Local Teacher to Be Member of Tours Uni.

Miss Amama Hiatt to Be One of Party from Forty States Who Will Make Tour of Country.

Miss Amama Hiatt of Plattsmouth will combine study with pleasure beginning this week, as she leaves with the University of Tours for a two-months travel study of America. She will visit by bus 10,000 miles of the United States and Canada while taking regular college courses.

Teachers from forty states will gather in Chicago, beginning June 21 for a thrilling week attending the 1934 Century of Progress Exposition before splitting into the eastern and western divisions for the two-months journeys which will span the continent.

Approximately 800 teachers will earn college credits upon University of Tours which is a summer school division of Oklahoma City University.

Included among the wonders of nature which the tourists will visit are the Grand Canyon, Yosemite National Park, Carlsbad Caverns, Yellowstone National Park, Canada's majestic Vancouver Island, Pikes Peak, the California Coast, the Painted Desert and the Petrified Forest. The teachers will travel under three flags as they tour the United States, Mexico and Canada.

From the quaint old-world atmosphere of French Quebec to the golden sands of sunny Florida, the eastern group will visit the out-of-doors marvels and large cities of the Atlantic coast. New York, with her canyons of commerce; Washington, the Athens of America; Boston, hub-city of Colonial America; New Orleans, with her crooked foreign streets bordered with green-shuttered and scroll-worked French houses; all of these American meccas will be stopping points for the happy wanderers of the 1934 University of Tours expeditions.

TO DETAIL NAVAL CLAIMS

London—Having stated her claim for a big increase in naval strength, Great Britain is now ready, it was said authoritatively, to tell representatives of the United States how far she will go in reducing that claim thru an international agreement.

Further details of the British position, as well as her heretofore unrevealed stand on limitation, are expected to be outlined when the bilateral conference are resumed Tuesday or Wednesday. The Americans have not deviated from their position as "good listeners," a spokesman said, and have made no request for amplification of any kind.
