Write a 4-H Slogan.

Due to the interest in 4-H slogans aroused by the state contest last year, a similar contest is underway which will bring some individual to Club Week in June, 1936. In the 1935 contest, Clyde Althouse of Eagle, received honorable mention for the slogan, "Eerve Your Community by Serving 4-H Clubs." This year's contest started with the July issue of the Extension News and continues until May 15, 1936. The best short slogan will bring the writer a Club Week registration. The next best will receive half the registration fee. Each slogan used will bring its author a 4-H automobile emblem. Every club member may submit as many slogans as they desire.

Post Chairmen's Luncheon.

Mrs. Henry A. Teol, Mrs. G. R. Eveland, Mrs. R. A. Kuehn, and Mrs. Oscar Zink entertained about twenty-eight ladies, including the past County Chairmen of Women's Work, the present group of chairmen, and other guests, at a delightful one o'clock luncheon at the home of Mrs. Teol in Murdock, Tuesday, November 12. Beside the first three named hostesses, the past county chairmen present were Miss Rossie Gerard, Weeping Water, Mrs. H. L. Gayer, Plattsmouth, Mrs. Wm. Ost and Miss Evelyn Wolph, Nehawka. Mrs. Oscar Zink is the present county chairman. Miss Mary-Ellen Brown, who was a guest at the luncheon, remarked that she would like to see women in other counties follow the example of the Cass county ladies in this kind of get-together, as they seemed to enjoy it so much and gained so much inspiration for the perpetuation of the work within the county.

Timely Topics From the Farm and Home.

Some farmers that haven't produced 25% of their hogs to comply with their 1935 contract, may find them to be very valuable property

Wants Child Back

Mrs. Helen La Cour

This tearful picture of a mother looking at the picture of her baby daughter is that of Mrs. Helen La Cour, 19-year-old Los Angeles model, who has launched a court fight to regain possession of her nine-month-old daughter, claiming she signed away custody of the child without realizing what she was doing.

next year, with plenty of soft corn to feed that may be worth about 50c and hogs selling at from 8 to 10 cents. There are some bred sows available around the county. Inquire at the Farm Bureau Office.

Adolph Ross, Nehawka, says he has about one thousand bushels of corn picked and scattered all over his farm to try to keep it. He thinks he has some corn that will do for seed.

Twenty-two samples of corn sent in for grade resulted in one grading 4. All others graded 5 or "sample."

Miss Ruth Ann Sheldon, although very busy putting last minute touches on her Style Show costume which she will wear in the National 4-H contest in Chicago, found time to model a dress at the anniversary program at the Congregational church in Weeping Water Sunday afternoon, which was worn sixty-six years ago by Mrs. Gertrude Wolph of Nehawka. This dress is quite a contrast to the costume Ruth Ann will wear in Chicago.

As a result of the last two weeks of damp weather, many farmers are reporting hog losses from flu. Clean, dry, well bedded quarters, free from drafts, with light feed such as soaked oats and little or no corn, can be highly recommended for prevention and treatment.

Two farmers sat in the office discussing various topics. One, from Plattsmouth precinct, was terribly concerned about his soft corn and what he was going to do with it. He asked the other, "How are you going to handle your corn?" The other, being from the extreme western part of the county said, "I don't have enough to worry about."

Jerome St. John, as well as many other of the 264 farmers attending the Soil Conservation day in Weeping Water, Tuesday, the 12th, said it was the finest meeting he ever attended in the county.

As a result of the Christmas gift-making suggestions brought to the project clubs last month, 278 pair of tile for silhouette plaques, and 75 sets of copper sheeting have been ordered by women club members in the county. The Pleasant Ridge club of Louisville ordered 28 pair of tile, the Four Mile Community club of Plattsmouth, 27, and the Grand Prairie club, Murdock, 25. The Four Square club of Murdock has ordered the largest number of copper sheets, 18 sets, with which to make book ends according to the instructions in the lesson.

Henry Ragoss of Louisville was re-elected president of the Cass County Agricultural Society at their annual meeting held in Weeping Water, November 15. Frank Wood was re-elected secretary-treasurer, and Fred Rehmeier re-elected vice-president. The fair association shows a net balance of about \$1,000. The members voted to use part of this money to paint and repair buildings.

Prof. H. J. Gramlich says, "Assuming the producer will be forced to depend upon a market for soft corn, it seems that making it into ensilage is preferable to snapping. Snapped soft corn cannot be held to an advantage into a second season. The producer might possibly have to sell under a considerable handicap during late winter were he to have it stored as snapped ear corn. If stored as ensilage it could be held over one or more seasons if desired. A time may come next summer when cattle can be fattened upon this ensilage and made ready for market under very opportune conditions."

The records show 100% completions for John Schiaphoff's baby beef club, Mary Fager's Dairy club, Clyde Althouse's baby beef club, Dorothea Keil's cooking club, Mrs. John Root's canning club and Mrs. Anton Neilsen's cooking club. These clubs had some of the largest enrollments re-

Corn-Hog Program Recommendations.

A proposal to permit signers of corn-hog contracts to produce 100 percent of their base hog production next year received the unanimous approval of producers and state agricultural specialists in conference with officials of the Agricultural Adjustment Administration in Washington this week. The conference recommended a hog adjustment payment of \$2.50 for each hog produced up to 50 percent of each signer's base. The payment would be the same for a production ranging from 50 percent to 100 percent of the producer's base. The new contract would call for an optional adjustment of from 10 to 30 percent in the base corn acreage of individual signers in 1936 with the requirement that participating farmers produce 25 percent of their base acreage. It was suggested, however, that an optional adjustment of 10 to 25 percent in corn production would be satisfactory if it would bring about the desired reduction of 10 million acres in corn last year.

Corn adjustment payments would remain at 35 cents a bushel, as in 1935, on the estimated yield of retired acres. The group unanimously approved establishment of corn and hog bases by an "appraisal method." The proposed method would provide that community corn-hog committees appraise the farm to be operated by each applicant for a contract and would recommend the base for corn and for hogs on each farm in 1935. County quotas would limit the aggregate acreage of corn and the total number of hogs that could be assigned to contract signers within each county. The proposal that the acreage of soil-improving and erosion-preventing crops on each farm be increased by an amount equal to the acreage which the contract signer wishes to retire from corn production was unanimously approved. The conference went on record as favoring the inclusion of corn for silage in the corn base, thus eliminating the rebase to the use made of the corn. Work will be started immediately upon the drafting of the new contract along the lines recommended by the conference.

Sandwiches for Lunch. Sandwiches are a convenient and easy way of supplying concentrated nourishment that may be eaten in a minimum of time. When used with a creamed soup, creamed vegetables, or mashed or scalloped potatoes, they furnish a very substantial meal. For variety, prepare the sandwich filling and let each child spread his own sandwich. On cold days a hot milk beverage is especially needed. By adding a banana or apple or cooked apricots or prunes, the meal will provide the nourishment needed for good growth. Some sandwich suggestions are:

1. Lettuce sprinkled with coarsely grated or shaved cheese or rye bread.
2. Cottage cheese flavored with onion juice and finely chopped green pepper on cracked wheat bread.
3. Grated raw carrot, cabbage, and minced green pepper, mixed with a little salad dressing on whole wheat raisin bread.
4. Peanut butter and grated cabbage or whole wheat bread.

Augustus (Gus) Kegley Passes.

Augustus Kegley, better known by his friends as Gus Kegley, for forty years a barber in Weeping Water, where he spent all his active life in the chosen profession, passed away at the home of a sister in Lincoln last Friday evening, and was buried in Weeping Water at the Oakwood cemetery Tuesday afternoon of this week, the funeral being held at the Methodist church, conducted by the Rev. M. G. Carter, pastor of the church, and directed by the Hobson funeral home.

Augustus Kegley was born 67 years ago in Virginia and when a lad came with his parents to Blair, Nebraska, where he resided during the early portion of his life and until his adolescence, when he came when 16 years of age to west of Murray where he was employed on a number of farms as a farm hand. While there he worked for J. Anderson Davis, father of Troy Davis, Hamilton Norris, L. L. Young and Levi Rusterholz, all of whom have passed. When a young man he came to Weeping Water to make his home and after working for a time at different occupations engaged with Charles Ralston to work in his barber shop and learn the barber trade. After having mastered the trade he engaged in business in a small building near where Miss Mayme Hillman now has her cafe. Later he worked with A. H. Jones and they were partners for a number of years, then again he worked for himself and continued as a barber for some thirty-five years, having disposed of his business some time ago to E. L. McCartney who operates the shop at this time. During the earlier years Mr. Kegley was associated with the United Brethren church, attending the church north of Nehawka known as Otterbein. After he came to Weeping Water he associated with the Menonite church but attended the other churches here. Mr. Kegley was never married, re-

maining a single man during his life here. He leaves to mourn his passing a number of sisters and brothers, Mrs. F. M. (Helen) Massie, Nehawka, Mrs. Mary Gridley, living in western Nebraska, Mrs. Rose Swindle, Ella Hannazeick, Louisville, Stephen Kegley, Lincoln, George and Ratio Kegley, Hiawatha, Texas.

The Thanksgiving Feast Simplified

By JOSEPHINE GIBSON
Director, Home Food Institute

THE AMERICAN tradition for hospitality reaches its peak each year at Thanksgiving. Then, if no other time, do we call in our families and round up our friends for a big gathering of the clan. But the great feasts of yester-year would tax our small kitchens and impose so on our time that they would become a burden to the homemaker and kill the spirit of this gracious day. Fortunately it is for us then that so many fine flavor aids and ready-to-serve holiday foods are at hand to lend an air of bounteous elegance to the dinner. Chilled Tomato Juice, steaming bowls of soup, spicy relishes, delicate jellies, opulent puddings, and festive mince meat, all stand ready on the pantry shelf to lighten the task of the modern meal planner. Such a meal as this, built around these holiday helpers, will be a delight to the hostess as well as the guests:

Roast Turkey with Stuffing—Salt and pepper to suit the taste. Singe and wash the dressed turkey. Rub with salt and pepper, inside and out, and stuff, pressing the stuffing firmly into the fowl. Tie the legs down firmly to the body and place in a roasting pan. Grease well with unsalted fat or Pure Olive Oil, dredge with flour and place in a hot oven (about 450° F.) to sear the outside quickly and prevent the escape of the inner juices. After about 25 minutes, lower the heat to a moderate oven (375° F.); baste with water to which a small amount of butter and 1 teaspoon Worcestershire Sauce have been added. Cover the pan, if desired, and bake until the breast is tender. Baste several times during the baking and allow from 20 to 25 minutes per pound of turkey.

Turkey Stuffing—Crumb 1 loaf slightly dry bread, and season with

Add ½ cup melted butter, 1 tablespoon Worcestershire Sauce, 1 onion, very finely minced, and ½ teaspoon cinnamon, if desired. Mix thoroughly and press firmly into the turkey. This makes a rich, crumbly stuffing and is deliciously seasoned.

Mince Meat Pie—Line a pie pan with pastry rolled to ½ inch thickness. Fill with Mince Meat, using a one-pound can or jar of Mince Meat for an average size pie. Moisten edge of crust with a few drops of water and cover with a top crust, which has been slit in several places to allow the escape of steam. Press edges firmly together and bake in a hot oven (450° F.) for 15 minutes. Reduce temperature and bake in moderate oven (350° F.) until done, or until Mince Meat boils. A few drops of cream brushed over the top of the pie helps to make it brown nicely.
