

Nehawka

Glen Elliott, of Plattsmouth, was a visitor in Nehawka last Monday and was selling lamps to the electrical consumers of Nehawka for their homes and places of business.

Stewart Rough, the manager of the Farmers elevator of Nehawka, shipped a car load of corn last Monday, having disposed of the same via telephone during the early morning.

Mr. and Mrs. Stuart Rough were in Lincoln last Sunday, driving over in their car to visit with relatives there and enjoyed the visit a great deal. They found much more snow there than here.

A. R. Dowler, of Nebraska City, a salesman for the A. W. Propst Chevrolet Motor company, was a visitor in Nehawka last Monday and was looking after some business matters for the company.

George Trunkenholz, of the Trunkenholz Oil company of Eagle and Lincoln, was a visitor in Nehawka on last Monday and was looking after his interests here at the bulk station and the retail service station.

Mrs. W. O. Troop, of north of town, was visiting in Plattsmouth for the day last Monday, where she was a guest at the home of Mrs. Lois Troop and also attended the meeting of the W. C. T. U. of Plattsmouth.

Mrs. James J. Pollard, who has been so ill for some time, and who was for a time at the hospital in Omaha, following her return some weeks ago, has been making very satisfactory progress and is now much better.

Miss Elsie Lohnes, of Grant, has been here visiting with relatives in Plattsmouth and about Cedar Creek, and while here Miss Elsie was the guest of her sister, Mrs. Ella Troop. She had been enjoying her visit very much.

Mrs. S. R. Urwin, of Don Morey, California, is visiting here for some time and is a guest while here at the home of the parents, Mr. and Mrs. George E. Hanson and is also visiting with other relatives and friends as well as enjoying the scenes of the other days when she resided here.

Mr. and Mrs. C. Steffens, of Lorton, were visiting in Nehawka last Sunday, being guests for the day at the home of J. H. Steffens, where they visited with Mrs. Steffens who has been sick for some time, and with the rest of the family as well, were visiting at the home of their daughter, Mrs. Albert Anderson and family and at the home of D. Steffens, a brother of Mr. C. Steffens.

Will Open Stone Quarry

R. C. Pollard received a letter last Sunday from the Tobin Quarries, Incorporated, who are operating a rock quarry on the O street road east of Union, stating they have received another large contract and wish to locate a quarry on the land of Mr. Pollard. They expected to be in Nehawka the fore part of this week to make the arrangements for the opening of the new quarry, from which they will supply the stone for some 15,000 cubic yards of rip rap. They will also need a loading dock, which they hoped they might be able to lease here.

This information comes as very good news to Mr. Pollard and to every one in Nehawka and vicinity who may desire employment, for it will provide work for a large number of people and help provide sustenance for many families throughout the winter when other work slackens up a great deal.

The stone will be used in the Missouri river development work that is now under way up and down the river from St. Joseph to Sioux City.

Entertained the Woman's Club

Mrs. Oren Pollard, with the assistance of Mesdames Hall and Merritt Pollard, were hostess and assistant hostesses, entertaining the Nehawka

Woman's club at the home of Mrs. Oren Pollard on last Friday. A most worthwhile meeting was had and the leader of the program was Mrs. W. A. Ost. The topic was "What I have Seen at the World's Fair." Many very interesting stories of the fair were recited by the different club members, who in the vernacular of Jack Pearl, "was there, Charlie." Nehawka has had an unusually large percentage of its citizens in attendance at the fair some time during the summer. Besides the narratives of what they had seen at the exposition some brought along the souvenirs they had purchased of various descriptions. Among the collection was a glass hammer exhibited by Mrs. Fred Nutzman, which she had purchased at the fair held forty years ago. This was a most interesting relic of the other days and was viewed with interest by all the members assembled.

Made Address at Masonic Home

Professor C. E. Stimbert, superintendent of the Nehawka schools, accompanied by Mrs. Stimbert and their little daughter, were visitors in Plattsmouth last Sunday, where Prof. Stimbert made an address before the Bible class at the Masonic Home. His subject was "The Life of St. Paul," which is the theme of this quarter's Bible school lessons. Mr. Stimbert delivered a splendid address, which was greatly enjoyed by the residents at the home. At the conclusion he was invited to come and visit them again in the near future and to address them on other subjects connected with the current Bible study.

Picking Going On Rapidly

Glen Sturm, who has a lot of very good corn, has four pickers who are averaging slightly over 100 bushels of corn per day, or a little over 400 for the crew. They are expecting to harvest 7,000 bushels for this year's crop, all of excellent quality. They will conclude their work this coming week.

Arrived Home Safely

For the past two weeks, Harold Kimlon and family and Albert Stoll and family have been visiting with relatives in Nehawka and also at Louisville, where they enjoyed a very fine time. At the conclusion of their visit, they departed for their home, located just over the line in South Dakota, but with their postoffice at Wayside, Nebraska, which is located in the extreme northwest part of the state. Mrs. T. E. Fulton received a report from them early this week, telling of their safe arrival home on last Saturday.

Accidentally Shot Himself

A party of hunters from Omaha were in the vicinity of Nehawka last Sunday, where they enjoyed the day. In the evening, as they were getting into their car to depart for home, the gun carried by one of the members of the party caught on the running board of the car and the hammer was released, the shell being exploded and the charge therefrom entering the breast of the young man, age 16, who had the gun. The shot penetrated the left lung of the youth, inflicting a very serious wound. He was immediately brought to town and given first aid treatment by Dr. Henry Walters, who advised that he be rushed to a hospital in Omaha, where proper facilities were available for caring for such cases.

Doing His Studying at Home

Kenneth Anderson, son of Mr. and Mrs. Albert Anderson, who is a student in the Nehawka schools, was taken with the croup and chicken pox, which prevents him from attending school until such time as the quarantine shall be raised. During his illness he is aided by his mother in the studying of his lessons, so as to keep up with the rest of the class, and on last Monday he learned his spelling and his numbers for the entire week and received 100 per cent

in both. He was entitled to the regular fifteen minute recess and which he enjoyed by listening to the radio.

United Brethren in Christ.

Rev. O. Engelbreton, minister NEHAWKA CHURCH Bible church school 10 a. m. Y. P. S. C. E. at 7 p. m. Evening gospel service at 7:30. Prayer meeting Wednesday evening at 8 o'clock.

The attention of bidders is directed to the special provisions covering subletting or assigning the contract and to the use of domestic materials. The minimum wages paid to all skilled labor employed on this contract shall be sixty (60) cents per hour.

The minimum wage paid to all unskilled labor employed on this contract shall be forty (40) cents per hour.

The attention of bidders is also directed to the fact that George Hodge, State Director of Reemployment, Lincoln, Nebraska, will exercise general supervision over the preparation of employment lists for this work.

Plans and specifications for the work may be seen and information secured at the office of the County Clerk at Plattsmouth, Nebraska, or at the office of the Department of Roads and Irrigation at Lincoln, Nebraska.

The successful bidder will be required to furnish bond in an amount equal to 100% of his contract.

As an evidence of good faith in submitting a proposal for this work or for any portion thereof as provided in the bidding blank, the bidder shall file, with his proposal, a certified check made payable to the Department of Roads and Irrigation and in an amount not less than the total amount, determined from the following list, for any group of items or collection of groups of items for which the bid is submitted.

Pavement items, Three Thousand and Five Hundred (3,500) Dollars; Bridge items, Three Hundred Fifty (350) Dollars; Viaduct, One Thousand (1,000) Dollars.

The right is reserved to waive all technicalities and reject any or all bids.

DEPARTMENT OF ROADS AND IRRIGATION R. L. COCHRAN, State Engineer. GEO. R. SAYLES, County Clerk, Cass County.

18th Amendment is Voted Out of Constitution

Pennsylvania, Ohio and Utah Give Necessary States for Repeal; Carolinas Stay Dry.

The eighteenth amendment was apparently voted out of the constitution on the face of returns from Utah, Pennsylvania and Ohio.

Repeal forces stepped far into the lead in Ohio, Utah and Pennsylvania. Approval of the amendment to remove prohibition from the constitution by these three states would bring to the necessary thirty-six the number that have voted to ratify.

In the day's voting, however, North and South Carolina, the one by a big majority and the other by a thin figure, appeared to have definitely recorded themselves in favor of retention of the dry laws.

Ohio was giving repeal a majority of 600,000 votes. Pennsylvania was voting to eject the national dry laws by six to one. Utah's balloting was running closer, but the ratio was standing at about three to one.

North Carolina Strongly Dry.

Charlotte, N. C.—North Carolina rejected the proposal for repeal of the federal prohibition amendment and became the first state definitely placed in the "dry" column. With early returns from all quarters of the state showing substantial and in many counties overwhelming dry majorities, Walter Murphy, field marshal for repeal forces, Tuesday night conceded victory to the prohibitionists. Partial returns showed the dry forces leading by a two to one majority.

Cale K. Burgess, chairman of the united dry forces, asserted his information indicated at least ninety of the 120 delegates to be named by the state's 100 counties would be against repeal. Unofficial returns from 786 precincts of 1,831 gave 69,416 for repeal, and 138,014 against.

South Carolina Also Dry.

Columbia, S. C.—By a narrow margin South Carolina apparently voted against prohibition repeal on the basis of unofficial returns from more than two-thirds of the state. Romulus Reese, state manager for the Association Against the Eighteenth Amendment, conceded defeat for the repeal cause, altho the unofficial returns showed the drys leading by only a slim majority.

Returns from 850 of 1,220 precincts in South Carolina gave for prohibition repeal 31,450, against repeal 33,128, a lead for the drys of 1,678 votes.—State Journal.

JUNIOR HIGH SCHOOL TO OBSERVE "EDUCATIONAL WEEK"

The Junior High school, which consists of the 7th and 8th grades of the Plattsmouth schools will observe Educational Week in the form of a program to be given in the gymnasium, Friday, November 10, at 2:30. Combined with this program will be an Armistice Day address by Joe Capwell. The public is invited and urged to be present to take part in these activities.

There will be singing of patriotic songs, bugle calls by Roy Helly and numbers by the Boys Glee club of the 7th grade, Boys Glee club of the 8th grade, Girls Glee club of the 8th grade, and the Girls Glee club of the 7th grade. Another feature will be a play given by the Junior High school under the direction of Miss Helene Perry. The title of the play and cast of characters follows:

"JEAN VALJEAN" by 8th grade division.

Cast: Act I The Bishop—Raymond Wooster Jean Valjean—Philip Rosenkrans Madame Defarge—Patty Clout Mademoiselle—Mary Hughes

Cast: Act II The Bishop—Arley VanLaningham Jean Valjean—Bill McMaken Madame Defarge—Laura Mrasek Mademoiselle—Frances Clout Policeman—Floyd Eastridge Officers—Gavin Farmer and Norman Gamblin

Committees for Act I—Costume: Eleanor Minor, Rosie Kozak, and Shirley Keck. Stage: Lorraine Reichstadt, Beatrice Arn, Delbert Schweneker and Bennie McCarty.

For Act II—Costume: Warren Rice, Niel Lancaster, Thelma Jones and Lucille Newland. Stage: Harley Minniear, John Lindeman, Bhea Edgerton and Melvin Hughes.

"HOW THEY GOT THE LIBRARY" by Seventh grade division: CAST Mr. Callender—Jack Barton Mrs. Callender—Ruth Bailey Grandmother—Frances Hadraba Grandfather—Robert Hayes Phoebe Callender—Mary Alice Ault Florence Fay—Gloria Johnson Miss Budd—Minnie Smith

Stage Committee: Kieth Elliot, Winford Dasher, Kathryn Barkus, Stewart Gochenour, August Kief, and Opal Byers.

Costume Committee: Norma Johnson, Eleanor Giles, Mya Rhoden, Frank Heigl, Anna Mary McMaken.

Cass County Farm Bureau Notes

Copy furnished from Office of County Agent Waincott

Vincent Rehmeier Named State 4-H Champion

Vincent Rehmeier, 4-H club member of Weeping Water was made the state champion Swine club member for Nebraska. The Wilson Packing company will award Vincent a trip to Chicago to the National 4-H Club Congress this winter.

This makes a total of seven state champions from Cass county who will represent Nebraska at the national show this winter. They are Thelma Ward, Weeping Water, health champion; Vincent Rehmeier, Weeping Water, swine club champion; and Clyde Althouse, Robert Wall and Robert Foreman, all of agle, who compose the Nebraska champion poultry judging team; and Beatrice Gwilliams, Nehawka and Verna Miller of Elmwood who will represent Nebraska in canned foods judging.

Home Economics Council Meeting

A tentative program for the women of the county was outlined at a meeting of the home economics council, Wednesday, November 1st. Subjects under consideration for short time projects included making of hominy, re-caning old chairs, sewing machine attachments and beef cutting and cookery.

Many suggestions for lesson material for the 1935 major project were also made and discussed. In many cases these were suggestions for project club members being passed on by their representative, the group chairman.

This council is made up of the county and group chairmen and women member of the Farm Bureau Board. Those attending the meeting included Mrs. R. A. Kuehn, Mrs. Oscar Zink and Mrs. H. A. Tool of Murdock; Mrs. Orill Allen, Eagle; Miss Evelyn Wolph, Nehawka; Mrs. Henry Smith, Weeping Water and Mrs. G. R. Eveland, Elmwood. Miss Mary-Ellen Brown, state extension agent, women's work, was also present. Mrs. Everett Spangler, Murray, and Mrs. Albert Sheihorn, Louisville, the two other group chairmen, were unable to be present.

Thanksgiving—Are you planning a Thanksgiving program at school or in the community? If so Extension Circular 544 contains suggestions for a paper, a few poems and a short playlet, which would add much to any program. This bulletin is available at the Farm Bureau office.

Bees Make Nearly 200 Lbs. Honey

A check up on the production of the five demonstration hives at the Chas. Warga apiaries Thursday showed that the average amount of extracted honey from each colony was 189 pounds.

O. S. Bare, extension entomologist, was at the meeting and compared the results of his methods with that used on the other colonies. The five demonstration colonies averaged only a few pounds more than Mr. Warga's colonies. However, Mr. Warga is an outstanding honey producer and an improvement on his methods would necessarily be very good. Mr. Bare emphasized the importance of enough food being stored to carry the bees through the winter. If they have not stored enough they should be fed and now is a good time to do this.

Packing the bees for the winter was the most important subject brought out at the demonstration. The use of inner covers and how to wrap the hives in building paper was demonstrated at the meeting.

Start Christmas Plans Early

Some 675 women, members of 37 project clubs, are already making plans for Christmas. Suggestions for home made toys, games and practical gifts for all members of the family are being presented to club members by the project leaders.

The goal this year is to keep this Christmas the merriest kind of a Christmas by setting one's own attitude right, catching on and holding to the real Christmas spirit which will mean more in making the family Christmas a successful one than any amount of money could possibly do.

Krugs Corn Yields Well This Year

Fred Seifer, representative of the Agronomy Department at the College, was in the county last week working with the county agent in checking the yields of 15 farmers entered in the corn yield contest.

All of these farmers had ten or more acres of Krugs corn they were trying. A comparison of the yield

of the Krugs with their other corn showed a total average yield for Krugs of 58 bushels per acre, as compared to 54 1/2 bushels per acre on their own corn. The Krugs yielded decidedly more on 13 of the farms while on two of them it made less. Most all of the men were well pleased with this new corn and they will probably like it better when it is shelled as its shelling percent is high. Four yields were checked that made more than 70 bushels per acre.

4-H Entries at the Ak-Sar-Ben Show

The 4-H entries of fat stock from Cass county for the Ak-Sar-Ben show that starts November 11, includes 15 baby heaves, 15 fat barrows and 12 fat wethers. The members that have entered baby heaves are, Orland, Ellsworth and Arnold Stohlman, Keith and Clyde Althouse, Vernon and Warren Rikil, John Joachim, Milford Smith and Arthur Foster. Those showing fat barrows are Milford Smith, Vincent and Frances Rehmeier. Fat wethers will be exhibited by Keith and Clyde Althouse, Eugene and Harold Doming, Milford Smith, Dwain and Dale Reed.

Corn-Hog Plan Conference

Representatives of the Nebraska agricultural extension service attended a regional conference at Kansas City to discuss the corn-hog program with representatives of other states and the adjustment administration Monday and Tuesday, November 6 and 7.

County agents and emergency agricultural assistants in Nebraska will attend district or state conferences in the next few days to get more details of the proposed program. It is quite likely that local meetings of farmers will be held to talk over the corn-hog plan as was done on the wheat adjustment plan.

As in the case of the wheat plan, the agricultural college extension service and its county agents and emergency agricultural assistants will be charged with the responsibility of letting every Nebraska corn and hog producer know the details of the plan. The plan has been worked out by a committee of producers and the federal administration men.

NEED AND Appreciation

Like many things we have, our INSURANCE is not appreciated until needed.

Fire Windstorm Hail Car Accidents Theft Heavy losses may occur that will upset your financial plan for years

INSURE NOW

Add the small cost of good insurance to your budget and avoid the chance of a heavy loss. See—

Duxbury & Davis

REPRESENTING The Largest and Oldest Insurance Companies in America

No salesmanship will enter into the educational program. Each producer should decide for himself whether or not he will enter into the contracts with the government to adjust corn and hog production.

STEAL MORE COAL

The last few days has seemingly brought a new racket in the rural sections of the county and this is the stealing of coal from the various country school houses over the county. This morning the report was received at the office of Sheriff Homer Sylvester that the coal sheds at the school in district No. 26 had been robbed and the fuel taken. Deputy Sheriff Lancaster motored out to the school house which is located south-west of Murray to investigate the case.

This is the second school to be visited by robbers in the last few days, as the Grand Prairie school west of Murdock was robbed of three tons of coal a few days ago.

HEAD LINERS

EVERY ONE OF THEM

THERE is a big story of each new fashion in the smart late fall hats! And each hat is a headliner for its own particular performance . . . to which you will agree when you make known to us . . . the purpose in life of the hat you wish to select.

Here is the sealed velvet with its crowning glory of ostrich and it is designed to top the swirling fur of that new fall coat.

\$3.95

A peaked stitched-satin with its back banded to give length to the neckline and with a soft beret pull to the front that is extremely smart.

\$2.95

The strip felt toque which is modeled to the head and trimmed with braided swirls, most artistically . . . With veil . . . complete.

\$2.49

The stitched-brim felt that is tailored for smartness and chic . . . a new model . . . a popular favorite and a blocked crown that fits the head.

\$1.49
