Railroad Worker is Killed Near South Bend

Phillip Harney, 68, Struck on Highway by Hit-and-Run Driver Who Makes Escape.

Phillip Harney, 68, of Morris, Ill., was fatally injured when struck by a hit-and-run car one-half mile south of South Bend shortly after 6 p. m. Saturday.

Harney, who was employed by the Rock Island railroad as a workman on a steel gang which is constructing a bridge near the scene of the accident, was walking on the highway to South Bend after finishing work for the afternoon.

The car which struck him, according to Lloyd Carnicle of South Bend, who witnessed the accident, bore a Cass county license tag and was a Chevrolet.

Carnicle reported that the fatal car was driving only a short distance ahead of his car, and that the force of the impact slowed the machine causing Carnicle to bump into it.

The death car, according to Carnicle, then sped on.

Carnicle took Harney to the office of an Ashland physician, where he died.

His death was caused by internal injuries, it was reported.

Sheriff Homer Sylvester began search for the car in this locality and also at Omaha and Lincoln but no trace has been found of the car or owner.

George W. Rhoden Dies at Masonic Home

Resident of Cass County Since 1865. Member of Plattsmouth Lodge A. F. & A. M. Since 1878.

George W. Rhoden, 80, died Sunday at the Nebraska Masonic Home after an illness of several months duration, taking from the scene another of the pioneers of Cass county.

George W. Rhoden was a son of William A. Z. and Nancy Arnold Rhoden and was born January 5, 1857, in Schuyler county, Missouri, where he spent a number of boyhood years, the family moving in 1865 to Cass county, in the then Nebraska territory.

With the other members of his family, Mr. Rhoden followed farming as his life work and for many years resided near Murray on the farm but in later years has made his home in Plattsmouth.

Mr. Rhoden was married on August 6, 1882 to Mary Elizabeth Troop who preceded him in death several years ago.

On October 28, 1878, Mr. Rhoden was made a Mason in Plattsmouth lodge No. 6, A. F. & A. M. and has since been an active member while his health permitted and was admitted from this lodge to the Masonic Home where he has resided for the past year and a half.

LOUISVILLE TOLL BRIDGE

Gov. Cochran Tuesday received a delegation from Cass county, headed by Legislator Fred Carsten, the callers desiring to make the Louisville bridge over the Platte river, the only interior toll bridge in the state, a free bridge. The governor said he believed new legislation might be needed. He pointed out that there is now a law permitting two counties to purchase and pay out on a toll bridge. The Louisville bridge is owned by stockholders. It is still in debt \$69,000. It is paying slowly because of competition.

The governor said he still favors his proposed plan of having all interstate bridges converted into free bridges by the states applying highway funds for purchase and applying tolls to pay the cost, this to be done over a period of years, until the bridges can be given free of toll to the use of the public. He thought this same principle could be applied to intrastate bridges.
