Fine Cattle from Murray to Chicago Market

W. G. Boedeker Sends Season's Feeding to the Market Where High Price Was Received.

W. G. Boedeker made the final shipment of hogs from the Boedeker & Wehrbein feeding operations last week and on last Saturday he loaded the last shipment of cattle from the yards for the Chicago market on Monday of this week. The shipment of cattle was accompanied to Chicago by Charles Boedeker 2nd who had some business matters to look after in the Windy City and he took advantage of this opportunity to make the trip.

Boedeker and Wehrbein have always fed a good class of cattle and have as a rule fed them to a prime finish and have most always shipped their cattle to the Chicago market where they have always found a ready demand for their quality cattle and this, their final shipment was no exception as the shipment sold for eastern shipment at \$12.35. The cattle weighed 1030 lbs. and the price was very pleasing for this weight cattle.

Due to the death of Mr. Wehrbein, the Boedeker and Wehrbein partnership affairs will now be closed.

Mr. Boedeker has recently made a deal with Mr. Frank Cottingham of the Murray vicinity wherein Mr. Cottingham will soon occupy this farm formerly occupied by Mr. Wehrbein and another partnership arrangement gone into by Mr. Boedeker and Mr. Cottingham and they will continue to feed cattle and hogs for the markets.

Hodge Family Met for 17th Annual Reunion

134 Members of Hodge Family Attended Reunion in Pacific Junction Park.

The seventeenth annual reunion of the Earl Hodges family was held Tuesday, August 27, at the park in Pacific Junction, with 134 present. The business meeting was called to order by the president, Ray Herold of Plattsmouth, and the following officers elected for the ensuing year:

President—O. G. Ervin, Council Bluffs.
 Vice-president—E. W. Hodges, Woodbine.
 Secretary-treasurer—Mrs. O. G. Ervin, Council Bluffs.
 Mrs. Addie Martin was retained as historian and Mrs. Leora Crosby as chairman of the entertainment committee.

The bountiful basket dinner was spread on long tables and the company then formed in lines and sang, "In the Sweet By and By" in memory of Mrs. Minnie Hodges. A. G. Charter then gave thanks to the One "who doeth all things well" for the blessings of the past year, there being no deaths recorded, after which the cafeteria dinner was enjoyed by all.

In the afternoon the following program was given:

Prayer by L. L. Farrington.
 Song, "America," in memory of Earl Hodges, Sr.
 Reading, Donald Crosby.
 Song, Mr. and Mrs. A. G. Charter.
 Poems, Elwin and Norma Hodges.
 Songs, Mildred and Kenneth Tague, Geraldine Worthem and Lorraine Wilber.
 Music by Ruel and Virgil Harold, Mrs. Edd Grudle and Mrs. Loren Wilber.
 Following the program games and stunts were in order, with ball games and horseshoe pitching contests.

During the year five births, one marriage and no deaths were recorded. Ice cream and cake were served just before the guests departed for their homes.

ATTEND PRESBYTERY
 Dr. H. G. McClusky, pastor of the First Presbyterian church, with George L. Farley, lay delegate of the local church, are at Hickman, this week. They are attending the Presbytery of the Nebraska district, which is bringing together a large group of the churchmen.

Advertising will stimulate business during so-called dull seasons of the year. Try it as a tonic for your business.

CASS COUNTY 4-H GIRL WINS TRIP TO CHICAGO

Miss Ruth Ann Sheldon of Nehawka won one of the outstanding 4-H events at the state fair last week, when she was declared state style show champion, for which she will be awarded a trip to the National 4-H club congress at Chicago in December to represent Nebraska in the National 4-H club style show. Ruth's first winning was in the winter clothes division, placing over twelve contestants. Later she won the championship from the winner of the summer clothes division, who had placed first over 21 contestants modeling summer clothes costumes.

In the music identification contest held for 4-H club members during the state fair, Cass county also made a good showing. In the contest, the members were asked to identify 25 pieces, give the name of the opera from which they were taken, and name the composer. From the list of 56 contestants, the ten high individuals were named. Miss Ruth Ann Sheldon, Nehawka, was first; Margaret Jane Robinson, Weeping Water, second; Kathleen Schafer, Nehawka, fifth; Ruth Jean Meier, Weeping Water, seventh, and Thelma Ward, Weeping Water, ninth.

CARD OF THANKS

We wish to take this means of expressing our most heartfelt appreciation of the many acts of kindness and words of sympathy given us in the death of our loved one. Especially do we wish to thank the minister and those singing, donating cars and assisting in the funeral services, and the kind friends who sent the beautiful floral remembrances. These acts of kindness will long be very lovingly cherished.—William E. Renish, Mr. and Mrs. Michael Bajcek and family, Mr. and Mrs. Joseph Wales and family, Mr. and Mrs. Frank Hranak and family, Mr. and Mrs. Joseph M. Sedlak and family, Mr. and Mrs. Julius Kalasek and family, Mr. and Mrs. Frank Kalasek and family, Mr. and Mrs. Anton Kalasek and family, Wesley and Edward Kalasek, Mr. and Mrs. William F. Renish, Mr. and Mrs. Joseph Nolan, Mr. and Mrs. H. O. Renish and family, Dr. and Mrs. C. E. Renish and family, Mr. and Mrs. E. R. Renish, Mr. and Mrs. Merle Renish and family, Mr. and Mrs. Carl Renish.

ALBANIAN REBELS WILL DIE

London.—A Reuteus (British) news agency dispatch from Tirana, Albania, reported twenty-three persons accused of participating in the recent uprising at Fieri had been condemned to death.

Ten others, the dispatch said, were condemned to life imprisonment, and twelve alleged rebels were sentenced to prison terms ranging from twelve to fifteen years. Fifty persons were acquitted.

Fifteen other persons have been given death sentences in connection with the revolt. Eleven gendarmes who joined the rebels were executed Aug. 24. The next day four persons were sentenced to death, twenty-three to life imprisonment and eleven to twenty years imprisonment.

BABY SHOOTS THE CHUTES

Denver.—"Shoot the chutes" ride twenty-five feet thru a warm air pipe from a hallway register to the furnace left 17 months old Joann Genty unscratched. The baby was playing with marbles on the floor and one rolled thru the register. Joann's brother, Donald, 3, lifted the register grating and Joann crawled thru and "went for a ride." The course of the pipe was curved and steep, but Joann landed at the top of the furnace, in which there was no fire. The child's mother heard Joann's cries, but was unable to reach her. Firemen disconnected the pipe from the furnace and rescued Joann. Donald found his marble on the basement floor.

LONG LIFE OF THE LOBBY

Washington.—Night and day, especially night, Senator Long will be missed from the gayest hotel life here. He never needed to make terrace table reservations in advance, just dropped in and was warmly welcomed as an extra added attraction, and always with a party. The orchestra leader would play his favorite, "Way Down South in New Orleans." From the morning he arrived at the eerie hour of 5 o'clock and started calling up his friends to come on up, to the day of his filibuster leave-taking, Huey Long was the life of the lobbies in the three large hotels where he lived successively.

Cass county is one of the finest agricultural centers in the state. Improved farming conditions and better prices for farm products will react to the advantage of every town in this territory.

One Time Goal of 21 Million will be Passed

More Than Five Hundred New Applications Come in Morning Mail Tuesday.

Works Progress offices at Lincoln were flooded Tuesday morning with about 500 requests for WPA funds, being tabulated and made ready for mailing to Washington as the Sept. 12 deadline neared. Since the first batch went in on July 24, WPA officials revealed that \$17,523,528.55 worth were already in Washington, or in the mails enroute, by noon Tuesday. The minimum set by Assistant State Administrator Smith two weeks ago of \$21,000,000 necessary to care for the relief load will be passed, it is believed.

Omaha came thru with the two largest projects to date, asking more than \$8,000,000 for street and sanitation improvements. The department of streets and boulevards asks \$4,321,879 with which 5,000 cast iron drainage gates will be eliminated, rocks crushed for road use, 270,000 square yards of brick pavement will be relaid, 371,300 square yards of boulevard reconstructed, 190,400 square yards of street repaired, 40,000 linear feet of curb rebuilt, 28,300 square feet of asphalt pavement repaired, and 50,000 cubic yards of village streets graded. This is broken down into \$2,702,637 for labor, \$201,079 for superintendence, and \$1,147,563 for material and subsequent costs.

The second project, by the department of public improvements, asks new sewer construction extending over 70,694 feet. This project is to cost \$3,731,376, split up into \$2,197,786 for labor, \$188,178 for superintendence, and \$1,347,412 for material and subsequent costs.

Projects amounting to \$781,747 in federal funds and with \$251,773 in sponsor's contributions were fixed up late Monday night and signed by Assistant Administrator Smith for the early mail. Nearly \$6,000,000 in projects was sent late at night.

TO BUILD RURAL SCHOOL

Columbus, Neb.—Directors of school district No. 4 near Platte Center are making plans for construction of a new school building on a new site to be donated by the Loup River public power district. The district offered to build a new school house instead of erecting a bridge over the power district canal, where it cuts off one entrance to the present building. The district's proposal is subject to approval by the public works administration. Directors withheld a formal vote of acceptance of the proposal until plans for the new building have been drawn, but sentiment appeared to be unanimous for acceptance.

NO COAL WAGE AGREEMENT

Washington.—The United Mine Workers proposed that the wage differential problem, blocking the path to a new wage and coal agreement with Appalachian soft coal producers, be turned over to a new commission of miners and operators. The operators agreed to consider the proposal, and will meet Monday morning to accept or reject it. Negotiations toward the new agreement will be resumed Monday afternoon. The present contract expires Sept. 15. John L. Lewis, president of the United Mine Workers told reporters that little progress toward an agreement had been made so far.

HIGHWAY PAVING STARTED

North Platte.—Three of the four contractors for paving of the Lincoln highway west of here started laying concrete Monday and the other is expected to start work Wednesday. John McMeekin, district engineer, announced. Work will be completed Nov. 15, unless weather conditions cause unforeseen delays. Contractors of the various sections are expected to lay one mile each week. Starting with the city limits west of North Platte, the Lincoln highway is completely paved to the state line east. Most of the highway is also paved in Colorado with the stretch west of here the only portion that has not been hard surfaced.

DOING VERY NICELY

Word was received from Inez Drucker who underwent a tonsil operation at Chicago, last Thursday that she is doing nicely at the home of her sister, Mrs. A. J. Teninga. She expects to return home next week to continue her work at Adolph's Tavern.

SELECT ARMORY SITE
 Columbus, Neb.—The city of Columbus has contracted for an entire block of land in the southern part of town as a site for a new national guard armory, conditioned upon approval of an application for works progress funds to construct the building. The city also has taken an option on forty-seven acres of land, which includes the armory site, with the thought of purchasing it and adding it to the city park system. A works progress application is pending for improvement of this tract as well as other city parks.

HELEN SIEFERT GOES EAST
 Omaha.—Eight year old blind and deaf Helen Siefert is on her way back for her second year at Parkins Institute at Watertown, Mass., made possible by subscription of a \$1,000 fund by newspaper readers. Four pounds heavier after a summer with her parents at Bridgeport, Helen is expecting to obtain a firm grounding in speech and "hearing" this year. She probably will be sent next year with her teacher, Miss Helen Hoshor, to the Nebraska school for the blind at Nebraska City. Miss Hoshor will join the staff of the Nebraska school.

Nebraska is one of but very few states that has no bonded indebtedness.

MOVE FOR BETTER BUTTER
 W. B. Banning, director of the state department of agriculture, announced inauguration of a new plan for dairy and creamery inspection work, to be handled by trained men. A. L. Hackler, Lincoln, is chief of the bureau. A. E. Harr of Hastings has charge of the west part of the state; John D. Culver of Albion has charge of northeast Nebraska, and George Bourchard of York has charge of southeast Nebraska.

"There is now in progress a nationwide campaign to improve the quality of dairy products," Banning said, "and believing such a plan will increase consumption and demand and the price to the producer, we intend to do our part in the campaign. We have been making rapid strides in the dairy business and now rank fourth among the states in production of creamery butter. We have the raw material and now we wish to improve the quality in order to compete better with other dairy states."

Banning urged co-operation for the new bureau from creameries, buyers and producers.

Inflated or ordinary dollars will still buy the most when spent in your home community, for a part of each goes to meet the tax burden and other costs including the upkeep of churches, etc.
