Plattsmouth Eliminated from Nebr. City Meet

Lose to Company I, Glenwood in Extra Period by Score of 24 to 20.

The Savoy-Krugs lost to Glenwood in the quarter-finals of the Nebraska City tournament Saturday afternoon by the score of 24 to 20 in an extra period.

Plattsmouth, after a poor start, came from behind to tie the score in the third quarter.

Hall, Glenwood forward, opened the scoring with two field goals from under the basket. Evans dropped in one and added a free throw to take a 9 to 4 lead before Rummel and Coffman scored. The score was 9 to 4 for Glenwood at the quarter.

The second period saw Coffman, Donat, Forbes and Knoefleek get field goals, while Hall dropped in two more, Evans, Boles and Osterholm added a free throw each. Score at half 14 to 12, Glenwood.

Soon after the second half opened Rummel and Knoefleek returned to the lineup, Knoefleek monopolized the scoring for the third quarter, collecting three field goals to give his team the lead for the first time. Score at quarter, 18 to 14, Plattsmouth.

Soon after the last quarter started, Donat dropped in a two pointer, giving his team a 20 to 14 lead. During the eight minutes of the third quarter and three minutes of the fourth, Glenwood had been held scoreless. Killman and Evans scored field goals while Boles and Hatcher sandwiched in a free throw each in the last two minutes to tie the score as the regular playing time ended.

The locals couldn't find the hoop in the extra period. Hall and Killman won the game for Glenwood with a field goal apiece.

Plattsmouth tallied 10 field goals from the field to 9 for Glenwood, but the six free throws score by the Iowa quint to none for Plattsmouth tells the story of defeat.

The box score:

Savoy-Krug—

Rummel, f	FG	FT	PF	TP

KNABE'S 13 ANNUAL Bred Hampshire Sow Sale

February 28th, 1935 at NEHAWKA, Neb. Plenty of Good Buys in Lot! HARRY M. KNABE

'INNOCENT MAN' RELEASED

Chicago.—It looked like a horse on Archie Metcalf for a while but—Metcalf, jailed since Jan. 17 on a charge of stealing a horse, asked Judge Hayes to vacate the four month sentence.

"I was walking along the street when I saw a piece of rope," he told the court. "I picked up that rope. Along came a policeman and he said: 'Boy, where are you going with that horse and wagon?'"

"Judge, I certainly was surprised when I saw a horse and wagon had tied themselves to my little piece of rope."

"Was it a very good horse?" the jurist asked.

"Very poor," the prisoner replied. The charge was cut down to petty larceny and Metcalf was freed.

WAR ON PESTS SCHEDULED

Washington.—A \$2,500,000 federal appropriation for use against chinch bugs this spring was viewed as virtually assured by a middlewestern delegation.

Dr. C. J. Drake, Iowa state entomologist, and E. C. Carter, of the farm crops department of the University of Missouri, conferred with Wallace and congressional leaders on the problem.

They said Wallace informed them not only had the agriculture department approved the appropriation but that the budget director also had passed on it and that President Roosevelt had sent a supplemental budget message recommending it to congress. The recommendation is now before the house appropriations committee which is studying the general agriculture department appropriation bill.

ARRIVAL OF LITTLE DAUGHTER

From Tuesday's Daily This morning the home of Mr. and Mrs. Coffelt Sutton was made very happy by the arrival of a fine eight and a half pound daughter. The event has brought to the family the greatest of happiness at the addition to the family circle.

'PRINCE' DENIES MARRIAGE

Hollywood.—Helen Gloria Albett, 25 year old music composer who says she married "Prince" Mischale Kildischeff, 37 year old writer, in Yuma, Ariz., last Wednesday, and can prove it by the marriage license, Saturday consulted an attorney and avowed she would have the marriage annulled.

The "prince," who denied he married Miss Albett, failed to keep a public appointment in the hotel where he was stopping. He said Friday he would meet all those interested Saturday and "make a full statement clearing everything."

CHINCH BUG FIGHT SLATED

Washington.—Prospects for a \$2,500,000 fund to help mid-western farmers meet the threat of a serious chinch bug invasion brightened when Dr. C. J. Drake, Iowa state entomologist, reported the agriculture department had recommended the appropriation.

Dr. Drake conferred with Dr. Lee A. Strong, chief of the federal bureau of entomology, and afterwards said Strong had informed him the department had included this in a supplementary budget recommendation.

STILL HOPES FOR FACTOR

London.—Altho Great Britain has found efforts to extradite John "Jake the Barber" Factor from the United States extremely costly, the matter "is still being inquired into."

During the trial of Max Laub, described by Scotland yard officials as a former associate of Factor, for returning to England after his deportation to the United States in 1933, Detective Inspector Lynch of the yard revealed Britain has not given up the effort to extradite Factor.

Despite Lynch's statement, however, it was regarded as uncertain whether the government would pursue its efforts to extradite Factor. Sir John Gilmour, home secretary, announced in the house of commons recently that 311,800 (about \$60,000) had already been spent, saying "it is not proposed that any further expenditure shall be incurred." Factor is wanted here to face charges of fraud in connection with "share pushing" on the stock market.

"See it before you buy it."
