Flames Destroy Old Landmark at Bellevue Monday

Concrete Building Erected by W. B. McDermut Wiped Out in Fire Monday Afternoon.

Monday afternoon flames wiped out one of the most familiar sights in the historic old town of Bellevue, eight miles north of this city. This was the concrete building that was built by William McDermut, retired printer, who has long made Bellevue his home.

Mr. McDermut had the vision of the pleasant river village developing into a much larger place and he secured the lots in 1908 on which he started to erect a two story building that occupied a half block, a part of the building being devoted to a small theatre, a store room and accommodation for a small hotel.

With the use of Bellevue college as a Veterans' vocational school in 1922-25, the building was largely occupied by families of veterans taking vocational work. The theatre operated for a short time only and since the death of his wife McDermut has lived alone in the building.

Monday afternoon the 83-year-old veteran printer stepped across the street to a store and when he emerged a few moments later he found that a grass fire that he had started, was eating its way into the building. He attempted to rescue his books, reputed of great value and other keepsakes, but was restrained by the friends as the building burned rapidly.

The loss is estimated at \$7,000 with \$3,000 in insurance.

How To Reduce Varicose Veins

Rub Gently Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches. If you will get a two-ounce original bottle of Moone's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you should quickly notice an improvement. Continue to apply Emerald Oil until the veins and bunches are reduced.

Moone's Emerald Oil is a harmless, yet most powerful penetrator and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old varicose sores and ulcers are often entirely healed. It has brought much comfort to worried people all over the country.
