurer; Dr. R. P. Westover, Merritt Kerr and Carl Schneider as members.

The work of installing the lights will require a few days but it is expected that by the first of next week the flood lights should be operating and enable their use in the King Korn all star series of games between the pick of the National and American kittenball leagues as well as two all star ladies teams.

The funds raised have been purely individual free will offerings from the residents of the city and a number from the nearby communities also have added their part in making it possible for the residents to enjoy night games as well as the day games at the park.

It has been definitely decided that the lights will be dedicated on Monday evening and at which time the first of the all star series will be played. The committee is out today selling tickets for 25c each, the funds to go to the Korn Carnival.

The ticket will admit the purchaser to all four of the games that will be played the coming week and the small fee is charged to help along the starting of the corn carnival.
