John Schlaphoff and twelve other members of the 4-H club departed on last Monday for the Black Hills and the western part of the state, where they enjoyed a very fine trip, going in the truck of Mr. Schlaphoff which had been prepared for the occasion and provided a most comfortable method of traveling. They studied the growing of cattle on the plains and in the hills as well as seeing some of the beauties of nature in the Black Hills, where the handiwork of old Mother Nature was very evident. They arrived home last Saturday well pleased with their trip.

**Farmers Enjoy Picnic**  
At the Richards picnic park east of Wabash on last Monday, there was held the annual picnic of the Farmers Union of Cass county. Several hundred members of the Union and their families were present and all report having a splendid time. There was an excellent program, with addresses by noted speakers, games for the younger generation and plenty of eats for everyone, and say they all did eat and enjoy the sumptuous dinner which was served in the open, having appetites whetted by exercise and recreation preceding the meal. A band was present from Nehawka and helped enliven the occasion.

**Opening New Quarry**  
The Jasper Stone company, which has been working in the vicinity of Weeping Water for some time getting out stone for use in Missouri river development work, has opened a second quarry on the land of Warren T. Richards and is employing some thirty men at this time. As soon as they complete the necessary stripping work, they will increase their force to a much greater number, as they have some extensive contracts to fill.

**RAIL PENSION BILL PASSES**  
Washington, August 23—The second of two bills intended to replace the invalidated rail pension law was swiftly enacted by the senate, completing congressional action. Without debate, the senate rushed to the white house for an already assured presidential signature a house measure to levy a 7 per cent tax to finance annuities ranging up to \$120 monthly for rail workers who have been employed thirty years or who have reached the age of 65. It was estimated the legislation would affect more than 1,000,000 road workers.

### LOSE ZONE FINALS, 1-2

The netsters representing the Plattsmouth tennis club were unable to shake the Peru jinx in Lawlor cup play.

The Peru team handily won both singles matches. Fred Rhors of Peru defeated Ray Larson 6-2, 6-4, and Delbert Miller defeated Ralph Mason 6-1, 6-4. Both matches were closely contested, but might have been better played had the condition of the courts been better.

The Plattsmouth team won the doubles encounter in a hard fought match. Mason-Larson, Plattsmouth, defeated Rhors-Miller, Peru, 4-6, 6-4, 6-4.

### REMODELING BUILDING

The exterior of the Hotel Plattsmouth building is having some extensive changes made on the roof section that will take away many features that have long marked the structure and familiar to the thousands that have made this their stopping place since its construction in 1890. The chimneys that formerly were a part of the upper portion on the east and south sides of the building are being torn down as well as the ornamental brick facade that decorated the top of the hotel is being removed. The cupola that has surmounted the tower of the hotel at the southeast corner is also to be removed as well as an ornamental granite section on the east of the hotel. The changes will make for a more modern appearance of the structure and eliminate the possible danger from the chimneys or bricks becoming dislodged and falling.
