### ROTARY HONORS PASTOR

Tuesday at the weekly luncheon of the Rotary club, Rev. O. G. Wichmann, pastor of the St. Paul's Evangelical church, was the honor guest, the club tendering him a tribute for his long and faithful service here which he is now terminating. Rev. Wichmann is to leave soon for California to take a charge there and the club joined in honoring him.

Rev. Wichmann was introduced by E. H. Wescott, who paid a tribute to his work for the church and in the community and to this greeting Rev. Wichmann responded very feelingly.

George L. Farley, one of the newer members of the club, was introduced and gave a short talk on "Rotary" and its principles from his observation and study since his joining the ranks of the international organization.

The meeting was in charge of George J. Jeager.

## Corn to Yield Near 235,014,000 Bushels This Fall

Estimate Nebraska Crop as Slightly Smaller Than Last Year; Not in Much Danger of Frost.

Corn deteriorated slightly during August and a production of 235,014,000 bushels is estimated by the state and federal division of agricultural statistics.

This forecast is as compared with 269,292,000 bushels last year and the 1927-31 average of 230,002,000 bushels. About 75 percent of the corn acreage will produce fairly satisfactory yields. The injury is confined largely to part of the two southern tiers of counties, some in the extreme western Nebraska and some along the north central portion of the state. Most of the corn is far enough along that little if any injury from frost is expected. The average yield is estimated at 23 bushels.

Spring wheat is poor and the present estimate of yield is 8 bushels which is the same as estimated last month. The estimated production is 3,120,000 bushels as compared with 2,020,000 bushels last year and the 1927-31 average of 2,553,000 bushels. The estimate for all wheat is now 29,014,000 bushels as compared with 26,620,000 bushels last year and the 1927-31 average of 65,850,000 bushels.

Barley, with a probable yield of 10.5 bushels will produce 8,872,000 bushels as compared with 18,360,000 bushels last year and the 1927-31 average of 13,439,000 bushels.

The average estimated yield of potatoes is slightly higher this month than last due largely to improved conditions in the western Nebraska commercial potato section. The estimated yield is 52 bushels and the production 6,240,000 bushels as compared with 8,775,000 bushels last year and the 1927-31 average of 9,404,000 bushels.

The production of tame hay is small. The production of all tame hay is estimated at 2,517,000 tons as compared with 2,926,000 tons last year and the 1927-31 average of 2,649,000 tons. The first two crops of alfalfa were poor, but the late cuttings of this crop due to good August rainfall are expected to be very good. Wild hay is below average with an estimated yield of .55 of a ton per acre and a production of 1,605,000 tons as compared with 2,189,000 tons last year and the 1927-31 average of 2,100,000 tons.

Estimates of fruits are as follows: apples, 38 percent with a total of 389,000 bushels against 627,000 bushels last year. Pears, 28 percent with a production of 20,000 bushels as against 38,000 bushels last year. Grapes, 50 percent and a production of 2,090 tons as compared with 2,960 tons last year.

Phone the news to No. 6.

### OBITUARY OF MRS E. P. BETTS

"Tell me, my secret soul, O tell me, Hope and Faith, Is there no resting place For sorrow, sin and death? Is there no happy spot Where mortals may be blest; Where grief may find a balm, And weariness a rest? Faith, Hope and Love, Best boons to mortals given, Waved their bright wings and whispered, 'Yes,' in heaven."

Very early on the morning of Friday, Sept. 8, 1933, Mrs. E. P. Betts quietly laid aside this house of flesh and entered into that eternal resting place. With a great peace and composure. With a great peace and composure.

Margaret Anna McFadden was born on the 9th of September, 1867, in Pittsfield, Ill. In 1883 she came with her parents to Nebraska, and for the past 37 years Eagle and vicinity had been her home.

On March 12th, 1889, she was united in marriage to Edward P. Betts and to this couple four children were born. Three boys have preceded their mother in death, while the daughter, Mrs. Pearl Adams of Eagle shares with the husband and father the sorrow of this hour.

For the past four months Mrs. Betts had been a calm and patient sufferer, bedfast practically the whole time. Thru all this time there was never a word of complaint—only a beautiful patience and a great trust. She was ready; there was peace in her heart, and when finally the summons came, the weary body was left behind and the soul arose to newness of life—the eternal life.

Besides the husband and daughter, Mrs. Betts is mourned by two sisters, Mrs. Mary Moore of La Jolla, California, Mrs. Maude Hartman of Lincoln, Nebr., and by four brothers, George of La Jolla, California, Frank of Marion, Iowa, Bobbie of Lincoln and Charley of Eagle. One granddaughter, Eva Pearl Adams and several nieces and nephews share the sorrow of the husband and daughter and brothers and sisters.

Mrs. Betts was an active and faithful member of the Methodist church of Eagle and was one of the oldest members of the Ladies' Aid society of this church. She leaves behind her many deeds of sympathy and kindness and love in the community and these will always be remembered. She was also a member of the Eastern Star, Ideal Chapter No. 181 of Elmwood.

65 years, 11 months and 30 days were her allotted portion. But earthly time must end for all, and today her earthly remains are tenderly laid away in the Eagle cemetery, looking toward the east, whence shall arise the Son of Righteousness in the glory of the resurrection.

The funeral was held at the home at 2:30 Sunday, Rev. Rangler officiating.

Every printing job given to an out-of-town concern helps hold down Journal payrolls, which are expended almost 100 per cent in Plattsmouth.

## Weeping Water

C. E. Heebner of near Nehawka was a visitor in Weeping Water on last Tuesday afternoon.

W. B. Banning of Union was a visitor in Weeping Water on last Tuesday and was visiting with a number of his friends.

Wm. Hamilton, who has been making his home near Plattsmouth for the past summer came over to Weeping Water last Tuesday and is spending the week at the home of his nephews, Amos Cappen and Ira Cappen and their families.

Uncle Peter A. Johnson, father of John E. Johnson and grandfather of Wally, Bill and Art Johnson, and who makes his home at Lincoln, was spending a few days in Weeping Water visiting with the relatives and attending the Cass county fair.

Fred H. Gorder, county commissioner, was a visitor in Plattsmouth last Tuesday looking after some county business and later made a trip including Louisville, South Bend, Murdock, Alvo and Eagle, having some matters to look after at each place.

### Home from West.

Emory P. Marshall who has been spending some time in Denver and Fort Lupton, where he has been visiting with the families of both son and daughter, returned home last Monday and was well pleased with the visit. He had made the trip on an excursion which had been run there, and reports that there are some improvements since the inauguration of the NRA but that as yet collection of accounts is very difficult.

### First Day of County Fair.

The first day of the county fair proved a very damp one and with the rain falling the exhibitors had some difficulty in getting their places and the concessions also were delayed in getting ready for the real fair which is to be the following days. The people of Weeping Water were very solicitous to assist in every way possible as were the people of other parts of the county. Plattsmouth, which has their Korn Carnival next week were glad to give the county fair preference as to days and are sorry that the weather has commenced adverse during the first portion of the week, and are hoping it will be better weather for the remainder of the fair. Let us all pull together for one of the very best fairs of history.

### Has Fine Exhibit.

Harold A. Krecklow who is a manufacturer of lawn furniture and holders for flower pots, cut flowers and other decorative furniture and equipment has a very pretty and novel display in the west window of the Seward P. Day store which is attracting much attention.

### Many Exhibits of Stock.

The exhibits, notwithstanding the unfavorable weather are accumulating rapidly. In the poultry department there is many flocks and pens of every kind and description. The horses and mules are being cared for and most of the stalls are already filled. Cattle present a goodly appearance as well as many pens of sheep and hogs are represented by all the principal breeds. The breeders of Cass county have by far the best displays altho there are a number from up state as well as from out of the state which are now on display.

### Declined Title Proffered.

Milford Smith, son of Mr. and Mrs. S. Ray Smith who has in hand the rope and knot tying contest, won second at the state fair. Mr. Smith was the leader and had two contestants, Anna Johnson and Dale Reed, altho there are nine members of the club. Mr. Smith was offered the title of sheep showman, but declined it as it would have precluded him from showing sheep in the future and he preferred to show sheep than to have the title and the honor.

### Showing Good Stock.

Fred Rehmeier and son and daughter are showing some excellent hogs and cattle which they got to their places on the first day of the fair. The weather being rainy the stock had to be brought through the rain and mud and later washed and put in the best condition before the crowds came to view them. This increased the work necessary, but the stock was such when placed on show after being cleaned up made a fine appearance, as they are the very best in their lines.

### Seeing the Southwest.

Torrence W. Fleming and wife and their son, Lyle Fleming and family, Mrs. Lyle Fleming being daughter of Mr. and Mrs. Wm. Ash, departed last Saturday from Weeping Water and stopped over night at Stirling, Colorado and the second

at Green River Montana, arrived at Los Angeles early Tuesday morning, which made the trip in less than three days according to the calendar, but in which was crowded over fifty hours of actual driving. They will expect to remain there for about thirty days. They will visit while there with a daughter of Mr. and Mrs. T. W. Fleming.

### Improving Farm Home.

The farm where Cyrus Livingston and family reside, some six miles east of Weeping Water which belongs to Bert Jamison has been given a real overhauling, for Harrison Livingston has been treating the buildings all to new roofs, the house, the barns, the sheds and the cribs. During the time the buildings have been painted by Messrs. Ed Henegar and Ed Bobbitt. They are making the old farm a new one and are making great improvements at that.

### Appreciate Plattsmouth Spirit.

Messrs. Carl Day and J. J. Meter who composed the committee to call on the merchants and business men of the county seat for premiums to be given to the winners of exhibits at the fair, found a ready response from all business men and also the other industries there. The Nortlok Packing company gave nearly a hundred cans of their good to be used as premiums. They report that Plattsmouth as a unit was willing to do all possible to promote the fair and to make it the very best that has ever been held. This is a mighty fine spirit manifested between the two largest towns in the county and is also in line with the feelings of the other towns in the county.

### Home from Missouri.

Wilber Barritt, who has been at Savannah, Mo., where he has been receiving treatment for an infection on his face and where he has been for several weeks, returned home last Monday and is feeling much improved.

### PLEASANT MEETING

The Westminster Guild of the Presbyterian church had a pleasant meeting in the Fellowship room Tuesday evening. There were nine members in attendance with Mrs. F. A. Clويد and Mrs. H. G. McClusky sponsors of the organization. Frances Clويد and Helen Gilmore were visitors.

Eleanor Olsen had the devotions. The business meeting was held with Mrs. Louis Lohnes presiding. Mrs. McClusky showed a simple lesson book which she explained contained wonderful material and ideas for the guild meetings. The girls want this book for this year's lesson leaflet, so copies will be secured immediately. Various other business was discussed. The meeting was closed with the benediction.

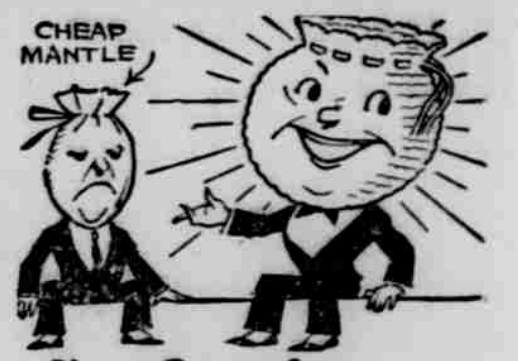

Refreshments were served by the executive committee to round out the evening's pleasure.

The next meeting will be in the form of a covered dish dinner to be held at the Country club on September 26.

### HAVE FINE SALE

Rex Young, the auctioneer, was at Union Tuesday where he held a dispersion sale of Jersey cows for Arden Ruhmann. The sale was one of the most successful that Mr. Young has held and which brought a large number of interested parties from several different parts of the west.

There were some sixty head of the cows offered, some thirty-five being milk cows, the milk cows bringing an average of \$40, a fine price. The sale was held in the rain and bidders remained despite the bad weather to compete in the bidding for the stock. There were bidders from Lincoln, Ashland, Omaha, Malvern and Shandoah, Iowa, Falls City, Johnson and Cook and who felt well pleased with the fine stock offered.

## Use Genuine Coleman Mantles

### FOR MORE LIGHT AND BETTER LIGHT

They are correct in design, size and texture. No side seams to split. Reinforced across bottom. Saturated with best quality light-giving chemicals.

They are made to work perfectly on Coleman Lamps and Lanterns... to insure plenty of good light and long service. The Coleman Company has spent years in perfecting mantles of superior quality. So always insist on the genuine. Look for the name "Coleman" stamped on every mantle. That is your assurance of satisfactory lighting service. (MX14)
