once for her bedside. Mrs. Hensen is well past her seventieth birthday and has not been in the best of health for some time.

Ice Harvest in Progress Folks in and around Wabash are taking advantage of the cold snap and laying in their supply of ice for the winter. Fred Towle has his all stored and John Cardwell has made provisions to lay in his supply. The ice is not as thick as it should be for best results, but is of fairly good quality and where well packed in sawdust should come out next summer in pretty fair shape.

Miss Wood Enjoying Vacation

Miss Myrtle Wood, who has carried the rural mail out of Wabash for more than a score of years, is taking her annual vacation. On last Thursday she went to Lincoln, going from there via Des Moines to Chicago. After a brief stay in that city, she boarded a train for Florida, expecting to spend most of her two weeks' vacation period in the sunny south.

During her absence, the mail is being carried by Guy Hinds, substitute carrier.

The speed with which Bayer tablets act in relieving the distressing symptoms of colds and accompanying sore throat is utterly amazing and the treatment is simple and pleasant. This is all you do. Crush and dissolve three genuine Bayer Aspirin tablets in one-third glass of water. Then gargle with this mixture twice, holding your head well back.

This medicinal gargle will act almost like a local anesthetic on the sore, irritated membrane of your throat. Pain eases promptly; rawness is relieved.

You will say it is remarkable. And the few cents it costs effects a big saving over expensive "throat gargles" and strong medicines. And when you buy, see that you get genuine BAYER ASPIRIN.
