Harmon Lost Job for Cleaning Up Prison, He Says

Prisoners Sawed Bars While Guards Stood Near, Says Discharged Penitentiary Warden.

N. T. Harmon, ousted warden of Nebraska penitentiary, was discharged because of his activities in "cleaning up" the institution he told the press Friday. He denied rumors that had feeling existed toward him among inmates of the prison, and declared his dismissal could be laid directly to "disgruntled guards who were discharged for infraction of penitentiary rules."

Harmon was ousted by the state board of control with the statement that it was "for the best interests of the state." The board refused to amplify the statement or give specific reasons for the dismissal, Harmon said.

"Better feeling existed in the penitentiary when I was dismissed than in years," Harmon declared. "During my term as warden, there had been no violence, not a guard had been struck, and conditions generally were better than in many years."

Cleaned Up, Dismissed.

Harmon said vice was rampant in the penitentiary when he became warden, liquor and dope traffic abounded, and infractions of penitentiary rules were general.

"I went to work and cleaned up the situation," Harmon said. Prisoners had assumed a domineering attitude when Harmon became head of the institution, he said. Guards were forced to submit to the desire of inmates. He found prison laundry employees charging guards and inmates for laundry work, contrary to prison rules.

"Guards and prisoners were forced to pay to have their washing done," Harmon said. "If they refused, their shirts came back torn or burned. These men were not supposed to get any money for the work. They were inmates of the penitentiary. I immediately stopped the practice."

Harmon admitted there was some dissatisfaction among the prisoners, but asserted, "This is true in every prison. You can't get away from it. Sure, there was some booing and some hissing, but we had no attempts at violence, and no guards were struck. Even during the excellent administration of Warden Fenton we had outbreaks and violence. That is something that is likely to happen in the best managed institutions."

"I came out here to straighten things out and I did it."

Board Not Back of Him.

The ousted warden charged the state board of control with failure to stand behind him "until the job was finished." He said former wardens had received the unwavering support of the board and the governor when they cleaned up the prison, but he was given less than a year's time to produce.

"That request for my resignation came like a bombshell," he said. "I had no idea there was anything like that in the air. I refused to resign and told them I had no apologies to offer. The penitentiary was in fine shape. Then they discharged me. I think I should have had some warning of what was coming, or the board should have asked me to correct any situation displeasing them." Without using names, Harmon told of specific reasons for dismissal of penitentiary guards, dismissals which led to his discharge, he said.

"When I became warden I found many guards were drinking, some of them on duty. I warned one of them, but later had to discharge him because he was gone for days and I discovered he was drunk. He went to the board about it."

Says Guards Negligent.

Harmon said a short time later he discharged two guards for leaving their posts of duty without excuse. Two others were dismissed for sympathizing with them.

"I had to let two more men go during fair week," Harmon said. "When I found two prisoners sawing bars almost directly under their noses. The inmates were supposed to be washing windows. I will not say there was any connivance with the prisoners, but the guards should have been watching the men."

FALLS CITY TAKES ITS FOURTH CROWN

Falls City, Neb.—A spectacular catch of Halfback Gist's pass by Elam, star end, on fourth down with less than two minutes of the game remaining, gave Falls City a 13 to 7 triumph over Tecumseh on a muddy field here Friday afternoon.

The victory brought Coach "Jug" Brown's eleven its fourth consecutive Southeastern Nebraska conference championship. Falls City scored first in the opening quarter when Halfback Smith swept end for 11 yards and a touchdown, at the end of a 51 yard march. The point conversion failed. Tecumseh moved out in front in the second quarter when Johnson circled end for a touchdown and then passed to Petersen for the point.

The Gist to Elam touchdown pass came after a 57-yard drive thru the mud. Smith hit the line for the point. Falls City outdistanced Tecumseh 12 to 5.

PLACED UPON PROBATION

Miami, Okla.—Ted Baxter, "three penny millionaire," pleaded guilty to the violation of the postal laws, was sentenced to five years in prison and released on probation by Federal Judge E. Kennamer. "You've been imposing on business men and letting your imagination get away from you," Judge Kennamer warned Baxter. "You'll have to stop that."

The middle aged war veteran, with assets of three worn pennies and an impressive air, posed as head of the "Barton Oil company," rented an entire floor of a Tulsa bank building, arranged for construction of a "million dollar" tank car factory, sale of \$500,000 factory bonds, a railway spur to the "plant," bought an \$8,000 home, and employed servants. Not a cent changed hands. State and county officers said he had broken no state law. But postal inspectors alleged he had violated federal statutes by using the mails to offer for sale securities he did not own.

NORRIS REMAINS QUESTION

Los Angeles.—Senator Norris remained a political question-mark, refusing to confirm reports he would not be a candidate for re-election next year. He said his decision would not be made until election time, next year.

"I did not say at Salt Lake City that I would not be a candidate for re-election. I am on vacation, and I want a rest. I am not discussing it," he said.

"He was deeply amused when we showed him reports that Congressman Coffee had said the president felt the democrats of Nebraska should not permit Senator Norris to retire," Mrs. Clara Norris Rakestraw, his sister, said.

I. C. C. TO PROBE RAILROAD

Washington.—The interstate commerce commission ordered investigation into management of the New York, New Haven & Hartford Railroad company, which has borrowed \$14,470,000 from government agencies. Application of the railroad, now in bankruptcy, for another \$5,000,000 RFC loan was denied by the commission Oct. 22.

The New York, New Haven & Hartford listed Aug. 31 loans and bills payable of \$25,703,226, of which \$16,275,000 was outstanding bank loans.

SLAYER PUT ON PROBATION

Chicago.—Mrs. Edith Cahill, 43, charged with murder in the death of Anthony Marra, who said he was her lover, was permitted to plead guilty to manslaughter and Judge David in criminal court placed her on probation for one year.

Mrs. Cahill admitted she threw a mixture of lye and other acids in Marra's face as he lay in bed in her apartment on Aug. 31. Marra died from the effects of the concoction.

Stock Show is Profitable to 4-H Club Members

Cass County Young Men Receive Neat Sum for Stock Brought to the Ak-Sar-Ben Show.

Cass county has benefitted financially to a considerable extent this year through Ak-Sar-Ben's activities in Omaha, a study of the records of the Ak-Sar-Ben Live Stock Show, and of this year's pari-mutuel race meet reveals.

The total amount of Ak-Sar-Ben cash benefits to counties in Nebraska and Iowa reached a new high this year, and is expected to run considerably higher in the future, according to W. H. Schellberg and George Brandeis, co-chairmen of Ak-Sar-Ben's Live Stock Show and horse races.

Resumption of the races is credited with averting abandonment of the Ak-Sar-Ben Live Stock Show, which poured thousands of dollars into the pockets of 4-H club boys and girls of the state. Revenues from racing will permit Ak-Sar-Ben officials to look forward with confidence, and they are already talking of reviving the great breed classes of their live stock show as soon as finances permit.

This county has already received \$200, to be used for premiums at the county fair, or for 4-H club work, as the first "dividend" from Ak-Sar-Ben's 1935 race meet. A final distribution for the year is expected to bring at least \$50 more, and much larger payments are expected to be made next year, now that the expense of setting up the state racing commission has been disposed of.

The "county resource exhibit" sponsored by this county's farm bureau received \$65.00 expense money from Ak-Sar-Ben's show this month.

The biggest benefits to individual Nebraskans, of course, came from the auction of 4-H baby heaves, sponsored by the Omaha Junior Chamber of Commerce. The grand champion 4-H baby beef of the show brought \$1.50 per pound, which is a record high price for the nation this year. Every one of the 262 calves that went thru the auction ring at Ak-Sar-Ben received a premium over the price it would have received on the open market, thus bringing joy into the hearts of every one of the youngsters who help make Ak-Sar-Ben the world's largest 4-H baby beef show.

Here is what this county's representatives received from the sale at Ak-Sar-Ben this year:

SAY HARMON CASE CLOSED

The Nebraska board of control announced the removal Monday of Nate Harmon as warden and his replacement by Joseph O'Grady is "a closed incident in so far as it is concerned."

Walter E. Hager, chairman of the board, made the announcement. He said the board had no further statement to make and declined to enlarge upon the formal announcement of Harmon's removal which asserted the change was "made in the best interests of the institution and the state." Hager refused to deny or confirm rumors of favoritism with prisoners that have been advanced as the cause of Harmon's removal.

INDICTED IN BABY CASE

St. Louis.—The "Gift of God" baby wrangle, in which a society matron and an unwed servant girl each claimed motherhood of the same child, led to indictment of Wilfred Jones, an attorney, for alleged perjury.

The indictment was based on testimony of Jones at a habeas corpus hearing in the St. Louis court of appeals in which Anna Ware, the servant girl, sought to recover possession of a baby she asserted was taken from her by Jones and given to Mrs. Nellie Tipton Muench.

Jones testified he obtained the child for other clients in Memphis, who never were located. Following his testimony, Special Commissioner Limbaugh declared the lawyer had committed perjury and recommended a grand jury investigate.

Mrs. Muench, 44, announced the birth of a baby son Aug. 18 as a "Gift from God in my time of distress." At that time she faced kidnap charges of which she was subsequently acquitted. Miss Ware's baby was born Aug. 17.

LIMERICK IS IN ALCATRAZ

He began his sentence in Leavenworth May 31 and was transferred to Alcatraz, Oct. 26.
