Rowdies and Cardinals Stage a Hard Fought Contest; V-8's Win 16-2 Over Blue Ribbons.

From Saturday's Daily: The kitterball fans had the pleasure of witnessing a double header of last night in which the South Park Rowdies and the Cardinals staged a close and hard fought 5 to 4 contest, the Rowdies taking their first game of the season, while the V-8 team, smarting under their trimming at the hands of Louisville, came through with a 16 to 2 win over the New Way Blue Ribbons.

The Rowdies showed a far different brand of ball than in their previous games and were able to hit and field as veterans while the Cardinals were far from their usual form as they have been one of the strong teams of the league.

The Fords easily won their contest as they hit the ball hard and many errors in the Blue Ribbon outfield allowed runs to scamper across the plate for the auto dealers. Brizendine of the New Way team smacking a homer as his share in keeping his team in the scoring list. Gradoville of the Fords had a home, triple and two singles as his part of four trips to the bat.

The Rowdie-Cardinal game was delayed on account of both teams being late on the field and opened with the Cardinals taking a four score advantage in their half of the second while Seitz with a triple was the scorer for his team, the Cardinals after the one inning being held by the Rowdies with steady work by Dasher and fast fielding.

The box score of the game was as follows:

Wabash News

Fred Towle has been hustling with the cultivation of his corn crop whenever possible to get into the field, but has found the ground much too wet to do effective work.

Messrs Carl Jensen and W. S. Murnin are employed in the Norfolk packing company plant at Plattsmouth, driving back and forth to their work, which they are enjoying very much.

Mr. and Mrs. A. B. Stromer, of Alvo, the latter a daughter of J. C. Browne, were in Wabash on Father's day, bringing with them a prepared dinner which they shared with Dad, all enjoying the occasion.

Guy Hinds was over to the farm of W. L. Copple last Saturday, where he was assisting with the putting up of some alfalfa which had been cut and which Mr. Copple was endeavoring to get out of the way of the rain should it come (and it did).

A. A. Rikli and wife, who have been traveling life's highway together for many years and are now well advanced in age, would like to furnish a home for some middle aged woman who will assist with the work and make a home for them.

H. H. Gerbeling was compelled to plant much of his corn over and during the time he was so occupied the remainder of the crop which he did not get to come through and now promises a fair stand, so he will not replant it, but begin cultivation of the crop.

Messrs Bert Barden, John Cardwell, Guy Hinds and William Walters drove to Plattsmouth Tuesday morning to see if they could secure employment at the packing plant, which is running full force just now with the canning of spinach and other early vegetables.

Ed Dorr has been hustling with the cultivation of his corn. The continued wet weather has given the weeds and grass a good start and it has been difficult to get into the rain soaked fields to do very effective work in stamping them out. However, Mr. Dorr has been tackling the job every time opportunity offered and is making some progress.

Injured Hand Badly

Visited Old Time Friend

Mr. and Mrs. E. M. Jumper lived a few miles from Wabash some years ago, and while here won a large number of very close friends, so when they moved to Ashland, where they now reside, their friendship with the Wabash people continued and on the other hand the friendship for Mr. and Mrs. Jumper remained alive in the hearts and minds of the friends here. One day last week, members of the Wabash Woman's club went over to Ashland, where they spent a very pleasant afternoon at the Jumper home. They took along well filled baskets, which provided a very fine luncheon, and a most enjoyable time was had by all.

Junction Lady Promotes Aid for Flood Relief

Mrs. Joe Hrasky Raises Nest Sum to Help the Nebraska Sufferers by Picnic Staged at Park.

Mrs. Joe Hrasky of near Pacific Junction, well known here, has raised \$8.10 for flood relief which she has deposited in the Glenwood State bank.

The Hraskys have opened a picnic ground west of Glenwood on the Old Pacific road and Mrs. Hrasky last week conceived the idea of a Hrasky park flood relief picnic to help the flood victims in the Republican river valley in Nebraska.

She canvassed the Glenwood merchants for small donations and announced that a picnic would be held at the Hrasky park last Sunday, at which time the donations she had received would be sold and the funds turned to the flood relief fund, but owing to the fact that there were many other conflicting affairs previously arranged for that day there were only a few present.

Mrs. Hrasky secured the Fair Store building where on Wednesday and Wednesday evening she disposed of the remainder of the donations and assembled in cash the sum of \$8.10 for the flood relief fund.

Mrs. Hrasky is enthusiastic over the prospects of developing the Hrasky park into a place where organizations may meet for picnics as well as a place for large and small picnic parties, and asks that any organization desiring picnic grounds communicate with them as they will be glad to co-operate in making the affair a success.

THERE IS A REASON

Some newspaper subscribers often wonder, no doubt, why a publisher will keep on sending the paper when the subscription has expired. The reason is this: When the subscription is paid to a certain time, the time expires and the paper is stopped, it looks as if the publisher doubted the integrity of the subscriber; and nine times out of ten the subscriber will give the publisher a "calling down" for insinuating that his credit is no good. Rather than cast any reflections against a neighbor's honesty to pay a small debt it has become necessary for country newspapers to continue the paper after the time has expired. The city weeklies do not generally follow this rule, as their subscribers live at a distance and besides they are not acquainted with them and do not know their financial standing. One should deem it an honor to know that his credit is not doubted, when the publisher continues to send the paper. Should the subscriber desire to have his paper discontinued he should inform the publisher and remit to date if any amount is owing.—Salem (Iowa) Weekly News.
