Eugene Schumacher has been busy painting his Model A Ford, causing it to look like new and has it working very nicely and giving good service notwithstanding the many miles it has gone.

Fred Drucker on the two acres of ground had some twelve tons of spinach which he marked and was hauled to Plattsmouth by the Mrasek truck lines. The two acres netted about \$100 per acre.

Since Dr. R. W. Tyson has had his office newly decorated and painted and placed in excellent condition, he is also having some new floor coverings placed on the floors to complete the job in fine shape.

Mrs. Sherman Hathaway has secured employment with the Norfolk Packing company at Plattsmouth and is working there during the rush spell of work incident to the coming of early vegetables, such as spinach and peas.

A. D. Rhoden, who resides west of Murray, has not been in the best of health for some time, and although everything possible is being done for him he does not seem to rally. His friends are all hoping for a change for the better soon.

Dr. J. A. Peters and Professor Skyhaugh, both of Springfield, were visiting in Murray last Sunday with Thomas, Dr. Peters and Mr. Nelson being friends for many years when Mr. Nelson was a resident of Springfield and was in business there.

Bates and daughter, Mary Louise Bates, who are visiting here with Mrs. Margaret Brendel and son, thus allowing the three sisters to get together. On last Monday, Mrs. Brendel and son Richard took Mrs. Kidder and son to Weeping Water, from whence they returned to their home with Mr. and Mrs. Hubbard.

Visited Old Haunts Monday

Uncle W. A. Gentry, who is a member of the Nebraska Masonic Home family at Plattsmouth, was a visitor in Murray, Nehawka and Union on Monday, coming down with the field man for the Journal of our regular Monday trip. Mr. Gentry was formerly with the Missouri Pacific railroad company as one of their carpenters some forty or more years ago, building depots along the line when the railroad was being constructed. He worked on the stations at Union, Nehawka, Murray and Mynard and enjoyed looking over the places where he had been in the other days.

Death of Mrs. Henry C. Long

Mrs. Henry C. Long passed away Tuesday evening at the home of her daughter, Mrs. George E. Nickles, after a prolonged period of poor health, her condition having been most critical during the past ten days. She was tenderly cared for by her two daughters, Mrs. Nickles and Mrs. Bertha Shradar, as well as the best of medical and nursing service being provided, but gradually lost strength and vitality until death relieved her of earthly suffering.

Her grandson, Chester Shradar and wife, were also at her bedside during the last few days of her life.

Funeral services will be held Friday afternoon at 2:30 at the home of the daughter, Mrs. Nickles.

A more complete account of the life of Mrs. Long will appear in a later issue of the Journal.

Home from Missouri

Mr. and Mrs. Glen Boedeker, who went to Missouri to bring home their daughter, Miss Flora Jane, who was attending school at Fulton, returned home last week, accompanied by the daughter, who has just completed her first year in school there.

In speaking of the country down that way, Mr. Boedeker says they have had plenty of rain and that they drove through rain a great deal of the way going down and also much of the way coming back. Make Real Money with Poultry!

This is the Feed that will help you do it!

Most people buy a good starter for chicks and get them off to a flying start and then, when they are well started, turn them out on grass and forget about them.
Then they wonder why, when their cockrels are big enough to sell, that the market had dropped so low. They wonder why their pullets do not start to lay until late in the winter after prices have passed their peak. They wonder why the hatchery-man finds so many culls among their pullets, in the fall.

The answer of course is lack of proper mash feed through the summer.

We know it is a temptation to say "Oh, they'll get along all right, there's lots of grass and bugs." But we know that they won't get along all right. SO JUST THIS ONCE to prove it to you we want you to feed COOPER'S BEST GROWER clear through! To help make up your mind we are having in special co-operation with The O. A.
