Introduce Bill for State Police Force

Senator VanKirk of Lancaster County Presents Bill to Create Central Law Enforcing Body.

The first move in the long anticipated legislative drive for creation of a state police force, materialized Wednesday when Senator Van Kirk introduced a bill in the senate which would set up such an organization.

Van Kirk's bill, S. F. No. 4, would create a state police force of not less than 50 and not more than 100 members. The force would be headed by a chief on an annual salary of \$4,000, and controlled by a board composed of the attorney general, the chief and commissioner of public lands and buildings. Members of the force would be enlisted for a two-year period at a maximum salary of \$1,200.

Altho primarily designed to serve in rural areas, members of the state police system would be empowered to enter metropolitan centers in line of duty. They would be entrusted with enforcement of motor vehicle laws, police regulation, and fish and game statutes as well.

Senators continued to introduce bills despite the fact that permanent committees to which they must be referred, have not yet been set up.

Van Kirk introduced two other measures, dealing with regulations for registration of automobiles and regulations for their operation.

The former, S. F. 3, would revise regulations for passing automobiles on highways and for signaling right and left turns. The other, S. F. 5, would change delinquency date on automobile registration to Feb. 1 and provides that registration on automobiles between April and July 1 cost the registering owner the full fee instead of the 75 percent fee formerly charged.

Sen. John S. Callan, d. Odell, chairman of the committee on committees, announced only one new body—the group for accounts and expenditures. Members, approved by the senate, are: Sens. Charles D. Green, r. Sidney; Arthur L. Newmann, d. Oakland and F. O. Price, d. Thayer.

A resolution expressing regret at the death of Frank McCarter of Bayard, member of the senate in the 49th session, introduced by Van Kirk and Green, was passed by the senate.
