Mr. Bates was called to the southeastern portion of the state to look after some business matters and they were visiting here during the time and were to go to Nebraska City to meet him at the end of the visit here.

Active in Contest.
The Nehawka Girls Skating club and the Murray Girls Skating club are both eager to win in the contest which has been on for some time at the Crosser skating rink and both are making good scores at the last we heard. The Murray girls were one point ahead at the last report.

Bound to Learn to Skate.
Catherine McCulloch who has been trying to skate, but with indifferent success has a sore on her mouth, not from falling down and hitting her mouth on the floor but because the floor jumped up and smote her in the mouth when she was not looking. This matter of roller skating when one shall have mastered it is a very

fine thing, but when one is learning it seems about 50-50 as to whether one is going to learn or not, with a slight odds against the beginner. Margaret says she is going to learn that is the end of the argument. Well we know she will and hope she does not receive any severe falls in her endeavor.

Birthday Picnic Dinner.
Little Martina Sporer, daughter of Mr. and Mrs. Martin Sporer, was passing her fourth birthday anniversary last Sunday, June 23rd and as a fitting plan to celebrate the occasion she was given by the parents a real picnic party at Riverview park in Omaha where they also took their dinner and enjoyed the cooling shade and very fine dinner as well as seeing the park and the animals there. Those present were her grandparents, Mr. and Mrs. Wm. Sporer, Uncle Charles, her parents and the remainder of the family, Guy Kiser and family and four children of Mr. and Mrs. Allie Leonard.

Funeral of Mrs. Emeline Kniss
Mrs. Emeline Kniss who resided in Cass county for the past fifty years and who has resided in and near Murray for many years, passed away at her home last Sunday.

The funeral and burial was held at Otterbein church Tuesday afternoon. The funeral was attended by a large number of friends who had known this excellent woman during her life and the good deeds which she has always been performing with an unselfishness which but few have demonstrated. The husband was buried in the same cemetery years ago and by his side after the long years of separation the mortal remains of the wife of his younger years now lies resting until the angel of the resurrection shall sound the trumpet and time shall be no more.

She leaves two sons to mourn her departure, Kingley Kniss of Los Angeles and Edward Kniss of Murray, and one daughter, Mrs. Oliver Lloyd also of Murray.

Hold Family Dinner.
Last Sunday at the home of Mrs. E. De Les Dernier was held a family dinner honoring the marriage of her daughter, Miss Riene De Les Dernier to Mr. Edward Britton of Omaha, which occurred Saturday, June 22.

Those present to enjoy the happy occasion were Mr. and Mrs. Edward Britton, Omaha; Mr. and Mrs. John Doeschot and family, Grand Island; Mr. and Mrs. Ivan De Les Dernier and family, Murray; Mrs. E. De Les Dernier and son, Ray, Murray.

Historic Hydraulic Ram.
Even before the close of the Civil war W. J. Hesser, a florist and farmer, settled four miles south of Plattsmouth on the farm now occupied by Alvin O. Range, the farmer and dairy man, Mr. Hesser conducted a greenhouse on the farm as well as farmed the place.

For a water supply for his greenhouse and for use on the farm he installed a hydraulic ram in the creek for supplying water in the early sixties. The ram has worked until just last week when Mr. Range had Roy Taylor take it out and install a new one in its stead. With the nearly three-quarters of a century service the historic hydraulic ram gave good service which has extended over two full generations. Nature has helped this farm supply water for all needs. It is to be expected that the new one installed by Mr. Taylor and son, will give equally good service.

Federal Farm Loans at 4%.
The Federal Land Bank are now making farm loans at 4%. See A. E. Lesley, secretary-treasurer of the Greenwood Nat. Farm Loan Assn. or Searl S. Davis, Plattsmouth. 1tw

Enjoy Outing with Friends.
Mr. and Mrs. Charles Boedeker, II were host and hostess to some baker's dozen of friends from Omaha who came to spend Sunday with them and all went to the state park at Nebraska City Sunday afternoon where they enjoyed the open air and a wonderful supper at the close of the pleasant afternoon.

Will Have Pastor for Murray.
As announced in last week's Journal, Dr. Kimmershoe was here and conducted the services last Sunday at the Presbyterian church and assured the membership that the pulpit here would be supplied in the near future by an able pastor. The church has been made vacant on account of the resignation of Rev. Stewart.

Worms Creating Havoc.
There seems to be many worms attacking the alfalfa fields about Murray and which while they are doing great damage the species has been keeping the people guessing. A state man from the agricultural college at Lincoln, a Mr. Gates, was in Murray last Tuesday to investigate the character and the manner of fighting the worms.

Two Row and Binders.
I have a good two row John Deere cultivator and also two good binders. Come see them, you may need them. The Murray Hardware Co., Murray, Nebr. 1tw

WHEN LIVES ARE AT STAKE

You need the same protection that race drivers demand

KELLY PETILLO ON MAY 30, WON THE 500-Mile Indianapolis Race on Firestone Tires, breaking the track record and driving the entire distance at a rate of 106.24 miles per hour.

This record is an outstanding demonstration of tire efficiency. To go 500 miles in less than five hours on this rough and bumpy 26-year-old brick track, without tire trouble of any kind, demonstrates the strength and blowout protection that Firestone builds into their Gum-Dipped Tires.

AB JENKINS ALSO RECENTLY demonstrated the stamina, efficiency, and

blowout protection built into Firestone Gum-Dipped Tires. He drove his 5000 pound car over the hot salt beds at Lake Bonneville, Utah, 3000 miles in 23 1/2 hours. This was an average speed of 127.2 miles per hour, and although temperatures were as high as 120°, he had no blowouts or tire trouble of any kind.

These records are made possible by special construction features built into Firestone Tires.

Take no chances—protect your life and the lives of others by letting us equip your car with Firestone Tires and give you the Safety and Blowout Protection that race drivers demand.

Before you buy new tires ask yourself these three questions

- 1—"Will the tread give me the greatest traction and protection against skidding?"
- 2—"Are they built to give me the greatest blowout protection?"
- 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER No. 1—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of all popular makes of tires.
ANSWER No. 2—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.
ANSWER No. 3—Thousands of car owners report unequalled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

Volume—Direct Purchasing—Straight Line Manufacturing and Efficient and Economical System of Distributing to our 500 Stores and to 30,000 Dealers, enables Firestone to give you greater values at lowest prices

HIGH SPEED TYPE
We select from our enormous stocks of raw materials the best and highest grade rubber and cotton for the High Speed Tire. In our factory we select the most experienced and skilled tire makers to build this tire. It is accurately balanced and rigidly inspected and we know it is as perfect as human ingenuity can make it.
