Trunkenholz Oil Co. INCORPORATED

Murray

George Meisinger was visiting in Plattsmouth last Sunday, and was a guest at the home of his parents while there.

Ben Noell was in Murray doing a bit of plumbing on a new building which is being erected by Orville Hathaway.

Homer Hunter, of Union, was in Murray last Monday evening, looking after some business matters for a short time.

Mr. and Mrs. D. C. Rhoden were at Nebraska City Monday of this week, where they had some business matters to look after.

Miss Margaret Long, who was injured while skating, is reported as getting along very nicely now and is back at work at the telephone exchange.

Lucrean Carper was looking after some business in the country Monday afternoon and during his absence the business at the store was looked after by Mrs. Carper.

Misses Agatha Colbert and Evelyn Cole were visiting and looking after some business matters in Omaha on last Tuesday, passing through Murray on their way.

Everett Spangler has been threshing during the week, it requiring a number of days to get the work completed as there were many acres of small grain to work over.

Fred Dreucker has been in very poor health for the past week and was kept from his work several days. He is feeling considerably better now, however, and is back at work again.

There is much wheat being marketed at this time, some of it being of good yield and quality, while in other instances neither the amount of the yield or the test are anything to brag about.

Reuben Crosser, of near Weeping Water, was a visitor in Murray last Monday, having some plow work to have done and bringing it to his old friend, N. L. Grubbs, whom he knew in Weeping Water.

L. D. Crosser and J. A. Scotten have been kept very busy with their threshing rig and still have a lot of work ahead of them, as everyone is anxious to get the threshing done and out of the way.

Arthur Wiles, who resides west of Weeping Water, where the work of threshing has been progressing very nicely, is now working between Weeping Water and Murray, thus aiding to hasten the completion of this work in that vicinity.

Thomas Nelson, employee of the Nickles lumber yard, is at this time making a hay rack for Art Wetenkamp, who resides northwest of Murray. With good hay and small grain crops this year, the demand for racks has been quite heavy.

A. A. McReynolds and wife, of Nehawka were in Murray last Monday evening, coming to secure some of the cucumber pickles that Mrs. A. A. Young had advertised in the Journal. This small ad brought her eight new customers for pickles.

Richard Brendel, who is taking a summer course at the University of Nebraska, where he is studying medicine, was a week end visitor in Murray and was taken back to Lincoln last Sunday evening by his mother and aunt, Mesdames Margaret Brendel and W. L. Seybolt.

John Klein, who recently purchased the J. P. Tkac ker place southeast of Murray, was in town looking after some business matters and calling on his old friend, Tom Nelson, whom he has known for many years. He is busy just now putting a new roof on the farm home.

One dollar and costs was the penalty set by Municipal Judge C. H. Boedeker when a case of too much liquor was brought before him, but the costs amounted to nearly five times the fine, or a total of almost six dollars assessed against the one who had broken the law.

Henry Engelkemeier was in town

Red Cross Concludes Swimming Instruction Here

Over Three Hundred Children Enrolled in Tests—Local Young Men Assist in Work.

The swimming tests and lifesaving drills which were sponsored by the Cass County Red Cross at the Merritt sand pits north of this city, closed Saturday after a most successful week of training and practical lessons in swimming which were given under the direction of J. Warren Stander of Louisville as leader.

There were over 300 of the youngsters registered for the week and every day the private cars and large trucks hauled the merry groups to the pits for several hours of instruction and practical demonstration of swimming and lifesaving given by the instructors.

In handling the youngsters Joseph Case and Louis Knoficek proved themselves hard workers and carried on the active demonstrations and training with the young boys and girls who were learning to swim and care for themselves.

The local Red Cross feels very grateful to the local trainers, and to the Merritt company that placed their pits at the disposal of the Red Cross for the week of training without cost to the organization.

There will be an examination held on August 6th of the student swimmers as to their ability to qualify as experts and in lifesaving.

was a fraction of a second more or less for one of the cars would have averted the collision. Considerable damage was done both cars and the occupants of the Wegener car were more or less cut and bruised, requiring the services of a doctor. David Lancaster was also cut and bruised, but his father, who was driving, was not injured. It was fortunate that no one was more seriously injured, considering the damage done the two cars as a result of the impact.

Will Build Elevator.

Arrangements are shaping themselves for the organization of an elevator company with the end in view of building an elevator in Murray, owned strictly by local men and interests. It is expected that steps will be taken to start the work of the erection of the building at an early date.

MARRIED IN OREGON

The announcement has been received here of the marriage of Will G. Davis, who was secretary of the local Chamber of Commerce several years ago. Mr. Davis was married at Medford, Oregon, on July 9th to Miss Clara Trefes of that city. He has been making his home in Oregon for some time and Mr. and Mrs. Davis are now located at Grant's Pass, Oregon.

VISITING IN CITY

Dr. M. Luella Carter of Crete, Nebraska, is visiting in the city for a few days with her cousin, Miss Olive Gass.

Miss Carter is a member of the faculty at Doane College and is on her way to Chicago, where she will do some work at the University of Chicago, after which she will spend the remainder of her vacation with relatives in Ohio.
