

Murray

Young Chickens ready to fry, for sale.—Mrs. A. A. Young.

Van Allen, who is employed in Omaha, was a visitor at home over the week end.

Frank Hogue was shelling and delivering his corn to the elevator last Monday afternoon.

Earl Merritt is busy painting a house and barn on the A. D. Rhoden farm west of Murray.

Ralph Kennedy and Fred L. Hill are completing the placing of a new roof on the Factoryville school.

O. A. Davis and wife and Mrs. Addie Perry and daughter, Miss Helene, visited relatives at Lincoln last Sunday.

George Lopp of near Nehawka was looking after business matters in Murray for a short time one day this week.

Rex Young was in Murray Monday morning, getting materials for repairing and painting the buildings on the farm.

The Murray ball team went over to Murdock last Friday for a game with the Murdock lads, the latter winning by a score of 24 to 3.

The Murray Reds played the Leonard Lutz country team on the home diamond last Sunday, losing the game by the much one-sided score of 17 to 3.

Mrs. Albert Schaffer of Long Beach, California, is enjoying a visit with friends and relatives here, expecting to remain for some two weeks.

A benefit dance was given at the Crosser hall last Saturday night, the proceeds of which went to the ball team to be used in helping pay for equipment.

O. A. Davis has been having a new corn crib built on the farm where Marion Warthen resides, on the supposition that there will be a corn crop this year.

Frank Hogue was in town one day this week after some 10,000 shingles for the placing of a new roof on the country home belonging to Miss Elizabeth Spangler.

Roy Gerking and family were at Sloan, Iowa, over the week end, going for a visit with Mr. Gerking's mother, Mrs. Ida Gerking, whom they had not seen for some time.

William Sporer and son Charles were in Omaha last Saturday evening, where they were looking after business matters for a short time and were also visiting with friends.

E. J. Boedecker cleaned up the last of the cattle which he has had on feed during the past winter, having them delivered to the South Omaha stock yards by the Mrasek Transfer company.

Tommy Troop, sister, Miss Lois, and Miss Imogene Wall drove to Superior Saturday night for Robert Bestor, who is employed in a hardware store there, bringing him to his home in Plattsmouth for the week end and also taking him back to his work Sunday evening.

Had Same Room at Hospital
Mrs. W. G. Boedecker, who was taken to the Methodist hospital in Omaha last week for observation and treatment, made such good improvement that she was able to return home last Saturday evening and is continuing to gain.

That same evening, Mrs. C. H. Boedecker, II, who had been suffering from an inflamed appendix, was taken to the hospital and by chance was given the room which Mrs. W. G.

Boedecker had just relinquished. She remained till Monday when on account of having shown marked improvement she was permitted to return home, as it was deemed not best to have an operation at this time.

Mrs. Lester Long Very Ill
Word has come from Clearwater, in western Nebraska, where Mr. and Mrs. Lester Long are making their home, and where Mr. Long is employed on a road project, that Mrs. Long is very poorly at this time, the nature of her malady being much the same as last year, when she was so dangerously sick. Upon receipt of the news, her mother, Mrs. Belle Frans, and John Frans, a brother, left at once for her bedside.

Ethan Allen Joins Brother
Ethan Allen, who has had no work here for some time, concluded he would go to the coast in search of employment. A letter from him to his parents, tells of his safe arrival at San Francisco and of his locating his brother, Walter Allen, who has a good position there and who thinks he will be able to get a good job for Ethan in a short time. The folks here are greatly pleased to learn that he has joined his brother and that he may be able to secure employment out there.

Reunion at Brubacher Home
At the pleasant home of Mr. and Mrs. G. E. Brubacher last Sunday, there was held a most delightful reunion of the relatives of Mrs. Brubacher. A fine dinner was served by Mrs. Brubacher to the assembled guests. Those present included the parents of Mrs. Brubacher, Mr. and Mrs. A. G. Lash, of Auburn; Superintendent L. M. Hauptmann and wife of Alvo; Charles F. Blake and wife and Mrs. Ellen Gillett and son, Guy Bruce Gillett, all of Auburn.

Beverly Ann Brubacher accompanied the grandparents, Mr. and Mrs. A. G. Lash, back to Auburn, and will spend the greater part of this week visiting there.

Leaves School a Legacy
When the will of the late Miss Beulah Sans, long time teacher in the Murray public schools, was read, it was found that she had remembered the school with a legacy of \$50 to be used for the purchase of a juvenile library for the younger pupils of the school whom she had enjoyed working with and teaching.

At a meeting of the board of education one of their number, G. E. Brubacher, was named to look after the spending of the money to best advantage in accordance with the desires of the benefactor.

This action on the part of Miss Sans will be greatly appreciated by patrons of the local school, as it will go a long way towards providing a group of useful books for use in connection with the school work.

Aid Needed for Band
A town can have no better asset than a good band. And it takes training and practice to make good hands. The newly organized Murray-Lewis-ton band has made splendid progress for the short time they have been organized and is holding regular practice sessions. Having no source of revenue, they have resorted to the collection of ten cents from each of the members at each rehearsal to help defray expenses. The band is willing to give its time, as it did last week in going to Omaha for the Ak-Sar-Ben den show, and should not

have to raise among its membership the small amount of money required to keep going. Some way, it seems, could be devised of raising this money, either through a benefit dance or outright contributions.

Why not talk this matter up and see if something can't be done so the band boys won't have to dig into their pockets for dimes to buy their needed supplies. A good band is worth a lot more to a town than that small amount in the way of advertising alone.

Entertained for Relatives
Mr. and Mrs. Forest Leonard entertained last Sunday at their country home, having some fifty or more of their friends and relatives present to enjoy their hospitality and to greet Roy Perry, who came from Canada to visit old friends and who has been a guest at the home of his relatives, Mr. and Mrs. Leonard. A very pleasant time was had.

Discuss Moving Derrick
There is talk of moving the derrick which was erected some time ago for the purpose of drilling for oil. The time has come when they are about ready to start drilling, but after additional surveys, tests and calculations with intricate equipment, it has been decided another place not far distant might be better for the test well, but they feel sure there is an abundance of oil underlying this entire area.

Welcomed Minister and Wife
The members of the Murray Presbyterian church arranged a reception for their minister and his bride, on their arrival here last Friday, following their marriage on Thursday at Monmouth, Illinois. The bride was formerly Miss Frances McCulloch of Sharon, Pa.

A large number of members of the church and numerous outsiders were present at the reception. A lovely embroidered quilt was given to Mrs. Sloan by the members of the Ladies Aid society, while the congregation and friends made up a purse of \$25, which was presented to them, and the young people of the church and Sunday school made up an additional purse amounting to \$15 which was given the bridal couple with the best wishes of the donors.

A short program was rendered, including the swain and milkmaid song, "Where are you going, my pretty maid" by Misses Margaret and Katherine Long.

Guests at McDonald Home
Mrs. Myra McDonald entertained at Sunday dinner on June 7th, the following guests: Mr. and Mrs. Carl Humble, of Lincoln; Mr. and Mrs. William C. Meyers and son, Billie, and Louis Meyers, of Ashland; Mr. and Mrs. O. E. McDonald and Robert and wife, of Manly; Mr. and Mrs. Emil Hill and family and Mrs. Mary Hesselton and sons of Council Bluffs; Mr. and Mrs. Arthur Hansen, Gwendolyn and Dale Hansen, of Murray; Mrs. Catherine Erhart, of Manly; Mrs. Moore and Margaret, of Murray, and Miss Bertha Nickles, of Murray.

Murray Church News.
The United Presbyterian church had its largest Sabbath school attendance last week, and if weather conditions permit we are eagerly looking forward to a larger attendance on Sabbath June 21st. General interest is increasing, and there seems to be a gradual increase in the spiritual attitude towards the high ideals of Jesus our Lord and Saviour. S. S. meets at 10 a. m.

In the morning worship service at 11, the pastor, Rev. E. Garrison Sloan will preach on the theme, "Character Building at Home." This is a real gospel meditation of deep concern for all.

At 6:45 p. m. (weather permitting) the Young Peoples' Society will leave the church and drive to the Meade home two miles east, where they will meet at 7 for an out-door vesper and worship service. Mrs. H. Griffin is the leader. If it rains we will meet at the usual time in the church.

On Thursday evening, June 18th, the new choir will meet under the capable direction of Mrs. Ralph Kennedy, for their weekly rehearsal.

HOLD COURT SESSION

Judge Daniel W. Livingston was here Monday and today holding sessions of the district court, clearing up pending matters as far as possible. On Monday the time was largely taken up with the hearing of motions.

This morning the trial of the case of Samuel T. Gilmour vs. Floyd A. Montgomery, et al, was taken up by the court. This is a suit to quiet title to certain land south of this city near the Gilmour farm, land was formed by the accretion from the Missouri river and in which Mr. Gilmour seeks

to have the title quieted. There were a large number of witnesses from the section where the land is located who were called to testify as to the changes in land made by the river.
