### Twenty-Nine Years for Young Men's Bible Class

Methodist Church Group Last Evening Selects Officers for Year—Wilbur Hall President.

From Tuesday's Daily  
The Young Men's Bible class of the Methodist church last evening gathered at "Sunnyside," home of their teacher, E. H. Wescott, to start the twenty-ninth year of their existence as a class and are today the only exclusive men's class in any of the Sunday schools of the city.

The class was the outcome of a general feeling among young men of the community way back in 1906, that they should have a class that would be exclusively for the young men of the community, they gathering at the Methodist church, then recently built at the corner of Seventh and Main streets. The class met for a time in the church with other classes but still the urge was for quarters of their own and the members of the class proceeded to carve out of the clay foundation under the church a small room which they could call their own. From the beginning the class attracted many of the young men who were not affiliated with the Methodist church but who wished the opportunity for Bible study and friendly association.

The class grew and the membership assisted the other men of the church in the final excavation of the basement of the church and the enlargement of their own room to accommodate the growing number of members.

At the meeting last evening, George Perry, retiring president, gave a resume of the work of the class in the past year and presented the reports of the various officers of the class.

In the election of officers the following were chosen:  
President—Wilbur Hall.  
Vice-President—Earl Koebel.  
Secretary—W. L. Heinrich.  
Treasurer—Ward Whelan.  
Song Leader—Don C. York.  
Class Promotion Chairman—Randall York.  
Teacher—E. H. Wescott.

The members of the party received reports of the Bible class meeting at Omaha and also enjoyed inspirational talks by the pastor, Rev. C. O. Troy and J. Howard Davis, Sunday school superintendent.

This meeting also marked the selection of Mr. Wescott as teacher for the twenty-ninth year, he being a charter member of the class and each Sunday when the assembly hour arrived Hilt has always been found at the class room and ready to join in the presenting of the lesson of the day. He has been untiring in the work of the class and has been a friend and counsellor to the members of the class in their daily troubles and problems.

Mr. Wescott had prepared to give the class a treat but in turn was surprised by the class associates coming with their own refreshments and the "eats were not on the house."

### Fleet of Cars Held Here Today Over Gas Tax

Fleet of Seventy-eight Hudsons Held Several Hours and on Advice From Lincoln Released.

From Monday's Daily

A fleet of some seventy-eight Hudson automobiles were held here several hours this morning while the matter of the payment of the Nebraska gas tax was under discussion under the provisions of the new gas tax law. This city was designated as one of the ports of entry for Nebraska and when the cars arrived here they were held for payment of the gas tax.

The cars filled the lower portion of Main street from early in the morning until 11 o'clock while the matter was taken up by John J. Clويد, collector of the port, with the state department of agriculture at Lincoln.

The decision was finally reached by the officials at Lincoln that the cars, being passenger vehicles would not be compelled to pay the tax and on the receipt of the information by Mr. Clويد he released the cars and the drivers proceeded on their way.

The cars are in transit from the factory to Seattle, Washington, and are in charge of a detail of thirty-nine drivers, each car with a driver towing another of the cars on the long journey to the westward.
