## THE FIRST STRAWBERRIES

By Betty Barclay

The first strawberries always strike the palate with the joy of a new discovery. How delicious they taste! The housewife's pleasure in the new berries is often tempered by the budgetary effect of high priced new arrival. Wise women will reserve strawberries and cream for later on, and serve the early strawberries as one ingredient in desserts which make the strawberries go further. Here are two suggestions:

### Strawberry Loaf

2 cups halved strawberries  
1/2 cup sugar  
1 package strawberry flavored gelatin  
1 pint hot water  
6 marshmallows, finely cut  
1 cup cream whipped  
Combine strawberries and sugar and let stand 10 minutes. Dissolve gelatin in hot water. Chill until cold and syrupy. Place in bowl of cracked ice or ice water and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in remaining ingredients. Turn into mold. Chill until firm. Unmold. Serve in slices. Serves 12.

### Springtime Delight

4 tablespoons sugar  
1 package fresh strawberries  
1 package strawberry flavored gelatin  
1 pint hot water  
Add sugar to berries and let stand 10 minutes. Dissolve gelatin in hot water. Chill. When slightly thickened, fold in berries. Turn into mold. Chill until firm. Unmold. Garnish with whole berries. Serves 4 to 6.

## Ford Opposes a Tax on Undistributed Profits

Says His Company Target of "Ramshackle Legislation"—Will Oppose Tax on Profits.

Detroit.—Henry Ford, who steadfastly opposed the NRA to the day it was declared unconstitutional, said Friday he also would oppose the federal tax on undistributed profits.

He described it, in an interview, as "politicians who are parrots for the international financiers."

The Ford Motor company, he declared, is the "target."

"The real purpose is to tax the independents, large and small, out of existence," he said. "The financiers want to drive every independent business man to borrow money, to make American business pay continual tribute to the money lenders. They want to send the companies they can't control to Wall street. And it is only the companies they don't control who are objecting. The others are all in one pocket."

He spoke approvingly of a "changed attitude" he noted in congress toward that and similar matters.

"Congress did not concoct this ramshackle legislation, altho it passed the bill," he said. "Now it is trying to see how it can do better. For that reason, you hear more good things said about congress today than for six years past. Of course, the members have heard from home, but that only means that congress and the people are coming to the same conclusions."

also told of the problems of the girls of today and presented her picture of the ideal mother and daughter. The program closed with the singing of "God Be With You All."

The following menu was served by the daughters, fruit cocktail, chicken salad, potato chips, radishes, parker house rolls, butter, jelly, gold top angel food, and coffee.
