**Return from a Pleasant Visit in New England**

Mr. and Mrs. H. A. Schneider Back Home from Journey Over Wide Area of the Nation.

From Friday's Daily  
Mr. and Mrs. H. A. Schneider, who have been enjoying a month's vacation in the east, returned home last evening after a journey that has covered a large part of the eastern border states of the union.

They had many opportunities of seeing some of the best known scenic spots of the eastern section and were much impressed with the natural beauty of the state of Vermont with its Green mountains, the wide wooded areas and the lakes that dot the sections through which the highways pass.

The popularity of Maine as a summer resort was impressed on the visitors from Plattsmouth as there are thousands of the residents of Boston who have summer homes at the various Maine resorts and each week end these resorts are thronged by the residents of Boston.

While in Maine Mr. and Mrs. Schneider were the guests of Mr. and Mrs. James W. Burnie, at their home in Biddeford, a city of some 17,000 people in the southwest section of Maine, which is devoted to manufacturing and has large cotton mills. They report Mr. and Mrs. Burnie as enjoying life very much in their old home in the east where they made their home prior to coming to Plattsmouth.

On the return of Mr. and Mrs. Schneider west they stopped at Washington, D. C. for a short time to look over the city and found the conditions there were warm and unpleasant after the coolness of the east coast. While in Washington they visited the various government buildings. Mr. Vernon and other scenic spots, incidentally calling at Arlington cemetery where they visited the grave of William Jennings Bryan, Nebraska's great commoner.

Resuming their trip homeward Mr. and Mrs. Schneider drove thru Virginia, West Virginia and Kentucky, finding the crop conditions there excellent and where rain had come in time to save the crops. Reaching Missouri they found that state in much the same condition as Nebraska from the effects of the drought.

**RETURNS FROM THE WEST**

S. S. Gooding has returned from a trip in western Nebraska and also in sections of Wyoming. Mr. Gooding stopped a short time at Broken Bow and then continued into the stock feeding country in the sand hills, finding that the ranges were spotted, some good and others in very poor condition. He visited in the Black Hills at Edgmont and then continued on west to Gillette, Wyoming, near where he has land interests. He reports that there is a great shortage of feed for stock in Wyoming and cattle are being sold from the once fertile ranges. While at Gillette he visited B. F. Stewart, who sends greetings to his old friends here.

**BREX WIN FROM MYNARD**

The BREX team of the kittenball league, rejuvenated with the addition of several new faces, started the second round of the season last night with an 8 to 3 win over the Mynard Cornhuskers. The game will be protested, however, and should bring gray hairs to the head of the board of control in ruling on the contest. The protest is made on the grounds that an imported pitcher was used by the BREX. When the player arrangements were made earlier in the season it was the understanding that players could be used from any place in the Plattsmouth trade territory—it is up to the board to find just what is trade territory.

Well as to the game itself—the BREX held the lead from the second inning when they snugged three runs by a hit by Long, Doyle was on through an error at third and Louie Svoboda hit for a circuit into deep left, to put them off to a good start.

The BREX scored again in the fourth, fifth and seventh to make

their lead secure. Mynard scored their three tallies in the last inning of the game with two hits that saved a shutout.

The box score of the game was as follows:
