

Cass County Farm Bureau Notes

More Hopper Poison Available.

The second carload of bran furnished by the government for hopper bait for Cass county farmers was received in Weeping Water last Saturday.

How Valuable Is Grainless Silage?

With many corn fields in the county beyond help from rain that might occur in the next week, it is time to be thinking about how to salvage what is left of the crop.

Experiments run at the Agricultural College by the Animal Husbandry Department during the winter of 1934 and 1935 have definitely proven that corn has great food value even though it is badly burned and will not make any grain.

The only way to salvage fields that are turning white on top is to cut them immediately and put them into a silo. Livestock can be carried through the winter on this feed with a little cottonseed meal, with as good results as if they were getting alfalfa hay which is our normal winter ration.

4-H Club Camp July 26-29.

Due to the fact that Cass county has not reached its quota of members for 4-H club camp, which begins Sunday, July 26th, application which reach the Farm Bureau office not later than Friday evening, July 24th, will be accepted.

Demonstration Practice Day Scheduled.

Tuesday, August 4th, has been set aside to give special help to all 4-H clubs who are working on team demonstrations. Teams taking part in demonstrations, and their local leader, should plan to attend and take advantage of the helpful suggestions of M. N. Lawritson and Miss Mary Rinnalls, specialists from the College of Agriculture, who will be present to assist with the practice.

Mothers Vacation Camp.

Mothers Vacation Camp, to be held at Brewster, one mile south of Omaha, July 30, 31, and August 1 and 2, offers a fine opportunity for Cass county women to enjoy a four day vacation away from home.

Rid Yourself of Kidney Poisons

Do you suffer burning, scanty or too frequent urination, backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

DOAN'S PILLS

able combination with fresh summer fruits for dessert. Especially popular are soft-dough or drop cookies, stiff-dough or crisp cookies and cup cakes, as they go well with summer beverages and desserts.

A good basic dough for drop cookies is made with 3/4 cup of fat to 1 1/2 cups of finely granulated sugar, 2 eggs, 3/4 cup milk, 4 cups of sifted soft-wheat (cake) flour, 4 teaspoons of baking powder, 1/2 teaspoon of salt, 3 teaspoons of flavoring. Cream the fat until it is soft, add the flavoring and the sugar gradually, stirring until the mixture becomes light and fluffy because of the air beaten into it.

Orange drop cookies are a particularly attractive variation. To make them, use in place of the liquid (the milk and flavoring) in the above recipe, 4 tablespoons of grated orange rind and 1/2 cup of orange juice. Crisp cookies, which are richer than drop cookies, are made from a stiff dough, rolled thin, cut and baked in a moderately hot oven. Or the dough is molded into a roll, wrapped in waxed paper and put in the refrigerator, sliced off thin and baked when desired. It takes but 10 minutes to bake these cookies.

Pin-Wheel cookies are of this kind—made with a layer of vanilla-flavored dough, and a similar layer of chocolate-flavored dough, the two layers rolled up together like a jelly roll, chilled in the refrigerator, then sliced very thin and baked in a moderate oven. In its richer and also sweeter dough, the proportions are 1 cup of fat, 2 cups of sugar, 2 eggs, 1/2 cup of milk or less, 4 cups of sifted soft-wheat (cake) flour, 4 teaspoons of baking powder, 1/2 teaspoon of salt, 2 teaspoons of flavoring. Mix according to directions for drop cookies. For the chocolate layer, add 2 squares of melted chocolate (unsweetened) to one-half of the dough.

Sand tarts, one of the crispest kind of cookies, are made by omitting the liquid from the above recipe, substituting brown sugar for white, and using a little less of it (1 1/2 cups of brown sugar). This dough also is shaped into a roll, chilled in the refrigerator and sliced water-thin with a sharp knife, sprinkled with cinnamon and sugar (2 teaspoons of cinnamon to 6 tablespoons of granulated sugar). With a nut (a blanched almond or pecan kernel) pressed into the top of each cookie, they are baked for about 10 minutes in a moderate oven.

FIRE CAUSES ALARM

Friday afternoon the farm of Otto Spreick, east of Louisville, was the scene of a great deal of excitement when a large straw stack was discovered on fire and threatened for a time to cause the destruction of the outbuildings on the farm. The barn was not far from the burning stack and it was feared that the flames would spread to the structure. The Louisville fire department was appealed to and responded in a very short time and assisted in the fight that very successfully held the fire in check and prevented it spreading. The family feels very appreciative of the fine work of the firemen and neighbors in keeping the fire from destroying their buildings and possibly their home.

Mr. and Mrs. Spreick are the parents of Mrs. Don Cramer of this city, who with Mr. Cramer visited the scene of the fire later in the afternoon.

The Board then adjourned to meet at the call of the County Clerk for the purpose of making the annual levies as provided by law.

SARPY COUNTY OFFICER HURT

Henry Mundt, 58, Sarpy county commissioner, was seriously injured when his car was struck by a freight train at a grade crossing one and one-half miles south of Papillion about 5 p. m. Thursday.

Mundt, who had been at the courthouse in Papillion during the day, was apparently driving south to his home two miles northeast of Springfield. The train was an east-bound Rock Island short freight, headed for Omaha.

Dave Ireland, of Fairbury, Neb., the engineer, said he was on the south side of the cab and did not see Mundt's car, which had approached from the north and nearly cleared the tracks when it was struck by the train. Ireland said the train's whistle and bell were both sounded as he approached the crossing.

Sheriff's officers were at a loss to explain the crash. Mundt used the road regularly, they said, and the crossing is on level ground and has good visibility. Mundt was taken to Lutheran hospital in Omaha where it was found he was suffering from a brain concussion, possible skull fracture, a broken back and cuts and bruises. His condition was regarded as very serious.
