Enroll in 4-H Clubs. Forty-five 4-H clubs, with a total enrollment of 388 members are organized within Cass county.

Table with 3 columns: Kind of Club, No. of Clubs, Enrollment. Includes categories like Rope, Poultry, Swine, Garden, etc.

Clubs have been organized in almost every section of the county. If you are interested in joining a club, or wish to organize one, get in touch with the Farm Bureau office.

Bread Making Study.

As a result of information obtained when thirteen hundred women answered a questionnaire pertaining to their bread making practices, in the spring of 1934, a more detailed study is being made.

This study is being carried on for the purpose of obtaining information of comparative costs of home prepared and commercially prepared food products.

These women will keep records showing the amounts and costs of ingredients used in their home made bread; time used in preparation and attention in baking; amount and cost of fuel; and amounts and cost of bread purchased for a period of two weeks.

The following facts which resulted from the summary will be interesting to the many who filled out a questionnaire:

- 1. Out of the total number, owners and renters were about equally divided. In one group, owners exceeded renters. 2. There were over twice as many who lived on farms as in towns. 3. Between four and five was the average number of persons for meals.

Will Attend 4-H Club Week.

Six Cass county boys and girls will attend the twentieth annual boys and girls 4-H club week at the college of agriculture, Lincoln, June 3 to 8 with all expenses paid.

Boys and Girls Club Week was originally planned as a reward for those who had completed outstanding work the preceding year. The attendance each year has grown, with the permission to leaders and 4-H members, who wished to pay the fee for the week, of education and enjoyment, to attend, until several hundred are in attendance each year.

The boys and girls will enjoy a busy week of outdoor and indoor recreation, educational tours and excursions, class work, stunts, etc. They will be housed in buildings on the agricultural college campus and will be under careful supervision 24 hours of the day.

Any 4-H members or leaders wishing information should get in touch with the Farm Bureau office. All registrations should be in the office of the State Club Leader by May 18.

Receive Most of Third Payment Corn-Hog Checks.

John B. Kaffenberger, treasurer of the Cass County Corn-Hog Ass'n has received most of the third payment corn-hog checks for the county. These are being distributed at various points in the county this week.

Special Leaders Program at Club Week.

Monday, June 3, the first day of the 1935 Boys and Girls Club Week, will be known as Local Leaders Day. A special program is being arranged for the local leaders who can arrange to spend only one day at Club Week.

Corn-Hog Program Progressing Rapidly.

About a third of the Nebraska Corn-Hog associations have had their listing sheets approved in the State Board of Review office in Lincoln and are completing applications and contracts or have already signed up Group I contracts.

In this county the status of the corn-hog program is as follows: Listing sheets containing all the information on the application, have gone to the State Board of Review this week and the office will start writing contracts some time next week.

County allotment committeemen, agricultural agents, and office workers and the district representatives of the state board of review are busy now establishing the corn and hog bases of individuals who signed up additional land or who are signing a contract for the first time this year. Each of these cases requires personal attention and considerable time will be needed to finish up some of them.

100,000,000 People vs. \$37,000,000,000.

In answering opponents of the Triple A amendments, Chester Davis, administrator of the Adjustment Act said recently: "The attack by the American Liberty League on the pending amendments to the Agricultural Adjustment Act constitutes an attempt by a numerically small but financially powerful group of men and corporations to dictate governmental policies affecting six and one half million farmers and more than one hundred million consumers."

"To my mind, nothing could demonstrate so clearly as the League's attack the intensity and character of the opposition to the amendments that are being asked of congress by the farmers and their responsible leaders.

amassed against any legislation in the history of the country, I have never heard of it. An article in the Chicago Journal of Commerce on January 10 stated that the Liberty League is under control of a group representing industrial and financial organizations possessing assets of more than 37 billion dollars.

"The Liberty League wants to convert the Agricultural Adjustment Administration into a processors' administration. The Liberty League is responsible, NOT to the vast number of the farmers and the consumers, but to a small group of wealthy men. The league speaks primarily for the property rights, not for human rights.

"The Liberty League goes to agriculture with hands empty of aid, or hope of aid. It opposes measures which are milestones in the nation's recovery from depression. It has nothing to propose but policies, which in my opinion, would simply go back to the days of 1932; to five-cent cotton, 32-cent wheat; 3-cent pork; to panic, widespread mortgage foreclosures and to the conditions under which millions of factory workers were plowed out of their jobs onto the streets.

"I have every confidence that the Agricultural Adjustment Act amendments will be enacted. I do not think the nation and the congress will accept the dictation of the Liberty League."

Wheat Referendum Vote May 18th.

Wheat contract signers and those that were eligible to sign wheat contracts but did not, will cast their vote for or against another wheat adjustment program, Saturday, May 18th from 9 a. m. to 8 p. m.

- District 1—Consisting of Salt Creek and Greenwood precincts, at Greenwood school house and at Alvo. District 2—Consisting of Tipton and Stove Creek precincts, at Eagle school house and Elmwood Community Bldg. District 3—Consisting of South Bend and Elmwood precincts, at Murdock school house. District 4—Consisting of Louisville, Center, Weeping Water, Mt. Pleasant, Avoca, and Nehawka precincts, at the Farm Bureau office in Weeping Water. District 5—Consisting of Plattsburgh, Eight Mile Grove, Rock Bluffs and Liberty precincts, at the Mynard Community building.

The ballot is a secret ballot and clerks will be at the polls to register the voters. They will have with them lists of eligible voters.

"Are you in favor of a wheat production adjustment program to follow the present one which expires with the crop year 1935? Yes or No."

All eligible voters are urged to cast their vote because a small vote cast will not indicate anything as both sides will claim a victory. The votes will be kept in the sealed boxes until May 25 and then tabulated. This is when all votes will be counted all over the U. S. This will keep unofficial reports from influencing the vote either one way or the other.

GERMANY WILL FLOAT LOAN

Berlin, May 16.—The German government, urgently needing cash to finance what it calls its "job creation program," but what foreign observers call its rearmament program, was preparing to float another international loan of at least 500 million marks. (The German reichsmark is currently quoted at about 40 U. S. cents, although "blocked marks" not quoted on foreign exchanges are used in internal transactions).

The loan, revealed in an "official" statement which described the capital market as very liquid, will be raised from German insurance companies. A 500 million mark loan was floated in February.

Alvo News

R. M. Coatman was in Lincoln last Thursday morning, taking a number of horses in his truck and on his return brought back with him a number of calves for John B. Elliott.

The Alvo high school band aided by other students of the Alvo schools gave a very fine entertainment which consisted of music by the school band and orchestra, and two playlets that were enjoyed by all who were in attendance.

Mrs. J. M. Armstrong was passing her birthday anniversary last Thursday, May 14th, and was receiving the congratulations and well wishes of a host of friends. Mrs. Armstrong has been quite ill for some time, but is greatly improved at this time.

Mrs. J. M. Armstrong, who has been sick for several months, is now improved to a point where she is able to be up and about the house, with an occasional trip out of doors. With the coming of improved weather conditions, it is expected that she will show even more rapid improvement.

Uncle Henry S. Ough, who makes his home with his daughter, Mrs. Clo O. Schaeffer, was passing his 83rd birthday anniversary on last Monday, May 13th, and was receiving the congratulations of his many friends. He was born in Illinois and has been making his home here for many years.

Miss Lucile Bueasing was home for a day last week from her work in Elmwood. She had come over to spend the night with her parents, but a hard rain came up and she did not get to return with the bread man from Lincoln who passes through Alvo and Elmwood and so stayed over until the following day.

Miss Josephine Stewart, who has been at the hospital in Lincoln, where she underwent an operation for appendicitis, has been showing good improvement and was able to return home several days ago. Since her return, she has been continuing to improve, which will be good news to her many friends.

Mrs. Artinus Foreman, whose husband passed away some two years ago, died at her home near Raymond early last week, the funeral being held at Waverly last Thursday. Her husband was a brother of James Foreman of this place. A number of the relatives and friends from here went to Waverly to attend the funeral.

John E. Elliott and Phillip Coatman went to Grant, Nebraska, last week after a combine, which they brought back with them in the truck. The machine is being assembled in order to be ready for the harvest of small grain a little later in the season. They observed that recent rains have greatly improved crop conditions in the western part of the state, but that crops there are not nearly so far advanced as here, due to the higher altitude which brings later growing seasons than here.

Alvo Town Board Organized

The new town board of the Village of Alvo was organized last week with the following members: L. D. Mullen, Simon Boyles, Simon Rehmeier, R. M. Coatman and Arthur Dinges. Mayor Dinges was continued in his position, while R. M. Coatman was made the clerk of the board.

Will Give May Fete

At the Alvo schools this (Monday) evening there will be held a fete day performance, which will be one of the interesting events of the latter days of school and among the closing events of the school year.

Will Celebrate Memorial Day

Under the direction of the American Legion post of Alvo, Memorial day will be appropriately celebrated on Sunday, May 26th. The speaker on this occasion will be Herbert McCulloch, of Lincoln. During the forenoon a committee will go to the cemetery and place floral tributes on the graves of all soldiers and sailors buried there—from the Civil war on down to and including those of the World war. Music will be furnished by the Alvo municipal band.

Making Changes at Depot

In order to make more room for living quarters in the Rock Island station, where Mrs. Helen Davis, the accommodating agent resides, a crew of bridge carpenters has been sent to Alvo to do the work, and when the job is finished she will have much more commodious quarters.

Appointed Mail Messenger

With the removal of Joseph Parsell from Alvo, the job which he held as mail messenger between the post office and the Rock Island station became vacant and it was found necessary to appoint someone else to take his place. There were a large number of bidders for the position, the fortunate one being George Hardnock, who

NOTICE The annual meeting of School District No. 102 will be held at the High School Auditorium on June 10, 1935, at 8:00 p. m. Meeting will be for the purpose of transacting business to levy a tax of \$10,000.00 for general school purposes, which is in excess of seven mills, and for transacting any other business that may properly come before the meeting.

Visited in Western Nebraska

Earl Bennett, Alvo merchant, and his wife, together with August Rosewood and wife, of Lincoln, made a trip to the western part of the state last week, leaving on Friday. They first went to Chappell, where Mr. Rosewood has a farm and where they stopped for a short visit. From there, Mr. and Mrs. Bennett drove on to Scottsbluff, where they visited for a few days with Mrs. Minnie Southerland, a sister of the two ladies. In speaking of conditions out there they say there has been much rain and crops are looking well, although they are considerably later than here.

Undergoes Operation at Hospital

Berndine Clarke, 14, daughter of Mr. and Mrs. Ray Clarke, who has been troubled with attacks of appendicitis for some time, was taken with a very severe one last week and was taken to the hospital in Omaha, where an operation was performed Wednesday evening, the young woman coming through the ordeal very nicely and showing good spirit and condition. The parents were over last Thursday to see the daughter and found her in good spirits. It is hoped that she may soon be able to return home entirely cured.

Celebrated Passing Birthdays

For some time past, Simon Rehmeier and wife have been assured that their friend, W. H. Warner, was to be their guest for dinner Thursday of last week, May 16th, this being the birthday anniversary of both Mr. Warner and Mr. Rehmeier, the former 88 and the latter 49. Well, they had the dinner and an excellent one at that.

Although Mr. Warner had a number of other invitations he turned the all down, having previously accepted that of Mr. Rehmeier before the others came. The writer was also asked to be a guest and would surely have liked to be there, but the old car which we herd along in our journey over the county broke a pinion and we had to spend the day making repairs on it, not being able to attend, much to our regret. Anyway, here's to you, my good friends; may there be many more such happy occasions.

LOUP RIVER CONTRACTS

Omaha.—PWA headquarters here announced that seven contracts for work on the Loup River public power project had been let to the Carstenson Sand company of Columbus for \$129,603. The largest of the seven contracts was for construction of a siphon at \$42,337. A total of \$24,736 will be spent for construction of weirs. The remaining contracts were for culverts.

A contract for construction of a 15,000 volt metal clad switch gear at \$49,854 at the Platte Valley public power and irrigation district project was awarded to the Westinghouse Electric & Manufacturing company of Pittsburgh, while the Graybar Electric company, Omaha, was awarded a \$2,102 contract for supplies. Other contracts for work at the Loup River project were let as follows:

LINCOLN MAY GET OFFICE

Washington.—Senator Burke has suggested Grand Island or Lincoln for headquarters of the new regional office of the soil erosion service. Establishment in Nebraska of one of the regional soil erosion offices has been suggested by congressional sources.

H. J. Manifold, chief of operations for the service, formed by consolidation of work previously scattered in the agricultural and interior departments said that the regional boundaries have not been defined.

A field erosion office at Albon, Neb., he said, would not be affected by the new program. The proposed regional office would direct work in CCC camps as well as the field erosion work previously supervised by the interior department.

PARACHUTE JUMPER GOES UP, NOT DOWN!

Gorki, U. S. R. R., May 15.—Comrade Vokhonsky's parachute carried him up and up and then sideways before it finally let him down Wednesday.

Opening the chute at 600 meters, he was caught by rising wind currents and carried to 1,000 meters. For 25 minutes he tried to land while the winds blew him along laterally. Finally he came down safely 13 kilometers (about eight miles) from his jumping point.
